

Free Winter Driving Classes

Your Teen Has The Keys But Are They Ready For Winter?

2.6x

Did you know Idaho teens are 2.6 times more likely to be involved in a crash? Now add snow and ice!

Source: ITD Office of Highway Safety annual crash report

A driver's license is a big milestone. Winter brings another set of challenges. Whether your teen is preparing for driver's education or already driving independently, now is the time to talk about winter travel.

Taught by ISP Troopers and ITD Plow Operators, classes include:

- preparing your vehicle properly for winter
- controlling your vehicle on snow and ice
- what to do if you *are* involved in a crash or slide-off

These courses cover information in greater detail than what is taught as part of Idaho's Drivers Education curriculum.

Teens are welcome to attend alone or with parents.

Scan the QR code to see class schedules or visit itd.idaho.gov/travel/winter-driving/ to learn more about winter driving.
