

From the Superintendent's Desk

It is exciting to welcome our students, families, staff, and community back for another school year. We are looking forward to a great year as we work together to ***Empower All Students to Succeed.***

One of the biggest improvements this summer was the installation of **window air-conditioning units in every classroom and school room.** Comfortable students are more focused and productive, and we are excited about this addition to our school.

A **HUGE THANK YOU to Dakota Heritage Bank** for its generous donation toward the purchase and installation of our **new stage curtain.** It looks awesome!

Thank you also to all of the parents and community members who attended our **Back-to-School event.** We had a fantastic turnout, and attendance continues to grow each year. Your involvement and support mean a great deal to our students and staff.

A Few Important Reminders

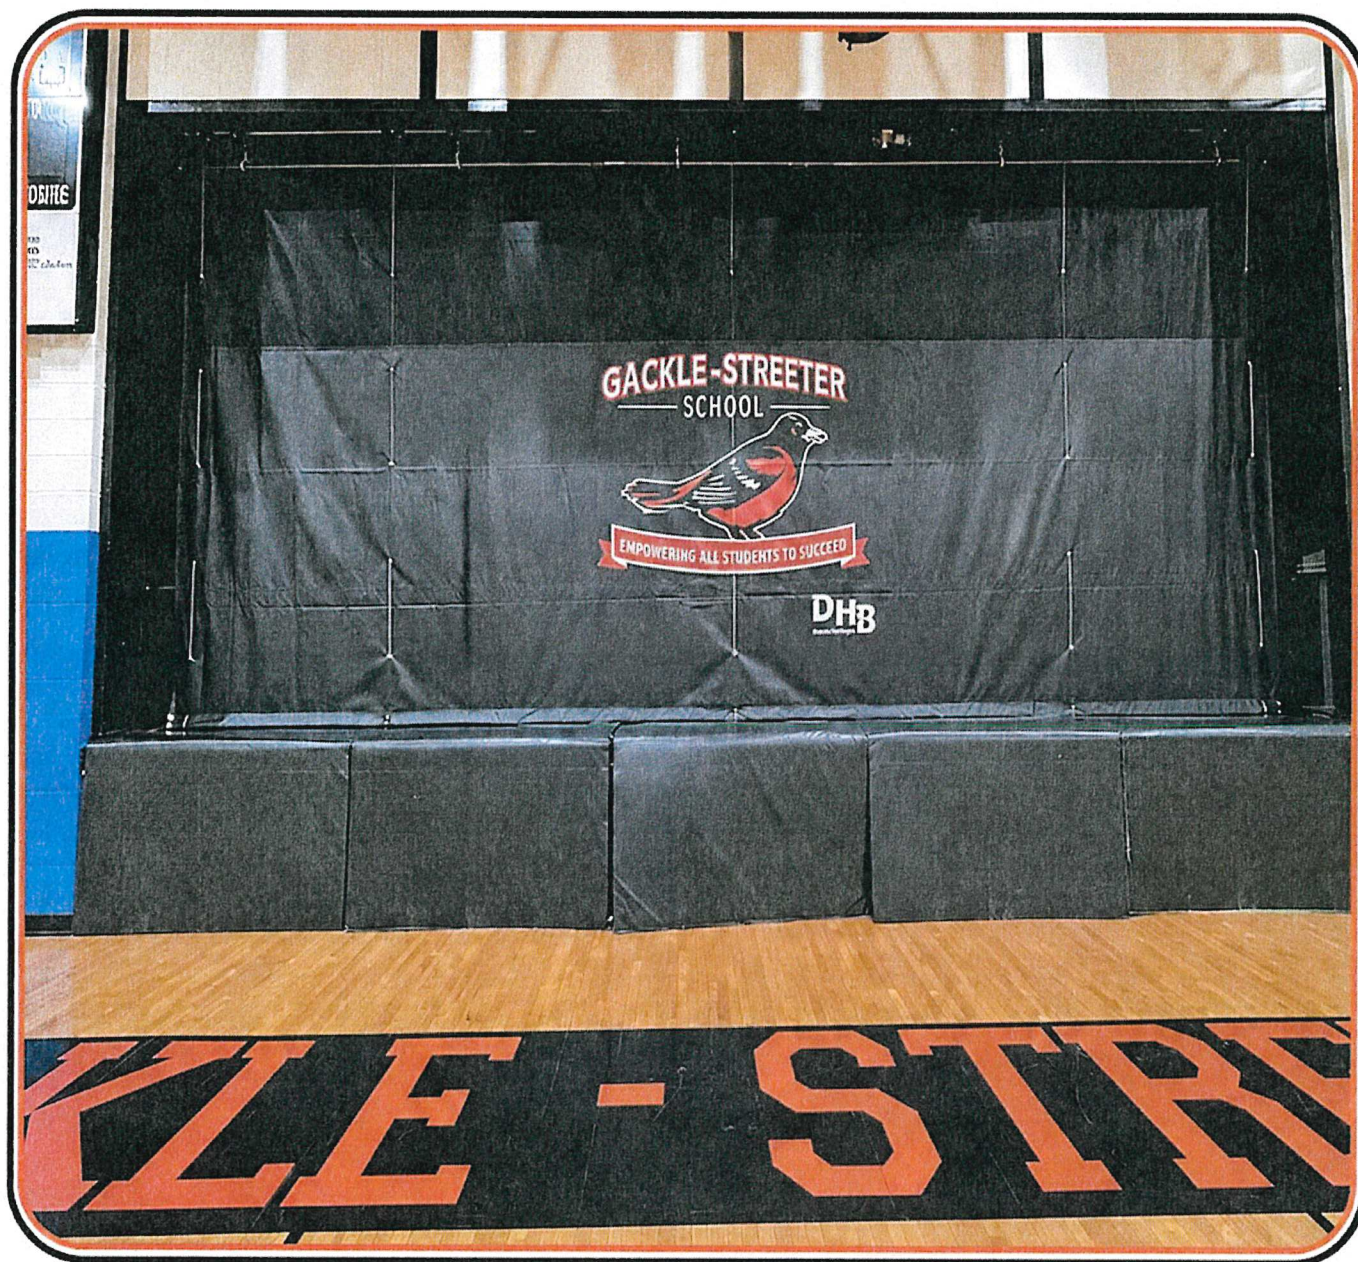

- **Student Eligibility:** Students should stay on top of their schoolwork to remain eligible for activities throughout the year.
- **Infinite Campus:** Infinite Campus (IC) has replaced PowerSchool for monitoring grades and assignments. This transition has presented some challenges as we learn the new system. **Sadie has invested hundreds of hours helping get IC up and running.** We appreciate everyone's patience and grace during this transition.
- **Attendance:** North Dakota law requires regular school attendance, and parents are responsible for ensuring their children attend school. Our updated attendance plan is available on **page 8 of the 2026–2027 Student/Parent Handbook.**
- **Cell Phones:** Our state-mandated **bell-to-bell cell phone/device policy** worked extremely well last year. Students embraced the change, with only a couple of violations throughout the entire year. Thank you to our students and parents for your cooperation!
- **Medications:** Any medication brought to school, including over-the-counter medication, requires a signed note from a physician or parent/guardian. Prescription medications must remain in their original, labeled container.

Homecoming is Friday, September 11! Buses will be available for the parade, and students will return home on their regular bus routes afterward. Everyone come out and support all of our fall athletics.

Stay connected through the school newsletter and website. The success of our school depends on the partnership between **students, parents, staff, and our entire community.** Thank you for your continued support of Gackle-Streeter Public School.

Wishing everyone a safe, successful, and exciting school year!

Supt. Mark Berg

Thank you to Dakota Heritage Bank
for donating the stage curtain.

A Note from the Elementary Principal

Dear GSPS families and community members,

What a wonderful start to another school year! It has been so nice to see our students back in the building, learning, laughing, and settling into their routines. There is always something special about the beginning of a new school year, and I am excited for everything this year will bring.

At GSPS, we are very fortunate to have a school filled with caring staff, wonderful students, supportive families, and a community that truly values our school. Everyone plays an important part in making GSPS a special place. I am thankful for the way our staff works together, how our students continue to grow and learn, and how our families and community continue to support everything we do.

Our teachers and staff have worked very hard to prepare for the new school year and to make sure our students feel welcome and supported. Our goal is to create a positive environment where students feel safe, enjoy coming to school, and are encouraged to always do their best. We want our students to know that we believe in them and that there are many people here who are ready to help them succeed.

One of the things I value most about a small school is the relationships we are able to build with one another. We know our students and families, we celebrate their successes, and we support each other when help is needed. The connection between our school and community is something very special, and I hope we continue to strengthen that connection throughout the year.

As we move into September, I look forward to seeing our students continue to learn, grow, and become more confident each day. I am excited for the activities, events, celebrations, and everyday moments that make a school year memorable.

Thank you to our staff, students, families, and community for everything you do for GSPS. I am looking forward to a great school year and all that we will accomplish together.

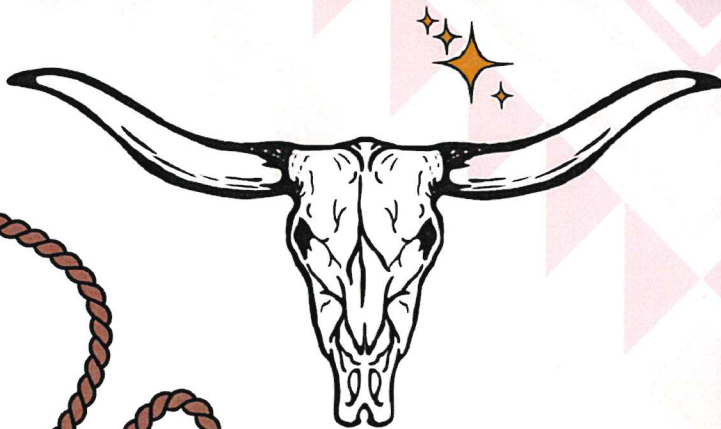

Ms. Lee

Elementary Principal & Business Education Teacher
