Nevada Association of School Superintendents
P.O. Box 2276
Carson City, NV 89702

Dear Superintendents:

On Thursday, June 25, 2026, the Board of School Trustees of the Clark County School District was pleased to vote in support of the priorities outlined in iNVest 2027, the collaborative legislative platform developed by Nevada's seventeen school districts and their superintendents.

For nearly two decades, the iNVest framework has served as a unified vision for strengthening public education across Nevada and advancing the shared goal of improving student achievement. As the state's largest school district, serving approximately 280,000 students, the Clark County School District recognizes that Nevada's future depends upon ensuring every student graduates prepared for college, career, military service, and active citizenship.

The Board of School Trustees supports the following key priorities identified in iNVest 2027:

- Increasing and aligning education funding to ensure resources are distributed in a manner that reflects student needs and supports academic success.
- Refining Senate Bill 460 (2025) to strengthen implementation and ensure the law positively impacts school district operations and student outcomes.
- Strengthening early literacy initiatives while avoiding student retention requirements that may create unintended barriers to student success.
- Stabilizing, aligning, and expanding Pre-Kindergarten funding structures to improve access to high-quality early learning opportunities throughout Nevada.

These priorities reflect the realities facing Nevada's students, educators, and families. They recognize the need for highly effective teachers, safe and innovative learning environments, robust student supports, engaged families, and strong educational leadership.

The Clark County School District Board of School Trustees remains committed to working collaboratively with the Governor, legislators, educators, parents, business and community leaders, and educational partners throughout the state to ensure Nevada continues to make meaningful investments in public education.

We appreciate your consideration of these priorities and look forward to partnering with you to create policies that improve outcomes for all Nevada students.

Sincerely,

Emily Stevens, President
Board of School Trustees
Clark County School District
