

7-12 School Supply List

Please use your child's schedule to locate each teacher's supply list on this document.

If a teacher has not listed specific supplies for their class, no additional materials are required at this time. However, many students find it helpful to have a notebook available for note-taking or classwork if the need arises.

To help your child stay organized throughout the school year, you may also wish to consider purchasing a planner or another organizational tool that works well for them.

Make sure your child has enough pencils.

Wireless headphones are not allowed. If your child would like to bring headphones to connect to their laptop, they must be wired. Seventh and eighth grade students will be using ipads. You will need a USB-C headphone to connect to your ipad if you want to use headphones.

Physical Education Students - athletic shoes, shorts/shirt, deodorant

Health Students - Notebook/folder

Choir/Band supply lists are found on the last page.

Ms. Bachman
