# WELCOME TO THE ART ROOM

Volume 1, Issue 1

Quarter 1

# Elementary Art

## Kindergarten

Pumpkins grow from seeds. Kindergarten students drew a seed and made it grow into a pumpkin with their pencil. They learned a song about **primary and secondary colors** and used the secondary colors orange and green to paint their pumpkin with **tempera paint**.

**Collage** is a piece of art made from only paper and glue. Students learned about **texture** and made a collage of an owl. They tore and cutting paper to create texture and feathers.

## First Grade

Do you know cat's favorite **color?** First graders listened to the book *Cat's Colors* by Jane Cabrera. Cat's favorite color is the color of his mother. Students created a cat with their favorite color(s).

Jim was a Grumpy Monkey. Sometimes we feel grumpy too. Jim taught us that sometimes our friends can help us feel a little less grumpy. Students used **tempera paint** and **wax resist** to create their own grumpy monkey.

## Second Grade

**Foreground, Middle ground and background**; do you know which one is which? Students learned how artist use these **spaces** in their artworks. They learned to **trace** their drawings and add color with different **media**.

Hermit crab needed a new house, but it wasn't very pretty. So, he decorated it with his friends! Students created a **mixed media illustration** from the book *A House for Hermit Crab* by author and artist **Eric Carle**.

## Maple Elementary

### Content Covered:

- Tempera paint
- Collage
- Texture
- Primary Colors
- Secondary Colors
- Color
- Foreground
- Middle Ground
- Background
- Trace
- Media
- Wax resist
- Mixed media
- Space
- Illustration
- Eric Carle

### What's Next?

- Portrait
- Contrast
- Value
- Shape
- Line
- Pablo Picasso
- Pattern
- Oil resist
- Sculpture
