Yellowstone Trip: June TBA

The Youth Leadership Academy (YLA) is an immersive program designed to cultivate the next generation of leaders through hands-on experiences in entrepreneurship, community engagement, and personal development. Over the course of the program, students will participate in a variety of workshops focused on leadership skills, teamwork, time management, public speaking, and professionalism.

YLA empowers students to become community-minded leaders by engaging in volunteer opportunities, learning from guest speakers, and exploring the arts as a tool for social change. As the program progresses, students will apply these skills in real-world settings, developing entrepreneurial ventures and community projects.

The YLA experience will culminate in a unique opportunity: students will be eligible to apply for the Yellowstone Forever Leadership Trip 2027. This once-in-a-lifetime experience will take selected participants to Yellowstone National Park, where they will further develop their leadership skills while learning about environmental stewardship, conservation, and the power of nature in leadership development. The trip offers a deep dive into outdoor education and personal growth, creating leaders with a broader vision for their communities and the world.
