Definitions

"In loco parentis" means relating to the responsibility to undertake the care and control of another person in the absence of:

1. Supervision by the person's parent or legal guardian; and
2. Formal legal approval.

"Reside" means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

"Resident" means a student whose parents, legal guardians, persons having lawful control of the student or persons standing in loco parentis reside in the school district.

"Residential address" means the physical location where the student's parents, legal guardians, persons having lawful control of the student or persons standing in loco parentis reside. A student may use the residential address of a parent, legal guardian, person having lawful control of the student or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty one (21) years whose parents, legal guardians, persons having lawful control of the student, or person standing in loco parentis reside within the District and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District's schools separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis, the student is required to reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools. A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.

Children whose parent or legal guardian relocates within the state due to a mobilization, deployment, or available military housing while on active duty in or serving in the reserve component of a branch of the

United States Armed Forces or National Guard may continue attending school in the school district the children were attending prior to the relocation or attend school in the school district where the children have relocated. A child may complete all remaining school years at the enrolled school district regardless of mobilization, deployment, or military status of the parent or guardian.

C. Be accepted as a transfer student under the provisions of policy 4.4; or
D. Participate under a school choice option and submit the required paperwork as required by the choice option under Policy 4.5.

A student may enter kindergarten if the student:

- Meets one of the requirements for school attendance of A through D above; and
- Falls under one of the following:
  - Will attain the age of five (5) on or before August 1 of the year in which the student is seeking initial enrollment; or

    c. An attested baptismal certificate;
    d. A passport;
    e. An affidavit of the date and place of birth by the child's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis;
    f. United States military identification; or
    g. Previous school records.
3. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall indicate on school registration forms whether the child has been expelled from school in any other school district or is a party to an expulsion proceeding. Any person who has been expelled from any other school district shall

receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.

4. In accordance with Policy 4.57—IMMUNIZATIONS, the child shall be age appropriately immunized or have an exemption issued by the Arkansas Department of Health.

This does not prohibit the District from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses/and/or programs;
5. Be provided services comparable to those the student with disabilities received in the student's previous school based on the student's previous Individualized Education Program (IEP). This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
6.   e. Other relevant information regarding the District.

In the event that official copies of an eligible child's education records are not available at the time the eligible child is transferring, then the District shall:

- Pre-register and place an eligible child based on the eligible child's unofficial education records pending receipt of the eligible child's official records; and
- Request the eligible child's official education records from the sending district.

The District shall not deny the enrollment of a Uniformed Service Member dependent unless the District has reached the maximum student-to-teacher ratio allowed under federal law; state law; the Standards for Accreditation for Public Schools and School Districts; state rules; or other applicable federal regulations, and the District timely notifies the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis of the lack of capacity.

The District shall notify a prospective student's family in writing regarding whether the student's enrollment has been accepted or rejected within fifteen (15) calendar days of receiving the student's enrollment application and supporting documentation.

To facilitate a smooth transition between the student's previous coursework and the curriculum best suited to ensure educational success in the student's new school, the District may enroll an inbound transitioning eligible student in digital coursework, if available, at the request of the military family.

The District shall admit for enrollment and attendance an international exchange student who has been placed with a host family who resides within the District boundaries. The international exchange student shall attend the school in the District based on the attendance zone where the host family resides.

Upon an international exchange student's arrival, the international exchange student may be required to submit to quarantine to prevent the spread of infectious diseases as may be necessary, which shall not exceed seven (7) days unless otherwise recommended by the Arkansas Department of Health or the Centers for Disease Control and Prevention.

International exchange students are expected to follow the District handbook and student code of conduct as the District has the authority to expel a student for violations of the school district's written student discipline policies or if the international exchange student presents a danger to the District's students or employees.

Statewide assessment results achieved by an international exchange student enrolled in the District shall be included in the District's results on the statewide assessments.

4.4—STUDENT TRANSFERS

The superintendent is authorized to accept transfer applications on behalf of the Board. At least five (5) days before a school board meeting, the superintendent shall notify the Board regarding:

- All transfer applications the superintendent has accepted since the last meeting; and
- All transfer applications the District has received since the last meeting that the superintendent intends to recommend be denied.

Each transfer application the superintendent intends to recommend for denial shall be considered individually and receive a separate vote by the Board. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis to a student who submits a transfer application shall be given at least five (5) minutes to present the student's case for a transfer to the Board.

The Board may reject a nonresident's application for admission if its acceptance would necessitate the addition of staff or classrooms; exceed the capacity of a program, class, grade level, or school building; or cause the District to provide educational services not currently provided in the affected school. The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

If the superintendent intends to recommend the Board deny the transfer application, the superintendent shall provide a written explanation of the reasons for the recommendation to the Board and the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis to the student.

The parent, legal guardian, person having lawful control of a student, or person standing in loco parentis to the student who submitted a transfer application that was rejected may appeal the decision of the Board to the State Board of Education.

Any student transferring to a District school shall be evaluated by District staff, including a review of a student's transcript, grades, course credits, and test scores, to determine the student's appropriate grade placement. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities. A student transferring from home school will be placed in accordance with Policy 4.6—HOME SCHOOLING.

Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.

Except as otherwise required or permitted by law, the responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the

student's parents. The District and the resident district may enter into a written agreement with the student or student's parents to provide transportation to or from the District, or both.

4.5—SCHOOL CHOICE

Definitions

"Lack of capacity" means, based on the maximum student to teacher ratio allowed under federal law; state law; the Rules Governing the Standards for Accreditation for Arkansas Public Schools and School Districts; state rules; or other applicable federal regulations, that ninety-five percent (95%) or more of the seats at the grade level in which the student would be assigned at the nonresident school are filled on the date the school choice application is made.

"Sibling" means each of two (2) or more children having a parent in common by blood, adoption, marriage, or foster care.

Standard School Choice

Transfers into or Within the District

Capacity Determination and Public Pronouncement

The Board of Directors will annually adopt a resolution containing the capacity standards for the District. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District may only deny a Standard School Choice application if the District or school has a lack of capacity.

The District shall advertise in appropriate broadcast media and either print media or on the internet to inform students and parents in the District and adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall

state the application deadline; the requirements and procedures for participation in the program; and include contact information for the primary point of contact at the District for school choice questions. Such pronouncements shall be made no later than January 1.

Application Process

The student's parent shall submit a school choice application on a form approved by DESE to:

- This District and the student's resident district for students transferring into the District; or
- Only this District for students transferring to another school within the District.

Except for students who are transferring under Uniformed Service Member Dependent School Choice, the transfer application must be postmarked, emailed, or hand delivered between January 1 and June 1. The District shall date and time stamp all applications the District receives as both the resident and nonresident district as they are received in the District's central office. Except for applications from students who are transferring under Uniformed Service Member Dependent School Choice, applications postmarked, emailed, or hand delivered on or after June 2 will not be accepted. Statutorily, preference is required to be given to siblings of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

Except for students who are transferring under Uniformed Service Member Dependent School Choice, no earlier than January 1 of each year, the Superintendent will consider all properly submitted applications for School Choice. By no later than the fifteenth (15^{th}) calendar day following the receipt of an application, the Superintendent shall notify the following, in writing, of the decision to accept or reject the application:

- For transfers within the District, the student's parent; or
- For transfers into the District, the student's parent and the student's resident district.

Accepted Applications

Applications which fit within the District's stated capacity standards shall be provisionally accepted in writing. A student's acceptance shall be effective on the earlier of:

1. The day the District provides notification to the student of the student's acceptance; or
2. The day the State Board grants an appeal of the student's application.

The written notice of acceptance shall inform the student that the student has ten (10) school days from when the notice is received to either:

A. Enroll in the district or in the other District school; or
B. Inform the district that the student intends to enroll in the district or the other District school at the start of the next school year.

The acceptance shall be null and void if the student fails to enroll within the ten (10) school day period or fails to inform the district within the ten (10) school day period of the student's intent to transfer at the start of the next school year.

A student, whose application has been accepted and who has enrolled in the District or in another District school, is eligible to continue enrollment until completing the student's secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements. Any student who has been accepted under choice and who fails to initially enroll under the timelines and provisions provided in this policy; chooses to return to the student's resident district or assigned school; or enrolls in a home school or private school voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District. A sibling who enrolls in the District through Standard School Choice is eligible to remain in the District until completion of the student's secondary education.

Students whose applications have been accepted and who have enrolled in the district or another District school shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, ~~or~~ disability, or residential address.

Rejected Applications

The District may reject an application for a transfer into or within the District under Standard School Choice due to a lack of capacity. The District shall use the date and time stamp the District placed on a student's application to determine when the District has reached capacity. A student's application shall be used to determine capacity regardless of whether the student intends to transfer immediately or at the start of the next school year.

The decision to accept or reject an application shall not be based on the student's previous academic achievement; athletic or other extracurricular ability; English proficiency level; or previous disciplinary proceedings other than a current expulsion.

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. A provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the District or another district school if:

- A provisionally approved applicant subsequently does not enroll in the District;
- A provisionally approved applicant subsequently does not enroll in the District school the District student was seeking to transfer to; or
- A District student submits a school choice application to transfer to another district or another school within the District.

The superintendent shall notify the previously provisionally rejected student within fifteen (15) days of the change in status and shall provide notice of all final rejections by July 1.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. Unless the student's application was rejected due to the application not being timely received by the student's resident district only for transfers within the District or both the resident and nonresident districts for transfers into the District or another district, a student whose application was rejected may request a hearing before the State Board of Education to reconsider the application. The request for a hearing must be submitted in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

Transfers Out of the District

All Standard School Choice applications for transfers out of the District shall be granted.

Annual Reporting

The District shall report annually to the Secretary of the Department of Education:

- The number of transfer applications received;
- The number of applications accepted;
- The number of applications rejected; and
- The reason(s) for each rejection.

Facilities Distress School Choice Applications

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following four (4) differences:

- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in facilities distress;
- The student is not required to meet the June 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

Opportunity School Choice

Transfers Into the District

Unless there is a lack of capacity at the District's school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student may transfer from the student's assigned school to another school in the District or from the student's resident district into the District if:

- Either:
  - The student's resident district has been classified by the state board as in need of Level 5 — intensive support; or
  - The student's assigned school has a rating of "F"; and
- Except for students who are transferring under Uniformed Service Member Dependents School Choice, the student's parent, guardian, or the student if the student is over

eighteen (18) years of age has submitted an application of the student's request to transfer by no earlier than January 1 and no later than June 1 of the school year before the school year the student intends to transfer to the District for students transferring within the District or both the sending and receiving school districts for students that are transferring into the District.

Except for students who are transferring under Uniformed Service Members Dependent School Choice or seeking to transfer within the District, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, and the student's resident district whether the Opportunity School Choice application has been accepted or rejected by no later than July 1 of the school year the student is seeking to enroll. If the student is seeking a transfer within the District, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected within fifteen (15) days from receipt of the student's application. The notification shall be sent via First-Class Mail to the address on the application.

If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection. Unless the student's application was rejected due to the application not being timely received by the District for students transferring within the District or both the resident and nonresident districts for students that are transferring into the District, a parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District's decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via hand delivery or certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

Except for students who are transferring under Uniformed Service Member Dependent School Choice, a student's transfer under Opportunity School choice is effective at the beginning of the next school year and the student's enrollment is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity School Choice does not negate the student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard School Choice provisions of this policy.

The District may, but is not obligated to, provide transportation to and from the transferring district.

Transfers out of the District

If a District school receives a rating of "F" or the District has been classified by the State Board as in need of Level 5 Intensive Support, the District shall timely notify parents, guardians, or students, if over eighteen (18) years of age, as soon as practicable after the school or district

designation is made of all options available under Opportunity School Choice. The District shall offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to submit an application to enroll the student in:

1. A school district that has not been classified by the State Board as in need of Level 5 Intensive Support; or
2. If there is more than one school within the District covering the grade level of the student seeking to transfer that does not have a rating of "F", a public school within the District that is nearest to the student's legal residence that does not have a rating of "F"; or
3. If there is not more than one school within the District covering the grade level of the student seeking to transfer that does not have a rating of "F", a public school that does not have a rating of "F" within a School district that has not been classified by the State Board as in need of Level 5 Intensive Support.

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

Uniformed Service Member Dependent School Choice

"Uniformed service member" means an active or reserve component member of the:

- United States Army, United States Navy, United States Air Force, United States Marine Corps, United States Space Force, or United States Coast Guard;

- Uniformed service veteran who is returning to civilian status at the conclusion of the uniformed service veteran's active duty status.

A student's parent, legal guardian, person having lawful control of a student, or person standing in loco parentis to the student shall submit a school choice application by mail, e-mail, or in person to the student's resident district only for transfers within the District or to both the student's nonresident district and resident district. The application shall be accompanied by:

a. A copy of the identification card of the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis that qualifies the student under Uniformed Service Member Dependent School Choice; and

b. A copy of the official orders, assignment notification, or notice of mobilization of the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis.

The application deadline required under Standard School Choice and Opportunity School Choice shall not apply to uniformed service member dependents.

The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis of the student shall be notified in writing whether the student's application has been accepted or rejected within fifteen (15) days of the receipt of the application by:

a. The District superintendent for students transferring within the District; or
b. The superintendent of the nonresident district for student's transferring to a nonresident district.

A student's transfer under the Uniformed Services Member Dependent School Choice is effective immediately upon the written notification of an acceptance.

A student shall be permitted only one (1) school transfer per academic year.

The parent, legal guardian, person having lawful control of a student, or person standing in loco parentis to a student shall be responsible for transportation of the student.

Unsafe School Choice Program

Any student that becomes the victim of a violent criminal offense while in or on the grounds of a District school or who is attending a school classified by DESE as a persistently dangerous public school shall be allowed to attend a safe public school within the District.

4.5F—SCHOOL CHOICE CAPACITY RESOLUTION

Whereas:

- The Board of Directors of the Magazine School District has approved by a vote of the Board, the following capacity resolution for school choice applicants for the 2024-2025 school-year under the provisions of policy 4.5—SCHOOL CHOICE and applicable Arkansas law.

- Applicants, whose applications meet the provisions of policy 4.5—SCHOOL CHOICE, will be sent a provisional acceptance notification letter which will give instructions on the necessary steps and timelines to enroll in the District. Provisional acceptance shall be determined, and notice provided, within fifteen (15) calendar days and shall be based on the district's available capacity for each academic program, class, grade level, and individual school. While provisional rejections shall be provided within fifteen (15) days of the receipt of the school choice application, the District shall finalize all rejections by July 1 to account for any changes in capacity between the day the application is received and the end of the school year.

- Applications will not be accepted if the applications:
  - Are received, electronically timestamped, or postmarked before January 1, unless the application is from a student who is transferring under Uniformed Service Member Dependent School Choice;
  - Are received, electronically timestamped, or postmarked after May 1, unless the application is postmarked before May 1 or is from a student who is transferring under Uniformed Service Member Dependent School Choice;
  - Are to a student's resident district that has been determined by the Division of Elementary and Secondary Education to be exempt due to an existing desegregation order; or
  - The student is transferring under Uniformed Service Member Dependent School Choice and the application is not accompanied by relevant documentation.

- The district reserves to itself the ability to determine, based on an examination of student records obtained from the prior district, and other information, whether any student would require a different class, course or courses, program of instruction, or special services than originally applied for. If such an examination determines that capacity has been reached in the appropriate class, course or program of instruction, or that additional teaching staff would have to be hired for the applicant, the District shall rescind the original provisional acceptance letter and deny the Choice transfer for that student.

- The district reserves to itself the ability to decline to accept under school choice any student whose acceptance would require the district to add additional staff to exceed the maximum student to teacher ratio in any of the District’s current grade, program, or building capacity.

THEREFORE, let it be resolved that these shall constitute the School Choice openings at the beginning of the School Choice enrollment period for the school-year 2024-2025:

I am sorry, but the application you submitted for student's name has been rejected for the following reason(s):

4.5F4—SCHOOL CHOICE PROVISIONAL REJECTION LETTER

Dear *Parent's Name*,

I am sorry, but the application you submitted for *Student's Name* has been provisionally rejected due to the District having a lack of capacity in your student's grade, program, or building by reaching the maximum teacher-to-student ratio in your student's grade, program, or building that is allowed under the Standards for Accreditation; State law and rules; or Federal law and regulations.

While the District may currently have a lack of capacity in your student's grade, program, or building, the District's capacity can change over the course of the semester. Any time a student leaves the District between January 1 and July 1, the District shall review the school choice applications the District has provisionally rejected for any applications in the relevant grade, program, or building. If there is an opening in your student's grade, program, or building that your student becomes eligible for based on the date and time stamp on your student's application, the District shall send you a written notice that your student's application has been changed from provisional rejection to acceptance.

- The semester has ended.

The superintendent or the board of directors may waive the required five (5) school day waiting period for a student's enrollment in home school during a semester if the superintendent or the board of directors is satisfied with the return of temporarily issued items, resources, supplies, materials, or other District property.

Enrollment or Re-Enrollment in Public School

A home-schooled student who wishes to enroll or re-enroll in a District school shall submit:

A home-schooled student who enrolls or re-enrolls in the District will be placed at a grade level and academic course level equivalent to or higher than the home-schooled student's grade level and academic course level in the home school:

1. As indicated by the documentation submitted by the home-schooled student;
2. By mutual agreement between the public school and the home-schooled student's parent or legal guardian; or
3. If the home-schooled student fails to provide the documentation required by this policy, with the exception of the nationally recognized norm-referenced assessment score, the District may have sole authority to determine the home-schooled student's grade placement and course credits. The District will determine the home-schooled student's grade placement and course credits in the same manner the District uses when determining grade placement and course credits for students enrolling or re-enrolling in the District who attended another public or private school.

The District shall afford a home-schooled student who enrolls or re-enrolls in a public school the same rights and privileges enjoyed by the District's other students. The District shall not deny a home-schooled student who enrolls or re-enrolls in the District any of the following on the basis of the student having attended a home school:

4.7—ABSENCES

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school, whether in person or digitally, is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich

the learning environment and promote a continuity of instruction which results in higher student achievement.

Absences for students enrolled in synchronous digital courses shall be determined in the same manner as for District students attending courses in person.

Excused Absences

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons:

1. The student's illness or when attendance could jeopardize the health of other students. A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.
2. Death or serious illness in their immediate family;
3. Observance of recognized holidays observed by the student's faith;
4. Attendance at an appointment with a government agency;
5. Attendance at a medical appointment;
6. Exceptional circumstances with prior approval of the principal;
7. Participation in an FFA, FHA, or 4-H sanctioned activity;
8. Participation in the election poll workers program for high school students;
9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee;
10. Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12);
11. Absences for students excluded from school by the Arkansas Department of Health during a disease outbreak because the student has an immunization waiver or whose immunizations are not up to date;
12. Absences due to conditions related to pregnancy or parenting, including without limitation:

- Labor, delivery, and recovery;
- Prenatal and postnatal medical appointments and other medically necessary, pregnancy-related absences;
- The illness or medical appointment of a child belonging to a parent who is enrolled at a District school;
- A legal appointment related to pregnancy or parenting, including without limitation:
  - Adoption;
  - Custody; and
  - Visitation;
- A reasonable amount of time to accommodate a lactating student's need to express breast milk or to breastfeed the student's child on the District's campus; and
- At least ten (10) school days of absences for both a parenting mother and a parenting father after the birth of a child.

13. Absences for a student who is the child of a fallen service member or fallen first responder:

- Due to a mental health concern; or
- To attend an event from a sponsoring organization that provides support to families of fallen service members or first responders or provides support for traumatic loss, grief, or resiliency.

14. Upon the written consent of a student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis to the student, the District shall grant an excused absence for the following purposes:

- Social or public policy advocacy; or
- Attempts to influence legislation or other governmental policy-making at the local, state, or federal level.

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

Up to one (1) time during each scheduled election, a student shall not be considered absent from school for the time the student accompanies the student's parent when the parent is exercising the parent's right to vote in a scheduled election.

In order for the absence to be considered excused, the student must:

a. Bring a written statement to the principal or designee upon the student's return to school from the student's parent, legal guardian, or treating physician stating the reason for the student's absence;
b. If the student is attending the District's courses digitally, upload a written statement from the student's parent, legal guardian, or treating physician stating the reason for the student's absence through the District's digital course management platform for review by the principal or designee; ~~or~~
c. Provide documentation as proof of a student's participation in an activity or program scheduled and approved by the 4-H program that is provided by a 4-H county extension agent, 4-H educator, or other appropriate entity associated with the 4-H activity or program; or
d. The student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis to the student provides written documentation that the student's absence is to attend an event from a sponsoring organization that:
    - Provides support to families of fallen service members or first responders or provides support for traumatic loss, grief, or resiliency; and
        - May be verified as an organization that provides support to the military and first responder community by reviewing the Resources Page for Military Family Engagement on the Department of Education website.

A written statement presented or uploaded for an absence having occurred more than five (5) school days prior to its presentation or upload will not be accepted.

A student shall not be eligible to receive an excused absence for #13 above if:

- The student is not in good academic standing;
- The student does not have a prior record of good attendance; or
- The absence occurs during a date on which standardized testing is administered.

The District shall annually provide a report by June 30 to the Division of Elementary and Secondary Education that contains the following:

- The number of absences requested under number 14;
- The number of absences granted under number 14; and
- The stated purposes of the absence.

Unexcused Absences

Absences that are not defined above; do not have an accompanying note from the parent, legal guardian, person having lawful control of the student, person standing in loco parentis, the student's treating physician, or a 4-H county extension agent, 4-H educator, or other appropriate entity associated with the 4-H activity or program; or have an accompanying note that is not presented or uploaded within the timeline required by this policy shall be considered as unexcused absences. Students with (*insert number*) unexcused absences in a course in a semester may not receive credit for that course. At the discretion of the principal, after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has (*insert number equal to 1/2 above number*) unexcused absences, his/her parents, legal guardians, persons with lawful control of the student, or persons standing in loco parentis shall be notified. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day.

Whenever a student exceeds (*same number as in the first paragraph of this section*) unexcused absences in a semester, the District shall notify the prosecuting authority and the parent, legal guardian, person having lawful control of the student, or persons standing in loco parentis shall be subject to a civil penalty as prescribed by law.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, legal guardian, person with lawful control of the student, or person standing in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student; the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis; and the school or district administrator or designee.

Students who attend in-school suspension shall not be counted absent for those days.

Days missed due to out-of-school suspension or expulsion shall be unexcused absences.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless the former student meets certain requirements specified in the statute.

4.7A ABSENCES

Students in programs off-campus who only attend half a day of school on our campus will follow the policies set forth but they will apply to the periods on campus at Magazine Schools. (For example: a student is allowed six (6) unexcused absences before they lose credit per class; a parent note, therefore, excuses eight (8) class periods for a day missed for a typical student. For a WATC student it will cover the four periods they are on our campus.)

4.8—MAKE-UP WORK

Students who miss school due to an excused absence shall be allowed to make up the work they missed during their absence under the following rules:

1. Students are responsible for asking the teachers of the classes they missed what assignments they need to make up.
2. Teachers are responsible for providing the missed assignments when asked by a returning student.
3. Students are required to ask for their assignments on their first day back at school or their first class day after their return.
4. Make-up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.
5. Students shall have one class day to make up their work for each class day they are absent.
6. Make-up work which is not turned in within the make-up schedule for that assignment shall receive a zero.
7. Students are responsible for turning in their make-up work without the teacher having to ask for it.
8. Students who are absent on the day their make-up work is due must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return.
9. As required/permitted by the student's Individual Education Program or 504 Plan.

Work may not be made up for credit for unexcused absences **unless** the unexcused absences are part of a signed agreement as permitted by policy 4.7—ABSENCES.

Work for students serving an out-of-school suspension or expulsion shall be in accordance with the District's programs, measures, or alternative means and methods to continue student engagement and access to education during the student's period of suspension or expulsion, including offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

In lieu of the timeline above, assignments for students who are excluded from school by the Arkansas Department of Health during a disease outbreak are to be made up as set forth in Policy 4.57—IMMUNIZATIONS.

4.8A - HOMEWORK

Homework is considered to be part of the educational program at Magazine Schools. Assignments shall be an extension of the teaching/learning experience that promotes the student's educational development. As an extension of the classroom, homework must be planned and organized and should be viewed by the students as purposeful. Teachers will use their own judgment as to the amount and type of homework a student shall receive in order to succeed in meeting course expectations. Teachers will also be aware of the potential problems students may have competing assignments from multiple teachers and will vary the amount of homework given. Nonetheless, students will be required of to complete all assignments.

4.9—TARDIES

Promptness is an important character trait that District staff are encouraged to model and help develop in our schools' students. At the same time, promptness is the responsibility of each student. Students who are late to class show a disregard for both the teacher and their classmates which compromises potential student achievement.
Date Adopted: 7-10-2014
Last Revised: 7-10-2014

4.9A – TARDIES ADDITIONAL*

An excessive number of tardies could result in retention or being turned over to the appropriate authorities.

The following list is for 7-12 grade students only.

1. A student will be considered tardy if they are not in their seats when the tardy bell begins to ring.
2. A student will be considered absent if they are more than 15 minutes late during the period.
3. A student will be considered absent if they leave class 15 minutes before the end of the period.
4. If a student is 15 minutes late for class an absence will be given instead of a tardy.
5. Students must attend entire day in order to attend or participate in extracurricular activities.

4.10—CLOSED CAMPUS

All schools in the District shall operate closed campuses. Students are required to stay on campus from their arrival until dismissal at the end of the regular school day unless given permission to leave the campus by a school official. Students must sign out in the office upon their departure.

4.10A - CLOSED CAMPUS ADDITIONAL

In order to protect the welfare of our students, the Magazine Board of Education requires that the campuses of both elementary school and the high school be closed to all students upon arrival to either school. Once students arrive on campus, they must remain on the premises until school is dismissed in the afternoon, or until the student is officially dismissed by the Principal, Superintendent, or a designee, or until picked up by parents. Persons desiring to check students out of school will be required to sign a sign-out sheet in the principal's office. Telephone calls will be accepted. Students are not allowed to sit in vehicles during the school day. Students must sign out in the office upon departure.

4.11—EQUAL EDUCATIONAL OPPORTUNITY

No student in the Magazine School District shall be excluded from participation in, or denied the benefits of, or subjected to discrimination under any educational program or activity sponsored by the District on the basis of color, religion, national origin, sex, age, or disability. The District has a limited open forum granting equal access to the Boy Scouts of America and other youth groups.

Inquiries on non-discrimination may be directed to the Superintendent of Schools, who may be reached at 866-900-2001.

Any person may report sex discrimination, including sexual harassment, to the Title IX Coordinator in person or by using the mailing address, telephone number, or email address provided above. A report may be made at any time, including during non-business hours, and may be on the individual's own behalf or on behalf of another individual who is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment.

For further information on notice of non-discrimination or to file a complaint, visit https://www2.ed.gov/about/offices/list/ocr/complaintintro.html; for the address and phone number of the office that serves your area, or call 1-800-421-3481.

4.12—STUDENT ORGANIZATIONS/EQUAL ACCESS

Non-curriculum-related secondary school student organizations wishing to conduct meetings on school premises during non-instructional time shall not be denied equal access on the basis of the religious, political, philosophical, or other content of the speech at such meetings. Such meetings must meet the following criteria.

1. The meeting is to be voluntary and student initiated;
2. There is no sponsorship of the meeting by the school, the government, or its agents or employees;
3. The meeting must occur during non-instructional time;
4. Employees or agents of the school are present at religious meetings only in a non-participatory capacity;
5. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
6. Non-school persons may not direct, conduct, control, or regularly attend activities of student groups.

All meetings held on school premises must be scheduled and approved by the principal. The school, its agents, and employees retain the authority to maintain order and discipline, to protect the well-being of students and faculty, and to assure that attendance of students at meetings is voluntary.

Fraternities, sororities, and secret societies are forbidden in the District's schools. Membership to student organizations shall not be by a vote of the organization's members, nor be restricted by the student's race, religion, sex, national origin, or other arbitrary criteria. Hazing, as defined by law, is forbidden in connection with initiation into, or affiliation with, any student organization, extracurricular activity or sport program. Students who are convicted of participation in hazing or the failure to report hazing shall be expelled.

4.12A - CHEERLEADERS*

Cheerleaders will be chosen in the spring. Both junior and senior high cheerleaders will be chosen by judges from outside the school system who will be invited to judge by the cheerleading sponsors. Each student must agree to abide by the cheer constitution and bylaws of this organization before trying out.

4.12A2 - CLASSIFICATION OF STUDENTS*

Students are classified according to the grade level obtained at the time of their enrollment and then the grade level will be updated each year. See policy 4.12A14 for further clarification.

4.12A3 - CLUBS AND ORGANIZATIONS*

A student may only be the president of one major organization at a time. (Student Council, Beta Club, FFA, FBLA)

4.12A4 - DANCES*

Dances are limited to three per school year. These are to include the Junior - Senior Prom, a choice of either the Homecoming Dance or Sweetheart Dance (to be held around Valentine's Day), and a third to be determined by the high school principal. Choice of dances will be made by vote of the senior class. The Athletic Department may elect to have a Homecoming Dance after Homecoming if the senior class elects not to sponsor a Homecoming Dance or a Sweetheart Dance. The Homecoming Dance will be open to faculty and staff of the school and their spouses or dates and to students in grades 7 - 12 and their dates under the age of 21. Exceptions to the age limit may be granted by the high school principal in certain extraordinary circumstances. All dates who are not currently attending Magazine High School must be signed up in the principal's office before the dance and the principal must approve their attendance.

4.12A5 - FUNDRAISERS*

All fundraisers will be subject to the approval of the principal. Certain fundraisers will be reserved for certain classes or organizations. Permission to hold most fundraisers, however, will be granted to the class or organization who first requests it. Recognizing that the junior and senior classes have the greatest need for fundraisers, and in order to avoid conflict, junior and senior class officers and sponsors will meet at the beginning of the year and make a list of desirable fundraisers. A calendar for fundraisers will be developed at this time to prevent conflict. This calendar will be located in the principal’s office. The classes, senior class first, will then alternately choose fundraisers. The same type procedure will be followed in selecting dates for these fundraisers. During auctions certain restrictions apply. The student or staff member purchased will have discretion.

4.12A6 - HOMECOMING*

The school will sponsor two Homecoming ceremonies each year, one during football season and one during basketball season. The criteria for choosing the Homecoming court will be the same for each Homecoming, except that the senior high football team will choose the queen candidates for the football Homecoming, and the senior boys’ basketball team will choose the queen candidates for the basketball Homecoming. Also, no girl who was on the football Homecoming court will be on the basketball Homecoming court in the same school year.

For each Homecoming, the boys on the team will choose three Homecoming queen candidates from among girls in the junior and senior classes who have a cumulative 2.0 GPA. The team members will be reminded by their coaches and the principal to consider overall participation in school activities, attendance, and attitude in their selection of queen candidates.
The team members will be given a secret ballot with the names of all eligible girls, and they will be instructed not to discuss the voting. They will not leave the room until the final voting is done. The votes will be counted by at least two staff members appointed by the principal, and runoff elections will be held until there are three girls with a majority of the votes.
The entire school will vote on Homecoming queen. A junior girl who is selected as a queen candidate may be eligible again the next year unless she is elected queen, in which case she would not be eligible to be a queen candidate for either Homecoming the following year.
For each Homecoming, each class in the 7th through 12th grades will select a female Homecoming maid. Each girl will be eligible to be a Homecoming maid only three total times during her high school years, but this will not affect her eligibility for queen candidate.
Escorting the Homecoming queen, princesses, and maids will be considered one of the responsibilities of boys who choose to play senior high football or basketball. Each girl will have at least one escort, and some may have two, beginning with the queen, then the princesses, and then the maids from 12th down to 7th.
The escorting assignments will be made in the following manner: The principal, head coach, and senior high cheerleading sponsor will put the names of the 12th grade boys in a hat and draw them out. The first one or two will escort the queen, the next one or two will escort the princess whose last name comes first alphabetically, the next one or two will escort the other princess, then the maids from 12th down to 7th. Once all of the 12th grade boys have been assigned, the process will continue with the 11th grade boys, then the 10th grade boys, and then the 9th grade boys if it is necessary for them to be used in order to have at least one escort for each girl.
During the Homecoming ceremony, the previous year's Homecoming queen will crown the new queen. If the previous year's queen is not available, another previous queen will be selected.

The senior high cheerleaders and their sponsor will be responsible for planning the Homecoming decorations and activities, and all cheerleaders will be responsible for decorating for Homecoming.

4.12A7 – PROM Jr. /Sr.*

The junior class will be responsible for planning and carrying out a banquet and/or prom at the end of each year. Ticket prices for entry to the banquet/prom will be $5 for everyone attending. Those invited to attend will include school board members, administration, faculty, staff, and members of the junior and senior classes. Attendees may bring their spouses or dates, but students' dates must be under 21 unless special permission has been obtained in advance from the principal. In addition, the junior sponsors will select up to 12 sophomores to act as servers at the banquet. These servers will gain the right to attend the prom and to bring dates. Those invited to prom as dates or guests by juniors, seniors, servers, or faculty/staff members should be classified as at least freshmen in high school.

4.12A8 – FORMAL DRESS CODE GUIDELINES*

The staff and administration at Magazine High School want you to make good choices. We are not trying to inhibit your style. Dances should be fun, but we want everyone to be comfortable

and safe. With modesty in mind, the following dress code guidelines will be enforced at Magazine High School.

1. Dresses must completely cover the bust in front and on the sides.
2. Dresses may be backless as long as they are not cut below the navel.
3. Dresses may consist of two pieces as long as the naval and bust are covered and no more than three inches of midriff is exposed(on the front and sides) when arms fully extended above the head.
4. Dresses must be at least mid-thigh in length.
5. Dresses may not have a slit that exceeds mid-thigh. This is generally fingertip length.
6. In order to meet the requirements listed above fabric inserts can be used but may use see through material. Fabric inserts or cover-ups (coats, shawls, sweaters) may be used to bring a dress within guidelines, but the insert or cover-up must remain in place throughout the entire event.
7. Dress for pictures taken at the dance must also meet dress code. You may not wear an inappropriate dress to take pictures and then change into one that does meet dress code for the dance.
8. For gentlemen:
    - Pants must be full length
    - No holes in pants
    - No sagging
    - A button up shirt with a tie is required
    - Tux or suit is acceptable

While we will be reasonable in our interpretation of these guidelines, we want you to know that you will not be allowed into the dance if you are dressed inappropriately. Most importantly, this dress code does not limit your ability to show your style and uniqueness.

4.12A9 - LETTER JACKET*

Only athletes, cheerleaders, and band members who have played at least fifteen quarters of either junior or senior high basketball or have participated in another sport or contest and met the requirements laid down by the coach of that sport to letter will be allowed to purchase a letter jacket.

4.12A10 –SPECIAL PRIVILEGES

The seniors will have a parking area separate from other students as assigned (closest to the arena). No other students will be allowed to park in this area before and during school hours. Seniors may also use the parking lot behind the library and may choose to sell the spots to seniors as a fundraiser. Seniors will be allowed to "cut" in front of other students in the lunch line during lunch in the spring term. This privilege will be revoked if the "cutting" is not done in an orderly manner. Certain seniors will be allowed to go on a senior trip at the end of the year. The senior class should make policies at the beginning of the

year regarding eligibility requirements, which may or may not include fundraising and participation in class activities, for going on the senior trip.

Students in grades 7-12 will be allowed to wear school appropriate shorts at their own discretion during any season of the year.

Students will be allowed 4 college days during their junior and senior years.

4.12A11 - STUDENT COUNCIL*

The offices of president and vice president will be open to juniors and seniors. The offices of secretary, treasurer, and reporter will be open to students in 9-12. Officer candidates must give speeches in front of student body. Officer elections will be conducted by secret ballot each fall semester. After officer elections are completed, each class 7-12 will elect two representatives. Candidates for class representative must give a speech in front of their class. Elections will be by secret ballot.

4.12A12 – PEP RALLIES

A spirit bell will be awarded for the class with the most spirit at a pep rally. One bell will be given for grades 7-9, and another for grades 10-12. The senior high cheer sponsor will choose at least three judges from the pool of teachers who are not currently sponsoring a class. The criteria for awarding the bell will be as follows:
50% - preparation ahead of time [signs (quantity and quality), noisemakers, dressing up]
50% - participation during pep rally (standing, cheering, yelling, dancing, sportsmanship, etc…)
For the Homecoming pep rallies, a more elaborate judging system will be used for awarding spirit bells.
25% - hallway decorations
25% - percentage of class that participates in dress-up days
25% - preparation ahead of time for pep rally (see above)
25% - participation during pep rally (see above)

4.12A13 – SCHEDULING

The vast majority of scheduling will be required within first three days of a semester. Any course/class changes must be made within first two weeks within a class. After the two week "grace" period, no changes will be allowed.

4.12A14 – EARLY GRADUATION

Students who expect to earn all of the credits necessary for graduation by the end of their 11th-grade year may declare their intention to graduate early. An Early Graduation Application should be obtained and approved before the last day of the student's sophomore year. Early graduates must declare their grade level classification during the application process. Additional requirements, processes and procedures will be listed in the application packet.

4.13—PRIVACY OF STUDENTS' RECORDS/ DIRECTORY INFORMATION

Except when a court order regarding a student has been presented to the district to the contrary, all students' education records are available for inspection and copying by the parent of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty five (45) days of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information (PII) from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is **not** considered an education record if it meets the following tests:

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker's temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

In addition to releasing PII to school officials without permission, the District may disclose PII from the education records of students in foster care placement to the student's caseworker or to the caseworker's representative without getting prior consent of the parent (or the student if the student is over eighteen (18)). For the District to release the student's PII without getting permission:

- The student must be in foster care;
- The individual to whom the PII will be released must have legal access to the student's case plan; and
- The Arkansas Department of Human Services, or a sub-agency of the Department, must be legally responsible for the care and protection of the student.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the

student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

For purposes of this policy, the Magazine School District does not distinguish between a custodial and noncustodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student's records. Unless a court order restricting such access has been presented to the district to the contrary, the fact of a person's status as parent or guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order which directs that a parent not have access to a student or his/her records, the parent, guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file-marked copy of such order to the building principal and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, disciplinary rulings, disability placements, or other such determinations, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the building principal, with an appeal available to the Superintendent or his/her designee. The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.

Unless the parent or guardian of a student (or student, if above the age of eighteen (18)) objects, "directory information" about a student may be made available to the public, military recruiters, post-secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements. "Directory information" includes, but is not limited to, a student's name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance, his/her placement on the honor roll (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be beyond the control of the District. "Directory information" also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems

and a student ID number or other unique personal identifier that is displayed on a student's ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user.

A student's name and photograph will only be displayed on the district or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18.

The form for objecting to making directory information available is located in the back of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the building principal's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed-opt out form for any student no longer in attendance at the district.

The right to opt out of the disclosure of directory information under Family Educational Rights and Privacy Act (FERPA) does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.[6]

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education (DOE) at

4.13A - STUDENT PARTICIPATION IN SURVEYS

No student shall be required to submit to a survey, analysis, or evaluation which is administered or distributed by a school, and is funded in whole or in part by any program administered by the U. S. Department of Education without the prior written consent of the parent/guardian that reveals information concerning the following;

- political affiliations;
- mental and psychological problems potentially embarrassing to the student or his family;
- sex behavior and attitudes;
- illegal, anti-social, self-incriminating, and demeaning behavior;
- critical appraisals of other individuals with whom respondents have close family relationships;
- legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and minister; religious practices, affiliations, or beliefs of the student or student's parent;
- income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

No surveys shall be administered without the prior approval of the school principal. Any survey created by a third party, or funded, in whole or in part, as part of any US Department of Education be inspected by a student's parent/guardian before the survey is administered or distributed by a school to a student. Parents/guardians shall have the right to deny permission for their child to participate in the taking of the survey. The school shall not penalize students whose parents/guardians exercise this option. The school shall take reasonable precautions to protect students' privacy during their participation in the administration of any survey, analysis, or evaluation containing one or more of the eight categories listed above.

Parents or guardians wishing to inspect a survey, analysis, or evaluation shall be able to so in the administrative office of the administering school where the surveys shall be available for inspection for a period of ten (10) days (regular school days when school is in session) after the notice of intent to administer the survey is sent.
The requirements of this policy do not apply to a survey administered to a student in accordance with the Individuals with Disabilities Education Act (IDEA). The rights provided to parents under this policy transfer to the student when he/she turns 18 years old.

4.13F—OBJECTION TO PUBLICATION OF DIRECTORY INFORMATION

(Not to be filed if the parent/student has no objection)

I, the undersigned, being a parent of a student, or a student eighteen (18) years of age or older, hereby note my objection to the disclosure or publication by the Magazine School District of directory information, as defined in Policy No. 4.13 (Privacy of Students' Records), concerning the student named below. The district is required to continue to honor any signed opt-out form for any student no longer in attendance at the district.

I understand that the participation by the below-named student in any interscholastic activity, including athletics and school clubs, may make the publication of some directory information unavoidable, and the publication of such information in other forms, such as telephone directories, church directories, *etc.*, is not within the control of the District.

I understand that this form must be filed with the office of the appropriate building principal within ten (10) school days from the beginning of the current school year or the date the student is enrolled for school in order for the District to be bound by this objection. Failure to file this form within that time is a specific grant of permission to publish such information.

I object and wish to deny the disclosure or publication of directory information as follows:

Deny disclosure to military recruiters ____

Deny disclosure to Institutions of postsecondary education ____

Deny disclosure to Potential employers ____

Deny disclosure to all public and school sources ____

Selecting this option will prohibit the release of directory information to the three categories listed above along with all other public sources (such as newspapers), **AND** result in the student's directory information **not** being included in the school's yearbook and other school publications.

Deny disclosure to all public sources ____

Selecting this option will prohibit the release of directory information to the first three categories listed above along with all other public sources (such as newspapers), but permit the student's directory information **to be included** in the school's yearbook and other school publications.

4.14—STUDENT MEDIA AND THE DISTRIBUTION OF LITERATURE

The Superintendent and the student media advisors(s) shall jointly develop administrative regulations for the implementation of this policy. The regulations shall include definitions of terms and the time(s), place(s), and manner(s) of the dissemination of student media, which shall include timelines for the review of materials.

Definitions

"School-sponsored media" means all student media that are:

- Supported financially by the school;
- Supported by the use of school facilities; or
- Produced in conjunction with a class.

"Student journalist" means a student who gathers, writes, edits, photographs, records, video tapes, or prepares information for dissemination in student media.

"Student media" means any means of communication that are:

- Prepared, substantially written, published, or broadcasted by a student;
- Distributed or generally made available, either free of charge or for a fee, to members of the student body; and
- Prepared under the direction of a student media advisor.

"Student media" does not include media that is intended for distribution or transmission solely in the classroom in which it is produced.

"Student media advisor" means an individual who is employed, appointed, or designated by the District to supervise or provide instruction with respect to student media.

Student Media

While the District recognizes a student's right of expression under the First Amendment of the Constitution of the United States, school-sponsored media does not provide an open public forum for public expression. Student media, as well as the content of student expression in school-sponsored activities, shall be subject to the editorial review of the District's administration, whose actions shall be reasonably related to legitimate pedagogical concerns and adhere to the following limitations:

1. Advertising may be accepted for media that does not condone or promote products that are inappropriate for the age and maturity of the audience or that endorses such things as tobacco, alcohol, or drugs.

2. Media may be regulated to prohibit communications determined by the appropriate teacher, student media advisor, and/or administrator to be ungrammatical; poorly written; inadequately researched; biased or prejudiced; vulgar or profane; or unsuitable for immature audiences.
3. Media may be regulated to prohibit the dissemination of material that may reasonably be perceived to advocate drug or alcohol use; irresponsible sex; conduct that is otherwise inconsistent with the shared values of a civilized social order; or to associate the school with any position other than neutrality on matters of political controversy.
4. Prohibited media includes those that:
    a. Are obscene as to minors;
    b. Are libelous or slanderous, including material containing defamatory falsehoods about public figures or governmental officials, and made with knowledge of their falsity or a reckless disregard of the truth;
    c. Constitute an unwarranted invasion of privacy as defined by state law;
    d. Suggest or urge the commission of unlawful acts on the school premises;
    e. Suggest or urge the violation of lawful school regulations;
    f. Scurrilously attacks ethnic, religious, or racial groups; or
    g. Harass, threaten, or intimidate a student.

Student Media on School Web Pages

Student media displayed on school web pages shall follow the same guidelines as listed above and shall also:

1. Not contain any non-educational advertisements;
2. Adhere to the restrictions regarding use of Directory Information as prescribed in Policy 4.13 including not using a student's photograph when associated with the student's name unless written permission has been received from the student's parent or student if over the age of 18;
3. State that the views expressed are not necessarily those of the School Board or the employees of the district.

Student Distribution of Non-school Literature, Publications, and Materials

A student or group of students who distribute ten (10) or fewer copies of the same non-school-sponsored literature, publications, or materials shall do so in a time, place, and manner that does not cause a substantial disruption of the orderly education environment. A student or group of students wishing to distribute more than ten (10) copies of non-school-sponsored materials shall have school authorities review their non-school-sponsored materials at least three (3) school days in advance of their desired time of dissemination. School authorities shall review the non-school-sponsored materials, prior to their distribution and will bar from distribution those non-school-sponsored materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that a substantial disruption of the orderly operation of the school or educational environment will likely result from the distribution. Concerns related to any denial of distribution by the principal shall be heard by the superintendent, whose decision shall be final.

The school principal or designee shall establish reasonable regulations governing the time, place, and manner of student distribution of non-school-sponsored materials. The regulations shall:

1. Be narrowly drawn to promote orderly administration of school activities by preventing disruption and may not be designed to stifle expression;
2. Be uniformly applied to all forms of non-school-sponsored materials;
3. Allow no interference with classes or school activities;
4. Specify times, places, and manner where distribution may and may not occur; and
5. Not inhibit a person's right to accept or reject any literature distributed in accordance with the regulations.

Students shall be responsible for the removal of excess literature that is left at the distribution point for more than 14 days.

4.14A - YEARBOOK

The yearbook's content is the responsibility of the yearbook advisor, but he or she should follow the guidelines laid down by the administration and should confer with the school's administration about anything which might possibly be considered controversial or inappropriate. Students who wish to be on the yearbook staff will fill out an application, including teacher recommendations. Selections will be made by a committee consisting of the yearbook advisor and at least two other faculty members. The yearbook advisor will then choose the yearbook editors from among the chosen staff members. Who's Who will be open to juniors and seniors. Voting will be done by seniors, juniors, and sophomores.

4.15—CONTACT WITH STUDENTS WHILE AT SCHOOL

CONTACT BY PARENTS

Parents wishing to speak to their children during the school day shall register first with the office.

CONTACT BY NON-CUSTODIAL PARENTS

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or the principal's designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered "no contact" or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-

marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting unsupervised visitation may, to extend authorized by the court order, eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal. Such contact is subject to the limitations outlined in Policy 4.16, Policy 6.5, and any other policies that may apply. The District shall not act as a supervisor for non-custodial parent visitation purposes under any circumstance.

Arkansas law provides that, in order to avoid continuing child custody controversies from involving school personnel and to avoid disruptions to the educational atmosphere in the District's schools, the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation. The custodial or non-custodial parent may send to/drop off the student at school to be sent to/picked up by the other parent on predetermined days in accordance with any court order provided by the custodial parent or by a signed agreement between both the custodial and non-custodial parents that was witnessed by the student's building principal.[1] Unless a valid no-contact order has been filed with the student's principal or the principal's designee, district employees shall not become involved in disputes concerning whether or not that parent was supposed to pick up the student on any given day.

CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen (18) years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a

message to the parent to call the principal or designee and leave both a day and an after-hours telephone number.

CONTACT BY PROFESSIONAL LICENSURE STANDARDS BOARD INVESTIGATORS
Investigators for the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

4.16—STUDENT VISITORS

The board strongly believes that the purpose of school is for learning. Social visitors, generally, disrupt the classroom and interfere with learning that should be taking place. Therefore, visiting with students at school is strongly discouraged, unless approved by the principal and scheduled in advance. This includes visits made by former students, friends, and/or relatives of teachers or students. Any visitation to the classroom shall be allowed only with the permission of the school principal and all visitors must first register at the office.

Note: For adult visits see Policy 4.15—CONTACT WITH STUDENTS WHILE AT SCHOOL and Policy 6.5—VISITORS TO THE SCHOOLS

4.17—STUDENT DISCIPLINE

The Magazine Board of Education has a responsibility to protect the health, safety, and welfare of the District's students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school sponsored function, activity, or event; and
- Going to and from school or a school activity.

The District's administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to:

- A felony or an act that would be considered a felony if committed by an adult;
- An assault or battery;
- Drug law violations; or
- Sexual misconduct of a serious nature.

Any disciplinary action pursued by the District shall be in accordance with the student's appropriate due process rights.

The District shall incorporate the District's multi-tiered behavioral intervention procedures in accordance with Policy 4.60 in the application of student discipline.

The District's personnel policy committees shall annually review the District's student discipline policies, including State and District student discipline data, and may recommend changes in the policies to the Magazine School Board. The Board has the responsibility of determining whether to approve any recommended changes to student discipline policies.

The District's student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall sign and return to the school an acknowledgement form documenting that they have received the policies.

The District shall develop and provide programs, measures, or alternative means and methods for continued student engagement and educational access during periods of suspension or expulsion.

The superintendent is authorized to modify the penalties set forth in the District's student discipline policies on a case-by-case basis.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

The superintendent shall make a report annually to the Board of Directors on student discipline data, which shall include, without limitation, the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying.

4.17A – DISCIPLINE ADDITIONAL

Teachers and support personnel are expected to maintain discipline in and around the school. Magazine School Board policy provides for corporal punishment (paddling) if/when the teacher or principal deems it necessary. Efforts will be made to notify parents/guardians when corporal punishment has occurred or before the paddling occurs if possible. Punishment options may include, but are not limited to, detention, specialized counseling, loss of privileges, (classroom, playground, bus, group or individual in nature), work detail, i.e. cleaning hallways, playground, etc., writing or copying class or behavior related material, sitting or standing in a designated supervised area apart from others engaged in an activity and/or the parents or parents' designee coming to school promptly to remove the student from the premises.

If a student repeatedly misbehaves in the classroom, on the bus, on the playground, in the restrooms or hallways or in the cafeteria, punishment will result and the misbehavior will stop or suspension from school will occur until appropriate intervention can be sought.

All classroom rules are posted in the classroom and consequences are visible. Frequent discussions regarding rules, procedures and consequences will be part of the instructional days of school in every grade group. All procedures will be explained. All students are expected to follow the rules. A copy of rules, procedures and consequences will be given to parents. Questions and concerns will be addressed by school personnel upon signed request of parents.

4.17A2 - DISCIPLINE FOR HANDICAPPED

1. Handicapped students who engage in misbehavior are subject to normal school disciplinary rules and procedures so long as such treatment does not abridge the right to free appropriate public education.
2. The Individualized Education Plan (IEP) team for a handicapped student should consider whether particular discipline procedures should be adopted for that student and included in the IEP.
3. After an emergency suspension is imposed on a handicapped student, an immediate meeting of the student's IEP team should be held to determine the cause and effect of the suspension with a view toward assessing the effectiveness and appropriateness of the student's placement and toward minimizing the harm resulting from the exclusion.
4. The suspended student should be offered alternate educational programming for the duration of the exclusion.

4.18—PROHIBITED CONDUCT

Students and staff require a safe and orderly learning environment that is conducive to high student achievement. Certain student behaviors are unacceptable in such an environment and are hereby prohibited by the Board. Prohibited behaviors include, but shall not be limited to the following:

1. Disrespect for school employees and failing to comply with their reasonable directions or otherwise demonstrating insubordination;
2. Disruptive behavior that interferes with orderly school operations;
3. Willfully and intentionally assaulting or threatening to assault or physically abusing any student or school employee;
4. Possession of any weapon that can reasonably be considered capable of causing bodily harm to another individual;
5. Possession or use of tobacco in any form on any property owned or leased by any public school;
6. Willfully or intentionally damaging, destroying, or stealing school property;
7. Possession and use of a personal electronic device except as authorized by Policy 4.47 or by the student's IEP or 504 Plan;
8. Possession, selling, distributing, or being under the influence of an alcoholic beverage, any illegal drug, unauthorized inhalants, or the inappropriate use or sharing of prescription or over the counter drugs, or other intoxicants, or anything represented to be a drug;
9. Sharing, diverting, transferring, applying to others (such as needles or lancets), or in any way misusing medication or any medical supplies in their possession;
10. Inappropriate public displays of affection;
11. Cheating, copying, or claiming another person's work to be his/her own;
12. Gambling;
13. Inappropriate student dress;
14. Use of vulgar, profane, or obscene language or gestures;
15. Truancy;
16. Excessive tardiness;
17. Engaging in behavior designed to taunt, degrade, or ridicule another person on the basis of race, ethnicity, national origin, sex, sexual orientation, gender identity, or disability;
18. Possess, view, distribute or electronically transmit sexually explicit or vulgar images or representations, whether electronically, on a data storage device, or in hard copy form;
19. Hazing, or aiding in the hazing of another student;
20. Gangs or gang-related activities, including belonging to secret societies of any kind, are forbidden on school property. Gang insignias, clothing, "throwing signs" or other gestures associated with gangs are prohibited;
21. Sex-based harassment;
22. Bullying;
23. Operating a vehicle on school grounds while using a wireless communication device; and
24. Theft of another individual's personal property.

The Board directs each school in the District to develop implementation regulations for prohibited student conduct consistent with applicable Board policy, State and Federal laws, and judicial decisions.

4.19—CONDUCT TO AND FROM SCHOOL AND TRANSPORTATION ELIGIBILITY

The District's Student Code of conduct applies to students while traveling to and from school or to and from a school activity to the same extent as if the students were on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate the District's Student Code of Conduct.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices. The driver of a school bus shall not operate the school bus until every passenger is seated. In addition to other disciplinary measures provided for violations of the District's

Student Code of Conduct, the student's bus transportation privileges may be suspended or terminated for violations of the Student Code of Conduct related to bus behavior.

Students are eligible to receive district bus transportation if they meet the following requirements. See 4.19A. The transportation to and from school of students who have lost their bus transportation privileges is the responsibility of the student's parent or guardian.

4.19A - BUS RULES AND BEHAVIOR

It shall be the policy of the Magazine School District to furnish transportation to, and from school for all students who, according to state law, are eligible. For those who are not eligible according to state law, the Magazine School District will furnish courtesy transportation to, and from designated bus stops in and near the city of Magazine. Parents will be notified as to the location of those bus stops and they will be responsible for seeing that their children get to those stops to meet the bus and get home from those stops in the afternoon. Every practical effort will be made to accommodate parents and children, but the door to door pick-up and delivery of children within the city will no longer be financially possible for the school district.

The pick-up policy for drivers and students will be as follows:

- During the first week of school an estimated time of arrival will be established for each student on each route. During the first week of school, the bus driver will stop and wait a reasonable time for the students to get to the bus.
- After the first week of school, the students will be expected to be at the bus stop when the bus gets there provided the bus is not earlier than the established time of arrival mentioned above.
- If, for some reason, the bus is early, the driver will stop and wait a reasonable time for the students to get to the bus stop.
- If the bus is late because of mechanical or weather problems, the students will need to be at the bus stop when the bus arrives.
- Drivers will go to every bus stop every morning unless they have been notified by a parent or an administrator that no children will be getting on at the bus stop.
- Bus drivers will not be required to wait while students walk from the house to the bus unless the bus is early.

Students are subject to the same rules of conduct while traveling to and from school and on school activities as they are while on school grounds. The preceding paragraph applies to student conduct while

on school buses. The driver of a school bus shall not operate the school bus until every passenger is seated. Disciplinary measures for problems related to bus behavior shall include suspension or expulsion from school, or suspending or terminating the student's transportation privileges. Transporting students to and from school who have lost their transportation privileges shall become the responsibility of the student's parent or legal guardian. Seeing that their children get to those stops to meet the bus and get home from those stops in the afternoon.

Repeated misconduct by any passenger on a school bus may result in denial of bus privileges, Students riding buses will be expect to observe the following rules:

- Elementary students must sit in the front portion of the bus. Seats may be assigned.
- High school students should sit toward the rear of the bus leaving room for elementary students at the front. Seats may be assigned.
- All students must make ample room for others in seats.
- All students must be seated promptly after boarding the bus, and remain seated.
- Passengers must observe classroom conduct. Ordinary conversation is permitted. Horseplay, unruly behavior, abusive and obscene language or gestures are unacceptable.
- To ensure safety, the driver must be totally in charge. Do not argue with or be disrespectful to the driver.
- No opened food or drinks are allowed on the bus.
- Do not extend any part of your body out of the bus at any time.
- Do not throw anything out of the bus.
- If you cause any damage to the bus (pencil marks, holes, cuts, etc.), you or your parents must pay for the damage, and you will be punished.

1) Any other actions determined by the driver to be improper or disruptive will be handled as those mentioned above.
2) No bullying will be tolerated.
3) All tobacco products are prohibited.
4) Students need to be present at the bus stop, on time. The bus cannot wait for tardy passengers.
5) It is strongly recommended that students not bring unnecessary money or personal items to school.

Students who are in violation of the above rules or who otherwise create an unsafe or disruptive situation on a bus will be reported to the principal who will take disciplinary action to correct the problem. The principal will then notify the parents, explaining the reason for the action and the kind of action taken. Disruptive students will be given one verbal warning for misconduct. If it is necessary for the same student to be given a second warning, the driver will send a disciplinary report to the student's principal, who will take disciplinary action, corporal punishment can be used, to correct the problem. The principal will then notify the parents, explaining the reason for the action and the kind of action taken.

If a student is given three disciplinary reports per semester, he or she will be suspended from riding the bus for three (3) school days. Any additional disciplinary reports thereafter will result in a suspension of five school days. The suspensions referred to apply only to bus privileges; the student must still attend school during that time.

We hope it will not be necessary to suspend any student; however, it is imperative that the driver has the cooperation of each student on the bus in order to provide maximum safety for all students.

Any disruptive behavior that may not appear on the list of rules will be handled in the same way. Any misconduct considered by drivers to be excessive may result in by-passing the verbal warning and referring the student directly to the principal. Failure to adhere to bus rules will result in loss of privilege.

Any student found with tobacco or tobacco products will be expected to participate in an educational program based on the health issues of using tobacco while in in-school suspension.

4.25—STUDENT DRESS AND GROOMING

The Magazine Board of Education recognizes that dress can be a matter of personal taste and preference. At the same time, the District has a responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process because they are immodest, disruptive, unsanitary, unsafe, could cause property damage, or are offensive to common standards of decency.

Students are prohibited from wearing, while on the school grounds during the school day and at school-sponsored events, clothing that exposes underwear, buttocks, or the breast of a female. This prohibition does not apply, however to a costume or uniform worn by a student while participating in a school-sponsored activity or event.

The Superintendent shall establish student dress codes for the District's schools, to be included in the student handbook, and are consistent with the above criteria.

Students found in violation of the dress code will be instructed to change into appropriate clothing. If appropriate clothing is not available a parent will be notified and the student will be sent home to get appropriate clothing.* An absence due to violation of the dress code will be considered to be an unexcused absence.

4.26—GANGS AND GANG ACTIVITY

The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. An orderly environment cannot exist where unlawful acts occur causing fear, intimidation, or physical harm to students or school staff. 4.27—STUDENT SEXUAL HARASSMENT

The Magazine School District is committed to providing an academic environment that treats all students with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

The District believes the best policy to create an educational environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to:

- The nature of sexual harassment;
- The District's written procedures governing the formal complaint grievance process;
- The process for submitting a formal complaint of sexual harassment;
- That the district does not tolerate sexual harassment;
- That students can report inappropriate behavior of a sexual nature without fear of adverse consequences;
- The supports that are available to individuals suffering sexual harassment; and
- The potential discipline for perpetrating sexual harassment.

Definitions

"Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

   b. Uses the rejection of sexual conduct as the basis for academic decisions affecting that individual;
2. The conduct is:

sexual harassment; counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; campus escort services; mutual restrictions on contact between the parties; changes in work or class locations; leaves of absence; and increased security and monitoring of certain areas of the campus.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; and non-employees and students.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;

Students who believe they have been subjected to sexual harassment, or the parent/legal guardian/other responsible adult of a student who believes their student has been subjected to sexual harassment, are encouraged to bring their concerns to **any** District staff member, including a counselor, teacher, Title IX coordinator, or administrator. If the District staff member who received a report of alleged sexual harassment is not the Title IX Coordinator, then the District staff person shall inform the Title IX Coordinator of the alleged sexual harassment. As soon as reasonably possible after receiving a report of alleged sexual harassment from another District staff member or after receiving a report directly through any means, the Title IX Coordinator shall contact the complainant to:

- Discuss the availability of supportive measures;
- Consider the complainant's wishes with respect to supportive measures;
- Inform the complainant of the availability of supportive measures with or without the filing of a formal complaint; and
- explain to the complainant the process for filing a formal complaint.

Supportive Measures

The District shall offer supportive measures to the complainant and make supportive measures available to the respondent that are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party before or after the filing of a formal complaint

or where no formal complaint has been filed. The District shall provide individualized supportive measures to the complainant unless declined in writing by the complainant and shall provide individualized supportive measures that are non-disciplinary ad non-punitive to the respondent. A complainant who initially declined the District's offer of supportive measures may request supportive measures at a later time and the District shall provide individualized supportive measures based on the circumstances when the subsequent request is received.

Formal Complaint

A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email. Upon receipt of a formal complaint, a District shall simultaneously provide the following written notice to the parties who are known:

- Notice of the District's grievance process and a copy of the procedures governing the grievance process;
- Notice of the allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
  - The identities of the parties involved in the incident, if known;
  - The conduct allegedly constituting sexual harassment; and
  - The date and location of the alleged incident, if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;

- That the parties may inspect and review evidence relevant to the complaint of sexual harassment; and
- That the District's code of conduct prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about the complainant or respondent that are not included in the previous notice, the District shall simultaneously provide notice of the additional allegations to the parties whose identities are known.

The District may consolidate formal complaints of allegations of sexual harassment where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one respondent; or by more than one complainant against one or more respondents; or by one party against the other party. When the District has consolidated formal complaints so that the grievance process involves more than one complainant or more than one respondent, references to the singular "party", "complainant", or "respondent" include the plural, as applicable.

When investigating a formal complaint and throughout the grievance process, a District shall:

- Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the District and not on the parties;
- Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made

and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party's voluntary, written consent or that party's voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process;

- Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding;
- Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation; this includes evidence:
  - Whether obtained from a party or other source;
  - The District does not intend to rely upon in reaching a determination regarding responsibility; and
  - That is either Inculpatory or exculpatory; and
- Create an investigative report that fairly summarizes relevant evidence.

At least ten (10) days prior to completion of the investigative report, the District shall send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties shall have at least ten (10) days to submit a written response to the evidence. The investigator will consider the written responses prior to completion of the investigative report. All evidence subject to inspection and review shall be available for the parties' inspection and review at any meeting to give each party equal opportunity to refer to such evidence during the meeting.

After the investigative report is sent to the parties, the decision-maker shall:

- Provide each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness;
- Provide each party with the answers;
- Allow for additional, limited follow-up questions from each party; and
- Provide an explanation to the party proposing the questions any decision to exclude a question as not relevant. Specifically, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

No earlier than ten (10) days following the completion of the investigation period, the decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, shall issue a written determination regarding responsibility. The written determination shall include—

1. Identification of the allegations potentially constituting sexual harassment;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including:
    a. Any notifications to the parties;
    b. Interviews with parties and witnesses;
    c. site visits;
    d. Methods used to gather other evidence; and
    e. Hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the District's code of conduct to the facts;
5. A statement of, and rationale for, the result as to each allegation, including:
    a. A determination regarding responsibility;
    b. Any disciplinary sanctions imposed on the respondent; and
    c. Whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and
6. The procedures and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination regarding responsibility shall become final on the earlier of:

- If an appeal is not filed, the day after the period for an appeal to be filed expires; or
- If an appeal is filed, the date the written determination of the result of the appeal is provided to the parties.

The District shall investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this policy even if proved; did not occur in the District's education program or activity; or did not occur against a person in the United States, then the District shall dismiss the complaint as not meeting the definition of sexual harassment under this policy. A dismissal for these reasons does not preclude action under another provision of the District's code of conduct.

The District may dismiss the formal complaint or any allegations therein, if at any time during the grievance process:

- The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- The respondent is no longer enrolled at the District; or
- Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon the dismissal of a formal complaint for any reason, the District shall promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The District may hire an individual or individuals to conduct the investigation or to act as the determination-maker when necessary.

Appeals

Either party may appeal a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

a. The existence of a procedural irregularity that affected the outcome of the matter;
b. Discovery of new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
c. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; or
d. An appeal of the disciplinary sanctions from the initial determination.

For all appeals, the District shall:

1. Notify the other party in writing when an appeal is filed;
2. Simultaneously Provide all parties a written copy of the District's procedures governing the appeal process;
3. Implement appeal procedures equally for both parties;
4. Ensure that the decision-maker for the appeal is not the same person as the decision-maker that reached the original determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator;
5. Provide all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
6. Issue a written decision describing the result of the appeal and the rationale for the result; and
7. Provide the written decision simultaneously to both parties.

Confidentiality

Reports of sexual harassment, both informal reports and formal complaints, will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to:

- Individuals who are responsible for handling the District's investigation and determination of responsibility to the extent necessary to complete the District's grievance process;
- Submit a report to the child maltreatment hotline;
- Submit a report to the Professional Licensure Standards Board for reports alleging sexual harassment by an employee towards a student; or
- The extent necessary to provide either party due process during the grievance process.

Except as listed above, the District shall keep confidential the identity of:

- Any individual who has made a report or complaint of sex discrimination;
- Any individual who has made a report or filed a formal complaint of sexual harassment;
- Any complainant;
- Any individual who has been reported to be the perpetrator of sex discrimination;
- Any respondent; and
- Any witness.

Any supportive measures provided to the complainant or respondent shall be kept confidential to the extent that maintaining such confidentiality does not impair the ability of the District to provide the supportive measures.

Emergency removal

The District may remove a respondent from the District's education program or activity on an emergency basis only after the completion of an individualized safety and risk analysis that determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. A removed student will be provided with notice and an opportunity to challenge the removal decision immediately following the removal.

Retaliation Prohibited

Students, or the parents/legal guardians/ other responsible adult of a student, who submit a report or file a formal complaint of sexual harassment,; testified; assisted; or participate or refused to participate in any manner in an investigation, proceeding, or hearing on sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats; intimidation; coercion; discrimination; or charges for code of conduct violations that do not involve sex discrimination or sexual harassment, arise out of the same facts or circumstances as a report or formal complaint of sex discrimination, and are made for the purpose of interfering with any right or privilege under this policy. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Disciplinary Sanctions

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment. Following the completion of the District's grievance process, any student who is found by the evidence to more likely than not[7] have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion. No disciplinary sanction or other action that is not a supportive measure may be taken against a respondent until the conclusion of the grievance process.

Students who knowingly fabricate allegations of sexual harassment or purposely provide inaccurate facts shall be subject to disciplinary action up to and including expulsion. A determination that the allegations do not rise to the level of sexual harassment alone is not sufficient to conclude that any party made a false allegation or materially false statement in bad faith.

Records

The District shall maintain the following records for a minimum of seven (7) years:

- Each sexual harassment investigation including:
- Any determination regarding responsibility;
- any disciplinary sanctions imposed on the respondent;
- Any remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity;
- Any appeal and the result therefrom;
- All materials used to train Title IX Coordinators, investigators, and decision-makers;
- Any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, which must include:
    - The basis for the District's conclusion that its response was not deliberately indifferent; and
    - Document:

- If supportive measures were provided to the complainant, the supportive measures taken designed to restore or preserve equal access to the District's education program or activity; or
- If no supportive measures were provided to a complainant, document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

4.29—INTERNET SAFETY AND ELECTRONIC DEVICE USE POLICY

Definition

For the purposes of this policy, "electronic device" means anything that can be used to transmit or capture images, sound, or data.

The District makes electronic device(s) and/or electronic device Internet access available to students, to permit students to perform research and to allow students to learn how to use electronic device technology. Use of district electronic devices is for educational and/or instructional purposes only. Student use of electronic device(s) shall only be as directed or assigned by staff or teachers; students are advised that they enjoy no expectation of privacy in any aspect of their electronic device use, including email, and that monitoring of student electronic device use is continuous.

No student will be granted Internet access until and unless an Internet and electronic device -use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen [18]) is on file. The current version of the Internet and Electronic Device use agreement is incorporated by reference into board policy and is considered part of the student handbook.

Technology Protection Measures

The District is dedicated to protecting students from materials on the Internet or world wide web that are inappropriate, obscene, or otherwise harmful to minors; therefore, it is the policy of the District to protect each electronic device with Internet filtering software that is designed to prevent students from accessing such materials. For purposes of this policy, "harmful to minors" means any picture, image, graphic image file, or other visual depiction that:
(A) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;
(B) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
(C) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

Internet Use and Safety

The District is dedicated to ensuring that students are capable of using the Internet in a safe and responsible manner. The District uses technology protection measures to aid in student safety and shall also educate students on appropriate online behavior and Internet use including, but not limited to:

- Interacting with other individuals on social networking websites and in chat rooms;
- Cyberbullying awareness; and
- Cyberbullying response.

Misuse of Internet

The opportunity to use the District's technology to access the Internet is a privilege and not a right. Students who misuse electronic devices or Internet access in any way will face disciplinary action, as specified in the student handbook and/or Internet safety and electronic device use agreement. Misuse of the Internet includes:

- The disabling or bypassing of security procedures, compromising, attempting to compromise, or defeating the district's technology network security or Internet filtering software;
- The altering of data without authorization;

- Disclosing, using, or disseminating passwords, whether the passwords are the student's own or those of another student/faculty/community member, to other students;
- Divulging personally identifying information about himself/herself or anyone else either on the Internet or in an email unless it is a necessary and integral part of the student's academic endeavor. Personally identifying information includes full names, addresses, and phone numbers.
- Using electronic devices for any illegal activity, including electronic device hacking and copyright or intellectual property law violations;
- Using electronic devices to access or create sexually explicit or pornographic text or graphics;
- Using electronic devices to violate any other policy or is contrary to the Internet safety and electronic device use agreement.

4.30—SUSPENSION FROM SCHOOL

Students who are not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days, including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school-sponsored function, activity, or event; and
- Going to and from school or a school activity.

A student may be suspended for behavior including, but not limited to, that:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;

3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

Out-of-school suspension (OSS) shall not be used to discipline a student in kindergarten through fifth (5^{th}) grade unless the student's behavior:

a. Poses a physical risk to himself or herself or to others;
b. Causes a serious disruption that cannot be addressed through other means; or
c. Is the act of bringing a firearm on school campus.

OSS shall not be used to discipline a student for skipping class, excessive absences, or other forms of truancy.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student:

1. The student shall be given written notice or advised orally of the charges against him/her;
2. If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts; and
3. If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's re-admittance to class will be given to the parent(s), legal guardian(s), person(s) with lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), person(s) having lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the responsibility of a student's parents, legal guardians, person having lawful control of the student, or person standing in loco parentis to provide current contact information to the district, which the school shall use to immediately notify the parent, or legal guardian, person having lawful control of a student, or person standing in loco parentis upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:

- A primary call number;
- The contact may be by voice, voice mail, or text message.
- An email address;
- A regular first class letter to the last known mailing address.

The district shall keep a log of contacts attempted and made to the parent, ~~or~~ legal guardian, person having lawful control of the student, or person standing in loco parentis.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of OSS.

During the period of their suspension, students serving OSS are not permitted on campus except to attend a student/parent/administrator conference or when necessary as part of the District's engagement or access to education program.

During the period of their suspension, students serving in-school suspension shall not attend or participate in any school-sponsored activities during the imposed suspension.

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board.

Suspensions initiated by the Superintendent may be appealed to the Board.

4.31—EXPULSION

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District's written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct:

- Deemed to be of such gravity that suspension would be inappropriate;
- Where the student's continued attendance at school would disrupt the orderly learning environment; or
- Would pose an unreasonable danger to the welfare of other students or staff.

Expulsion shall not be used to discipline a student in kindergarten through fifth (5^{th}) grade unless the student's behavior:

a. Poses a physical risk to himself or herself or to others;
b. Causes a serious disruption that cannot be addressed through other means; or
c. Is the act of bringing a firearm on school campus.

The Superintendent or his/her designee shall give written notice to the parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis (mailed to the address reflected on the District's records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not later than ten (10) school days following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the district administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, legal guardian, person having lawful control of the student, person standing in loco parentis, or student if age eighteen (18) or older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses, who gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted; however, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

Except as permitted by policy 4.22, the Superintendent shall recommend the expulsion of any student for a period of one (1) year for possession of any firearm prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of expulsion.

4.31A – EXPULSION ADDITIONAL

During the expulsion, the student will not be allowed on campus or at any school sponsored event whether on our campus or another venue.

Any student returning to the Magazine School District from an expulsion or from an ALE program, whether from the Magazine School District or from any other school district, shall be enrolled into our Alternative Learning Environment program.

4.32—SEARCH, SEIZURE, AND INTERROGATIONS

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable and individualized suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness; however, searches may be done at any time with or without notice or the student's consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.

A school official of the same sex shall conduct personal searches with an adult witness of the same sex present.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, person having

lawful control of the student, or person standing in loco parentis. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

4.32A - LOCKERS

Lockers are issued to students for use during the school year. Lockers remain the property of the school and may be inspected periodically to insure that they are being properly cared for and that the contents are in no way harmful to the owner, other students, or the school building. Students will be responsible for any damage to their locker during the school year. Locker doors should remain closed. Sharing lockers is not permitted unless authorized by the administration.

If students must bring valuable items from home for special activities, they should check them in at the principal's office. Valuables such as money, jewelry, radios, electronic games, CD players and headphones should **NOT** be brought to school. The school is **NOT** responsible for the loss of valuables.

Students may use a combination lock on their locker if obtained from the principal's office. Students are not permitted to use locks other than those furnished by office unless cleared with special permission from the principal. Students **will not** use any locker other than the one assigned to them.

Students may go to their locker before and after school, before lunch and between classes. Students may not go to their locker during class time unless having special permission from a teacher.

4.33—STUDENTS' VEHICLES

A student who has presented a valid driver's license and proof of insurance to the appropriate office personnel, may drive his/her vehicle to school. Vehicles driven to school shall be parked in the area designated for student parking. Parking on school property is a privilege which may be denied to a student for any disciplinary violation, at the discretion of the student's building principal.

Students are not permitted to loiter in parking areas and are not to return to their vehicles during the school day for any reason unless given permission to do so by school personnel.

It is understood that there is no expectation of privacy in vehicles in parking areas. Drivers of vehicles parked on a school campus will be held accountable for illegal substances or any other item prohibited by District policy found in their vehicle. The act of a student parking a vehicle on campus is a grant of permission for school or law enforcement authorities to search that vehicle.

Date Adopted: 7-10-2014
Last Revised: 7-10-2014

4.33A - STUDENT DRIVING

The form for driving an automobile on campus is located in the back of the student handbook. Parking will be in the arena parking lot per class area unless otherwise noted.

4.34—COMMUNICABLE DISEASES AND PARASITES

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include, but are not limited to: Varicella (chicken pox), measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant Staphylococcus aureus), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis A, B, or C, mumps, vomiting, diarrhea, and fever (100.4 F when taken orally). A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow the District's exposure control plan when dealing with any blood borne, foodborne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

In accordance with 4.57—IMMUNIZATIONS, the District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy 4.13. That policy provides that an education record may be

disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up at the end of the school day. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

4.34A - HEAD LICE SCHOOL SCREENINGS

1. All students will be checked as deemed appropriate by the faculty/staff.
2. Should nits or lice be discovered, the nurse will double check in the office. Parents or guardians will be notified to pick the child up for immediate treatment. The student may return the same day if treated and all the nits have been pulled from the hair.
3. Previously infested students will be re-screened within 5 days. If nits or lice are found, step 2 will repeat.
4. If a student is infested a third time, the principal will seek help for the family from the Department of Human Services/Health Authorities.

Any student who misses a day for head lice will be excused for the first occurrence only. All other days missed will be considered unexcused. A note from the parents regarding the treatment application must accompany the child upon his/her return to school.

4.35—STUDENT MEDICATIONS

Prior to the administration of any medication, including any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, to any student under the age of eighteen (18), written parental consent is required. The consent form shall include authorization to administer the medication and relieve the Board and its employees of civil liability for damages or injuries resulting from the administration of medication to students in accordance with this policy. All signed medication consent forms are to be maintained by the school nurse.

4.39A - CORPORAL PUNISHMENT

The Magazine School Board authorizes the use of corporal punishment to be administered in accordance with this policy by the Superintendent or his/her designated staff members who are required to have a state issued license as a condition of their employment.
All corporal punishment shall be administered privately, i.e. out of the sight and hearing of other students, shall not be excessive, or administered with malice, and shall be administered in the presence of another school administrator or designee who shall be a licensed staff member employed by the District.
Corporal punishment can be administered according to the following suggested procedures:

a. It may be used only after a student has been warned that the misbehavior will not be tolerated.
b. It will be administered by a teacher or school administrator and only in the presence of a school administrator or his designee, who shall be a teacher or administrator employed by the school district.
c. It will be for a just cause and be a reasonable punishment of the specific misbehavior.
d. Prior to the administration of corporal punishment, the student receiving the corporal punishment shall be given an explanation of the reasons for the punishment and be given an opportunity to refute the charges. School officials are not required to conduct formal hearing prior to corporal punishment.
e. Refusal to take corporal punishment may result in suspension or other disciplinary measures.

Act 904 of 1977 authorizes any teacher or principal to use corporal punishment in a reasonable manner against any pupil for good cause in order to maintain discipline and order within the public schools.
In 1977, the U.S. Supreme Court held that spanking children as a means of maintaining school discipline did not constitute cruel and unusual punishment in violation of the Eighth Amendment of the U.S. Constitution.
Please send notification in writing to the principal within 10 days of the beginning of the school year (or date of enrollment) if you wish an alternate form of discipline to be used.

an appropriate staff person to be the local educational agency (LEA) liaison for homeless children and youth whose responsibilities shall include, but are not limited to:

- Receive appropriate time and training in order to carry out the duties required by law and this policy;
- Coordinate and collaborate with the State Coordinator, community, and school personnel responsible for education and related services to homeless children and youths;
- Ensure that school personnel receive Professional development and other support regarding their duties and responsibilities for homeless youths;
- Ensure that unaccompanied homeless youths:
    - Are enrolled in school;
    - Have opportunities to meet the same challenging State academic standards as other children and youths; and
    - Are informed of their status as independent students under the Higher Education Act of 1965 and that they may obtain assistance from the LEA liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid;
- Ensure that public notice of the educational rights of the homeless children and youths is disseminated in locations frequented by parents or guardians of such youth, and unaccompanied homeless youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form that is easily understandable.

To the extent possible, the LEA liaison and the building principal shall work together to ensure no homeless child or youth is harmed due to conflicts with District policies solely because of the homeless child or youth's living situation; this is especially true for District policies governing fees, fines, and absences.

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district's school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute, including all appeals. It is the responsibility of the District's LEA liaison for homeless children and youth to carry out the dispute resolution process.

For the purposes of this policy "school of origin" means:

- The school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool; and
- The designated receiving school at the next grade level for all feeder schools when the child completes the final grade provided by the school of origin.

The District shall do one of the following according to what is in the best interests of a homeless child:

1. Continue the child's or youth's education in the school of origin for the duration of homelessness:
    - In any case in which a family becomes homeless between academic years or during an academic year; and
    - For the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or
2. Enroll the child or youth in any public school that nonhomeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

In determining the best interest of the child or youth, the District shall:

- Presume that keeping the child or youth in the school of origin is in the child's or youth's best interest, except when doing so is contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth;
- Consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or (in the case of an unaccompanied youth) the youth.

If the District determines that it is not in the child's or youth's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, the District shall provide the child's or youth's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal. For an unaccompanied youth, the District shall ensure that the LEA liaison assists in placement or enrollment decisions, gives priority to the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

The homeless child or youth must be immediately enrolled in the selected school regardless of whether application or enrollment deadlines were missed during the period of homelessness.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the LEA Liaison), to and from the child's school of origin.

A homeless student shall be immediately eligible to participate in interscholastic activities at the school in which the student is enrolled.

For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and:

a. Are:
   - Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;
   - Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations;
   - Living in emergency or transitional shelters;
   - Abandoned in hospitals; or

b. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

c. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

d. Are migratory children who are living in circumstances described in clauses (a) through (c).

In accordance with Federal law, information on a homeless child or youth's living situation is part of the student's education record and shall not be considered, or added, to the list of directory information in Policy 4.13.

ACADEMIC INEGRITY/HONOR CODE
Magazine High School students are engaged in a challenging and rigorous curriculum. MHS fosters a climate of independence and pride in academic work on the part of each student, and students are expected to uphold the highest standards of integrity, honesty, and responsibility. Their academic success should depend upon their own efforts and ability and should be accomplished through study and commitment to hard work. An explanation of student violations and consequences of the MHS academic honor code are listed below: The following represent a partial list of the actions that will be considered cheating:

During a Quiz/Test:
91) Looking at someone else's paper; (2) Allowing someone else to see your paper; (3) Using a "cheat sheet"; (4) Communicating with another student; (50 Using electronic technology in an unauthorized way;.

During other School Assignments:
(1)Passing on information after a test or quiz; (2) copying another's homework or letting others copy your homework when instructed to work independently; (3) Plagiarizing another's work as your own in the following ways: a. Submitting another's work (whether from print or electronic sources) as one's worn on any assignments, test, or quiz, b. cutting and pasting or downloading information from the internet and submitting it for an assignment, test, or quiz, c. Rephrasing sentences from the internet or any other source without proper citation.

Theft and/or Profiteering – (Includes but is not limited to)
1. Making copies of tests or assignments
2. Receiving copies of tests or assignments
3. Stealing a test or answer sheet
4. Stealing teacher editions of textbooks
5. Selling test or information about any test or project

Violations under this category will be considered a second infraction.

Knowledge of Academic Dishonesty
Students at MHS are expected to report violations of the school's honor code to their teacher or an administrator.

Students found cheating will be disciplined as follows:
1st Infractions:
(1) A grade of zero (0) for the assignment involved
(2) (20 Notification of parents
(3) (3) Referral to Administrator
(4) (40 Recommendation of ineligibility to join Beta club (an honors organization for students in grades 9 – 12) or probation status if already a member of the next semester

2nd Infraction:

(1) A grade of zero (0) for the assignments involved
(2) Notification of parents
(3) Referral to Administrator
(4) Recommendation of dismissal from or ineligibility to join Beta club for the following two semesters
(5) Recommendation of two days of In School suspension (ISS)

3rd Infraction

(1) A grade of zero (0) for the assignment involved
(2) Notification of parents
(3) Referral to Administrator
(4) Recommendation of disqualification form being an Honor Graduate, including Valedictorian or Salutatorian
(5) Recommendation of a minimum of two days of In School Suspension (ISS)
(6) Recommendation for removal from the class in which 3rd infraction occurs
(7) Recommendation for removal from all extracurricular activities for the remainder of that quarter and the next consecutive quarter, which means it could carry into the next school year.

HONOR CODE: When Magazine High School students sign the acceptance of the student handbook, they are agreeing to the requirements of the MHS Honor code. In addition, students will regularly be required to attest to the following statement: I certify that I have neither given nor receive unauthorized assistance on this test or assignment.

4.45A5 - HONOR ROLL

There will be an "A" and "B" Honor Roll each semester. Students with all "A's" will be listed on the "A" Honor Roll. Students with no grade lower than "B" will be listed on the "A & B" Honor Roll.

4.45A6 - SEMESTER FINAL EXEMPTIONS*

A student in grades 7-12 may be exempt from semester finals if he or she meets the following requirements:

- A – 4 absences, no ISS or OSS
- B – 3 absences, no ISS or OSS
- C – 2 absences, no ISS or OSS

A student with these grades may choose to take finals, but the test grade will count 20% toward their overall semester grade. Parents and students should realize that what constitutes an "excused absence" under school attendance does not apply here. **An absence for any reason besides school functions will be marked toward the student where exemptions are concerned.**

4.45A7 - SMART/ CORE CURRICULUM

The Smart Curriculum is contained within the 38 units that must be taught every year. Parents and students are to be aware of the different types of curriculum, Smart and Core curriculum. These contain the standard components that are necessary for graduation. All students will participate in either the Smart curriculum or the Core curriculum. It is the choice of the parent and must be documented with a consent form. This informed consent form will be kept on file in the office.

4.45A8 - TESTING PROGRAM

Assessments for all elementary K-6 schools includes standardized testing on the norm referenced mandatory state testing for grades 3 and 6 and benchmark tests for grades 4 and 6 every spring.

All students are required to participate in the statewide program of educational assessment required by the State Board of Education. Each student identified as not passing the test shall participate in remediation activities. Each student will have an individualized academic improvement plan that focuses on the areas in which he/she did not pass.

These scores are often published in newspapers for comparison purposes. It is important that we all remain aware of this fact and work together to help our children be ready to do their best on these tests. Standardized, teacher-made, and other tests are given to individuals and groups throughout the school year to determine ability, interests, aptitudes and progress. Parent involvement is key to the student's well-being on these matters; therefore, parents are urged to encourage their children, and attend to physical, nutritional, and social scheduling concerns that can maximize student success. Positive communication and constant support are vital to student motivation and accomplishment.

Regular attendance, following instructions, class participation, effort and motivation, good work habits and completion of all assignments are all necessary personal commitments every student must make if academic success is achieved.
Be aware that 6 missed days per semester or 12 total misses seriously jeopardizes the student's knowledge base and the opportunity to advance to the next level. Summer school and after school opportunities may be provided. If so, the student must attend to be considered for promotion.

Consistent low grades will warrant possible retention-in-grade consideration as well. Other interventions such as screenings for specialized programming do exist. We encourage parent-teacher partnership to ensure the best learning environments and opportunities possible for our student population.

Tests and assessments are used to help students achieve mastery of the Competencies, skills and subject tasks required by law and ACT Aspire regulations. At every K-5 level and beyond, assessment data will include performance assessments, competencies scores, standardized test scores, subject area test scores and faculty/staff observations.

4.45 GRADUATION REQUIREMENTS FOR THE CLASS

Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the state and federal statutes governing special education. Implementation of an Individualized Education Program (IEP) in accordance with the IDEA satisfies the district's obligation to provide a free and appropriate education under Section 504.

The Board directs the superintendent to ensure procedures are in place for the implementation of special education services and that programs are developed to conform to the requirements of state and federal legislation. The superintendent is responsible for appointing a district coordinator for overseeing district fulfillment of its responsibilities regarding students with disabilities. Among the coordinator's responsibilities shall be ensuring district enforcement of the due process rights of students with disabilities and their parents.

4.50—SCHOOL MEAL MODIFICATIONS

Except for requests to receive "lactose free" milk, the district only provides modified meal components on menus to accommodate students with a disability. A parent/guardian wishing to request dietary accommodations for their student with a disability must submit to the district's Director of Child Nutrition a medical statement completed by a State licensed healthcare professional, which includes:

- Physicians, including those licensed by:
  - The Arkansas State Medical Board;
  - The Arkansas State Board of Chiropractic Examiners (Chiropractors);
  - The Arkansas Board of Podiatric Medicine (Podiatrists);
- Nurse Practitioners (APRNs in family or pediatric practice with prescriptive authority);
- Physician Assistants (PAs who work in collaborative practice with a physician); and
- Dentists.

The medical statement should include:

1. A description of the student's disability that is sufficient to understand how the disability restricts the student's diet;
2. An explanation of what must be done to accommodate the disability, which may include:
   a. Food(s) to avoid or restrict;
   b. Food(s) to substitute;
   c. Caloric modifications; or
   d. The substitution of a liquid nutritive formula.

If the information provided in the medical statement is unclear, or lacks sufficient detail, the district's Director of Child Nutrition shall request additional information so that a proper and safe meal can be provided.

When choosing an appropriate approach to accommodate a student's disability, the District will consider the expense and efficiency of the requested accommodations. The District will offer a reasonable modification that effectively accommodates the child's disability and provides equal opportunity to participate in or benefit from the program, which may include a generic version of a product.

Parents may submit a written request for their student to be provided "lactose free" milk. The parent's request is not required to be accompanied by a medical statement in order for it to be granted.

Parents may file a grievance regarding the request for modifications with the District's 504 Coordinator, who will schedule a hearing on the grievance to be held as soon as possible. The 504 coordinator shall provide a copy of the procedures governing the hearing, including that the parent has the right to be accompanied by counsel, and the appeal process upon request.

Except for requests to receive "lactose free" milk, the district will not prepare meals outside the normal menu to accommodate a family's religious or personal health beliefs.

4.51—FOOD SERVICE PREPAYMENT

Meal Charges

The District participates in Community Eligibility Provision (CEP) and provides meals to all students at no charge. The District does not provide credit for students to charge for a la carte or other food and beverage items available for purchase in the school food service areas. A la carte or other food and beverage items may be purchased by either providing payment for the items at the time of receipt or by having a prepaid account with the District that may be charged for the items. Parents, or students choosing to do so, may pay in advance for a la carte or other food and beverage items through any of the following methods:

- Submitting cash or check payment to Magazine School District
- Depositing funds through the District's online service which will charge a convenience fee;

Free Breakfast

In accordance with A.C.A. § 6-18-722, a student shall be provided one (1) breakfast at no cost during each school day upon the student's request regardless of whether the student qualifies for a federally funded free or reduced-price meal.

4.52—STUDENTS WHO ARE FOSTER CHILDREN

The District will afford the same services and educational opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services (DHS), the Division of Elementary and Secondary Education (DESE), and individuals involved with each foster child to ensure that the foster child is able to maintain the foster child's continuity of educational services to the fullest extent that is practical and reasonable.

The Superintendent or the superintendent's designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise or DHS grants a request to transfer under Foster Child School Choice, ensure that the foster child remains in the foster child's school of origin, even if a change in the foster child's placement results in a residency that is outside the district. In such a situation, the District will work with DHS to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.

Upon notification to the District's foster care liaison by a foster child's caseworker that a foster child's school enrollment is being changed to one of the District's schools, the school receiving the child must immediately enroll the foster child. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.

A foster child's grades shall not be lowered due to absence from school that is caused by a change in the child's school enrollment, the child's attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.

If a foster child was enrolled in a District school immediately prior to completing the foster child's graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

Foster Child School Choice

If DHS approves a request from a foster parent, or the foster child if the foster child is eighteen (18) years of age, to transfer to another school in the District or into the district as being in the best interest of the foster child, the District shall allow the foster child to transfer to another school in the District or into the District if the foster parent, or the foster child if the foster child is eighteen (18) years of age, submits a request to transfer on a form approved by DESE that is postmarked by no later than June 1 of the year the student seeks to begin the fall semester at another school in the District or in the District.

By July 1 of the school year in which the student seeks to transfer under this section, the superintendent shall notify the foster parent, or the foster child if the foster child is eighteen (18)

years of age, in writing whether the application has been accepted or rejected. If the application is accepted, the superintendent shall state in the notification letter a reasonable deadline for the foster child to enroll in the new school or the District and that failure to enroll by the date shall void the school choice acceptance. If the application is rejected, the superintendent shall state in the notification letter the reason for the rejection and that the foster parent, or the foster child if the foster child is eighteen (18) years of age, may submit a written appeal of the rejection to the State board within ten (10) days of receiving the notification letter.

The District shall only reject a Foster Child School Choice application if:

1. The public school or District has reached the maximum student-to-teacher ratio allowed under federal law; state law; the standards for accreditation; or other applicable State rule or Federal regulation; or
2. Approving the transfer would conflict with a provision of an enforceable desegregation court order or a public school district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment.

A foster child whose application is rejected by the District may submit a written request within ten (10) days following the receipt of the rejection letter from the superintendent to the State Board of Education for the State Board to reconsider the transfer.

A Foster Child School Choice transfer shall remain in effect until the foster child:

- Graduates from high school; or
- Transfers to another school or school district under:
  - The Foster Child School Choice Act;
  - Opportunity Public School Choice Act;
  - The Public School Choice Act of 2015; or
  - Any other law that allows a transfer.

The District shall accept credits toward graduation that were awarded by another public school district.

When a foster child transfers from the foster child's school of origin to another school in the District or into the District, the foster child or the foster parent is responsible for the foster child's transportation to and from the school the foster child transferred to. The District and the foster parent, or the foster child if the foster child is eighteen (18) years of age, may enter into a written agreement for the District to provide the transportation to and from the school the foster child transferred to.

4.53— PLACEMENT OF MULTIPLE BIRTH SIBLINGS

The parent, guardian or other person having charge or custody of multiple birth siblings in grades pre-K through 6 may request that the multiple birth siblings are placed in either the same or separate classrooms. The request shall be in writing not later than the 14th calendar day prior to the first day of classes at the beginning of the academic year. The school shall honor the request unless it would require the school to add an additional class to the sibling's grade level. If one parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings.

The school may change the classroom placement of one or more of the multiple birth siblings if:

- There have been a minimum of 30 instructional days since the start of the school year; and
    - After consulting with each classroom teacher in which the siblings were placed, the school determines the parent's classroom placement request is:
        - Detrimental to the educational achievement of one or more of the siblings;
        - Disruptive to the siblings' assigned classroom learning environment; or
        - Disruptive to the school's educational or disciplinary environment.

If a parent believes the school has not followed the requirements of this policy, the parent may appeal the multiple birth siblings' classroom placement to the Superintendent. The Superintendent's decision regarding the appeal shall be final.

4.54 - STUDENT ACCELERATION

The Board believes that acceleration is an effective and research-based intervention for the academic growth of students who are ready for an advanced or faster-paced curriculum. Acceleration can allow a student to move through the traditional educational setting more rapidly, based on assessed readiness, capability, and motivation. At the same time, the Board understands that acceleration is not a replacement for gifted education services or programs.

Generally, acceleration can occur through one of two broad categories: content based and grade based. Grade based acceleration shortens the number of years a student would otherwise spend in K-12 education, while content based acceleration occurs within the normal K-12 time span. Either form of acceleration can be triggered by either a parent/guardian, student, or community member's request or by the referral of school personnel.

Elementary School Students

The process of determining the appropriateness of a request for an elementary school student to receive acceleration shall be under the direction of the district/school Gifted and Talented Program Coordinator. The district/school Gifted and Talented Program Coordinator shall convene the Acceleration Placement Committee and communicate with the individuals necessary for the Acceleration Placement Committee to make an informed decision, which shall include the student's parents or guardians.

While the needs of the student should dictate when acceleration decisions are considered, the Board believes the optimal time for referrals is in the spring, which gives adequate time for working through the determination process and for preparing those concerned for a smooth transition to the acceleration beginning in the following school-year.

The District's Gifted and Talented (GT) Program Coordinator will create a written format to govern the referral and determination process for elementary school students, which shall be made available to any parent or staff member upon request.

The parents/guardians of any elementary school student whose request for acceleration has been denied may appeal the decision, in writing to the District's GT Coordinator. The Districts GT Coordinator and the Acceleration Placement Committee will again thoroughly review the case study that was completed on the student. Upon completion of the review, the Committee will either request additional new testing be conducted to help the Committee make its determination or it will uphold the initial decision. The Committee's decision may not be further appealed.

Course Selection Students

District students who attend a District school that authorizes the student to select individual courses shall have acceleration options provided to them by the counselor during the course selection process. The course selection process shall be part of the Student Success Plan created and modified in accordance with Policy 4.55—STUDENT PROMOTION AND RETENTION.

4.54A - ADVANCED PLACEMENT

Students who take advanced placement courses, International Baccalaureate courses, or honors courses approved for weighted credit by the Arkansas Department of Education shall be graded according to the following schedule.

A =100 – 90
B = 89 – 80

C = 79 – 70
D = 69-60
F = 59 and below

For the purpose of determining grade point averages, the numeric value of each letter grade shall be

A = 5 points
B = 4 points
C = 3 points
D = 2 point
F = 0 points

Students taking AP or International Baccalaureate courses shall receive weighted credit as described in this policy. Credit shall be given for each grading period during the course of the year, but shall be retroactively removed from a student's grade for any course in which the student fails to complete both semesters and take the applicable AP exam. Students who do not take the AP exam shall receive the same numeric value for the grade he/she receives in the course as if it were a non-AP course. Students shall be required to take AP exam after completion of AP course.

Students who transfer into the district will be given weighted credit for the Advanced Placement courses, International Baccalaureate courses, honors courses approved by the Arkansas Department of Education, and concurrent college courses taken for weighted credit at his/her previous school(s) according to the preceding scale.

Semester tests will be given in all academic classes each semester. The test will count for 20% of the semester grade.

4.54A2 - CONCURRENT CREDIT

Any ninth through twelfth grade student who successfully completes a college course from an institute approved by the AR Department of Education shall be given 1 credit for each 3 semester hours.
The credit will count in the subject area in which it is taken and may replace state required courses as the state allows. Honors or college courses will be marked as such on the student's transcripts.

4.54A3 - GIFTED AND TALENTED

Appropriate identification of gifted and talented students is essential in many ways. Just as Special Education students need programs to meet their special needs, G/T students have special needs which stem from their special aptitudes, interests, and abilities, G/T students deserve to be appropriately identified and given the differentiated opportunities and challenges to help them to achieve their fullest potentials. Also, the success of the G/T program hinges on the appropriate identification and placement of students who will benefit from the program's differentiated curriculum. (A GT handbook can be picked up at the office or found on the school website for further information.)

4.55—STUDENT PROMOTION AND RETENTION

A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

Each time a student is assessed by use of a high-quality literacy screener, At with results at least once each semester, the Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis, and teacher(s) of a student in kindergarten through eighth (8^{th}) grade shall be notified in writing of the student's independent grade-level-equivalency in reading and, in a parent friendly manner, the student's reading progress.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the following criteria.
For students in kindergarten through grade four (k-4):

- A student who has not met the third-grade reading standard as defined by the state board shall not be promoted to fourth (4^{th}) grade unless the student has a good cause waiver. The following students may receive a good cause waiver:
- Limited English Proficiency students who have had less than three (3) years of instruction in an English language learner program;
- Students with a disability who are not eligible for the alternate assessment and who have an individualized education program or a 504 plan that reflects that the individual student:
    - Has received an intensive, evidence-based literacy intervention program aligned to the science of reading for more than two (2) years; and
    - Still demonstrates a need in reading proficiency or previously was retained in kindergarten, grade one (1), grade two (2), or grade three (3);
- Students who:
    - Have received an intensive, evidence-based literacy intervention program aligned to the science of reading for two (2) or more years;

    - Have received a special education referral and a full comprehensive evaluation; and
    - Have not met exceptional education criteria;
- Students who have already been retained in kindergarten, grade one (1), grade two (2), or grade three (3) for one (1) year;
- Students who can demonstrate that they are successful and independent readers and can perform at or above grade level by use of subsequent student assessments or alternative assessments; or

- Other students with necessary, justifiable good-cause exemptions identified as appropriate by the state board, in consultation with reading experts.

If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

a. The building principal or designee;
b. The student's teacher(s);
c. School counselor;
d. A 504/special education representative (if applicable); and
e. The student's parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

Each student[2] shall have a student success plan (SSP) developed by school personnel in collaboration with the student's parents and the student that is reviewed and updated annually. A student's SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student's SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

An individual reading plan shall include:

1. The student's specific, diagnosed reading skill needs, including without limitation:
    - Phonemic awareness;
    - Phonics decoding;

    - Vocabulary-building strategies; and
    - Self-regulated use of reading comprehension strategies, as identified by high-quality literacy screener data;
2. The goals and benchmarks for the student's growth;
3. How the student's progress will be monitored and evaluated;
4. The type of additional instructional services and interventions the student may receive;
5. The intensive, evidence-based literacy intervention program aligned to the science of reading the student's teacher will use to address the areas of phonemic awareness, phonics, fluency, vocabulary, and comprehension;
6. The strategies the student's parents, legal guardians, or persons standing in loco parentis to the student are encouraged to use in assisting the student to achieve the student's reading goal; and

7. Any additional services the student's teacher determines are available and appropriate to accelerate the student's reading skill development.

All parents, legal guardians, or persons standing in loco parentis shall be notified in writing:

a. Of the content of their child's independent reading plan and progress on the independent reading plan throughout the year; and

b. By no later than October 1 of each year, or as soon as practicable if a student's reading need is identified after October 1:
   - Of their student's eligibility to participate in the literacy tutoring grant program;
   - The process for applying for the literacy tutoring grant program; and
   - Other information provided by DESE.

For each student who does not meet the reading standard established by the state board by the end of third (3rd) grade, including students who are promoted to the fourth (4th) grade under a good cause waiver, the District, during the subsequent summer and school year, shall :

a. Provide at least ninety (90) minutes of evidence-based literacy instruction aligned to the science of reading during each school day;

b. Assign the student to:
   - If the District has a teacher with a value-added model score in the top quartile statewide in English language arts for the past three (3) years, a teacher with a value-added model score in the top quartile statewide in English language arts for the past three (3) years; or
   - If the District is unable to identify a teacher with a value-added model score in the top quartile statewide in English language arts for the past three (3) years, a teacher:

     - Deemed to be a high-performing teacher as defined by a Master Professional Educator designation.

c. Provide parents, legal guardians, or persons standing in loco parentis to students with a "read-at-home" plan to support student early literacy growth, which shall include evidence-based science of reading strategies and tools that are aligned to a student's individual reading plan for parents, legal guardians, or persons standing in loco parentis to use with their student;

d. Notify parents, legal guardians, or persons standing in loco parentis to a student regarding their student's eligibility for a literacy tutoring grant;

e. Be given priority to receive a literacy tutoring grant; and

f. Be given the option to participate in additional intensive, evidence-based literacy intervention programs aligned to the science of reading.

The SSP of a student in kindergarten through grade eight (K-8) who is not performing at or above grade level on the state assessment, as defined by the State Board of Education shall include a math intervention plan. The math intervention plan may include the:

Based on a student's score on the college and career assessment:

- The student's SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
- Provide a basis for counseling concerning postsecondary preparatory programs.

A student's SSP shall include the recommended sequence of courses for successful completion of the diploma pathway selected by the student but be sufficiently flexible to allow the student to change the student's selected diploma pathway. The school counselor shall meet with the student's parent, legal guardian, or persons standing in loco parentis and the student to review the student's SSP annually and to revise the student's SSP as necessary to identify the courses to be taken each year until all required core courses are completed. Part of the review shall include an explanation of the possible impacts the revisions to the plan might have on the student's graduation requirements and postsecondary education goals. Any change made to a student's SSP as part of the review that amends the student's diploma pathway shall be structured to ensure that the student will meet the high school graduation requirements for the student's chosen diploma pathway and be qualified for admission to a postsecondary educational institution or to enter the workforce. After each review, the student's SSP shall be signed by the student; student's parent, legal guardian, or person standing in loco parentis to the student; and the school counselor.

An SSP shall be created:

1. By no later than the end of the school year for a student in grade eight (8) or below who enrolls in the District during the school year; or
2. As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.

A student's individualized education program (IEP) may act in the place of the student's SSP if the IEP addresses academic deficits and interventions for the student's failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components. Promotion or retention of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP.

Students who either refuse to sit for a Statewide assessment or attempt to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following Statewide assessment, as applicable. The Superintendent or designee may waive this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

4.55A - PROMOTION/RETENTION/REMEDIATION

All students are required to participate in the statewide program of educational assessment required by the State Board of Education. Each student identified as not passing the test shall participate in remediation activities. Each student will have an individualized academic improvement plan that focuses on the areas

in which he/she did not pass. Students in grades three through eight identified as not passing a benchmark assessment and who fail to participate in the academic improvement plan shall be retained and shall not be promoted to the next appropriate grade. Any student required to take an end-of-course assessment and identified as not passing the test will be required to participate in remediation activities.
The individualized academic improvement plan (AIP) will focus on those areas in which the student failed to pass on the test. If the student does not participate in the remediation program, he/she will not receive credit on the course connected to the test.

The district shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Students in the seventh and eighth will be retained if they do not pass 6 of 8 semesters of core classes (an activity such as athletics, band, choir, etc. will not count as one of the courses). A student may not be retained more than two times and may not be retained in consecutive years.

Arkansas law on state assessments
Currently, **NO** State law or Rule permits the exemption of a student from taking the State assessments, and the **ONLY** students who are provided alternatives to the traditional State assessments are students who have an IEP covering examinations and homeschooled students under certain circumstances.

4.56—EXTRACURRICULAR ACTIVITIES – SECONDARY SCHOOLS

Definitions

"Academic Courses" are those courses for which class time is scheduled, which can be credited to meet the minimum requirements for graduation, which is taught by a teacher required to have State licensure in the course or is otherwise qualified under Arkansas statute, and has a course content guide which has been approved by the Division of Elementary and Secondary Education (DESE). Any of the courses for which concurrent high school credit is earned may be from an institution of higher education recognized by DESE. If a student passes an academic course offered on a block schedule, the course can be counted twice toward meeting the requirement for students to pass four (4) academic courses per semester as required by this policy.

"Extracurricular activities" are defined as: any school sponsored program where students from one or more schools meet, work, perform, practice under supervision outside of regular class time, or are competing for the purpose of receiving an award, rating, recognition, or criticism, or qualification for additional competition. Examples include, but are not limited to, inter/intrascholastic athletics, cheerleading, band, choral, math, or science competitions, field trips, and club activities.

"Field Trips" are when individual students or groups of students are invited to programs or events when there is no competition and the students are not interacting with each other for the purpose of planning, qualifying, or arranging for future programs or for the purpose of receiving recognition.

“Interscholastic Activities” means athletic or non-athletic/academic activities where students compete on a school vs. school basis.

“Intrascholastic Activities” means athletic or non-athletic/academic activities where students compete with students from within the same school.

“Supplemental Improvement Program (SIP)” is an additional instructional opportunity for identified students outside of their regular classroom and meets the criteria outlined in the current Arkansas Activities Association (AAA) Handbook.

Extracurricular Eligibility

The Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student’s educational experience. At the same time, the Board believes that a student’s participation in extracurricular activities cannot come at the expense of the student’s classroom academic achievement. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one (1) per week per extracurricular activity (tournaments excepted). Additionally, a student’s participation in, and the District’s operation of, extracurricular activities shall be subject to the following policy. All students are eligible for extracurricular activities unless specifically denied eligibility on the basis of criteria outlined in this policy.

Any student who refuses to sit for a Statewide assessment or attempts to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity. The student shall remain ineligible to participate until the student takes the same or a following statewide assessment, as applicable. The superintendent or designee may waive this paragraph's provisions when the student’s failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

A student who enrolls in the district and meets the definition of “eligible child” in Policy 4.2—ENTRANCE REQUIREMENTS shall be eligible to try out for an extracurricular activity regardless of the date the student enrolls in the District so long as the student meets all other eligibility requirements and the extracurricular activity is still ongoing.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

No student shall be required to pay for individual or group instruction in order to participate in an extracurricular activity.

Interscholastic Activities

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.

ACADEMIC REQUIREMENTS: Junior High

A student promoted from the sixth to the seventh grade automatically meets scholarship requirements. A student promoted from the seventh to the eighth grade automatically meets scholarship requirements for the first semester. The second semester eighth-grade student meets the scholarship requirements for junior high if the student has successfully passed four (4) academic courses the previous semester.

The first semester ninth-grade student meets the scholarship requirements for junior high if the student has successfully passed four (4) academic courses the previous semester.

The second semester ninth-grade student meets the scholarship requirements for junior high if the student has successfully passed (4) academic courses the previous semester which count toward the student's high school graduation requirements.

Ninth-grade students must meet the requirements of the senior high scholarship rule by the end of the second semester in the ninth grade in order to be eligible to participate the fall semester of their tenth-grade year.

ACADEMIC REQUIREMENTS: Senior High

In order to remain eligible for competitive interscholastic activity, a student must have passed (4) academic courses the previous semester and either:

1. Have earned a minimum Grade Point Average (GPA) of 2.0 from all academic courses the previous semester; or
2. If the student has passed four (4) academic courses the previous semester but does not have a 2.0 GPA the student must be enrolled and successfully participating in an SIP to maintain their competitive interscholastic extracurricular eligibility.

STUDENTS WITH AN INDIVIDUAL EDUCATION PROGRAM

In order to be considered eligible to participate in competitive interscholastic activities, students with disabilities must pass at least four (4) courses per semester as required by their individual education program (IEP).

Homeless Students

Students who are determined to be experiencing homelessness by the school's homeless LEA shall be eligible for participation in interscholastic activities.

ARKANSAS ACTIVITIES ASSOCIATION

In addition to the foregoing rules, the district shall abide by the rules of AAA governing interscholastic activities. AAA provides catastrophic insurance coverage for students participating in AAA governed extracurricular activities who are enrolled in school. As a matter of District policy, no student may participate in a AAA governed extracurricular activity unless the student is enrolled in a district school, to ensure all students are eligible for AAA catastrophic insurance.

Intrascholastic Activities

AAA Governed Activities

Students participating in intrascholastic extracurricular activities that would be governed by AAA if they were to occur between students of different schools shall meet all interscholastic activity eligibility requirements to be eligible to participate in the comparable intrascholastic activity. The District will abide by the AAA Handbook for such activities to ensure District students are not disqualified from participating in interscholastic activities.

Non-AAA Governed Activities

Unless made ineligible by District policies, all students shall be eligible to participate in non-AAA governed intrascholastic extracurricular activities. Intrascholastic activities designed for a particular grade(s) or course(s) shall require the student to be enrolled in the grade(s) or course(s).

School Choice Transfers

A student who transfers under a legal school choice option shall not be denied participation in an extracurricular activity where the student transfers based exclusively on the student's decision to transfer. A student who transfers after June 1 of the year the student enters grades seven through ten (7-10) shall complete a Changing Schools/Athletic Participation form as defined by AAA, which must be signed by the:

- Superintendent of the student's resident school district;
- Superintendent of the nonresident school district to which the student transfers; and
- Parent, legal guardian, person having lawful control of the student, or person standing in loco parentis to the student.

The completed Changing Schools/Athletic Participation form shall be filed with the non-resident school district where the student transfers and the AAA. The Changing Schools/Athletic Participation form shall be signed by the superintendent of a student's resident school district and the superintendent of the nonresident school district to which a student transfers unless there is demonstrable evidence of recruiting by the receiving school district personnel or that the student is transferring to the nonresident school district solely for athletic purposes.

A student who transfers into the District and is enrolled in the District by June 1 of the school year the transfer student will be enrolled in grade seven (7), eight (8), nine (9), or ten (10) shall be immediately eligible to participate in an extracurricular activity that is an athletic activity. If a transfer student is not enrolled in the District by June 1 of the school year the student will be

enrolled in grade seven (7), eight (8), nine (9), or ten (10), then the transfer student shall not be eligible to participate in an extracurricular activity that is a varsity athletic activity for up to three hundred sixty-five (365) days.

4.56A - EXTRACURRICULAR ADDITIONAL

The Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student's educational experience. At the same time, the Board believes that a student's participation in extracurricular activities cannot come at the expense of his/her classroom academic achievement. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one per week per extracurricular activity (tournaments excepted).

All students will ride to and from activities on transportation approved by the school. A student may be signed out after an activity by their parent, guardian, grandparent, or sibling who is 18 or older or who has graduated. It will be the responsibility of the athlete to provide names of individuals who will be able to sign students out to the coaches prior to the season. Furthermore, because of problems with insurance and school liability, the only passengers allowed to ride a bus to school activities are: Bus driver and spouse, Sponsors, Coaches and family, participants, Cheerleaders, Score keepers, Managers, and/or Chaperones. Eligibility for participating in extra-curricular activities will be based on the rules, regulation, and eligibility requirement of the Arkansas Activities Association (AAA) and a signed athletic commitment form*. **Students must attend the entire school day in order to attend or participate in extracurricular activities.***

4.56.1—EXTRACURRICULAR ACTIVITIES - ELEMENTARY

All students are eligible for extracurricular activities unless specifically denied eligibility on the basis of criteria outlined in this policy.

A student may lose his/her eligibility to participate in extracurricular activities when, in the opinion of the school's administration, the student's participation in such an activity may adversely jeopardize his/her academic achievement. Students may also be denied permission to participate in extracurricular activities as a consequence of disciplinary action taken by the administration for inappropriate behavior.

Any student who refuses to sit for a Statewide assessment or attempts to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity. 4.56.2—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS

Home-schooled student means a student legally enrolled in an Arkansas home school and who meets or has met the criteria for being a home-schooled student, as established by A.C.A. § 6-15-503.

Interscholastic activity means an activity between schools subject to rules of the Arkansas Activities Association that is outside the regular curriculum of the school district, such as an athletic activity, fine arts program, or a special interest group or club.

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.

Home-schooled students whose parents or guardians are legal residents of the school district will be permitted to pursue participation in an interscholastic activity in the student's resident school zone as permitted by this policy.

Home-schooled students whose parent or legal guardian are not residents of the school district will be permitted to pursue participation in an interscholastic activity in the District if:

- The superintendent of the student's resident district and the superintendent of the District both agree in writing to allow the student to participate in interscholastic activities at the District; or
- The student's resident school does not offer the interscholastic activity and the superintendent of the non-resident district agrees to allow the student to enroll in the interscholastic activity.

Although not guaranteed participation in an interscholastic activity, home-school students who meet the provisions of this policy, AAA Rules, and applicable Arkansas statutes shall have an equal opportunity to try out and participate in interscholastic activities without discrimination. The District shall provide a reasonable alternative to any prerequisite for eligibility to participate in an interscholastic activity that the home-schooled student is unable to meet because of the student's enrollment in a home school.

No student shall be required to pay for individual or group instruction in order to participate in an interscholastic activity.

To be eligible to try out and participate in interscholastic activities, the student or the parent of a student shall mail or hand deliver the student's request to participate to the student's school's principal before the signup, tryout or participation deadline established for traditional students. Additionally, the student shall demonstrate academic eligibility by obtaining a minimum test score of the 30th percentile or better in the previous 12 months on the Stanford Achievement Test Series, Tenth Edition; another nationally recognized norm-referenced test; or a minimum score on a test approved by the State Board of Education.

A student who meets the requirements for eligibility to participate in an interscholastic activity is required to register for no more than one non-academic course in the District's school where the student is intending to participate in an interscholastic activity that coincides with the interscholastic activity in which the homeschooled student participates and shall be required to be at school only when participation in the interscholastic activity requires other students who participate in the interscholastic activity to be at school.

The student shall regularly attend the class in which the student is registered beginning no later than the eleventh (11th) day of the semester in which the student's interscholastic activity participation is desired. The student must attend the practices for the interscholastic activity to the same extent as is required of traditional students.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

A home-schooled student who has met the try out criteria and who has been selected to participate in the interscholastic activity shall meet the following criteria that also apply to traditional students enrolled in the school:

- standards of behavior and codes of conduct;
- attend the practices for the interscholastic activity to the same extent as is required of traditional students;
- required drug testing;
- permission slips, waivers, physical exams; and
- participation or activity fees.

Students who participate in extracurricular or athletic activities under this policy will be transported to and from the interscholastic activities on the same basis as other students are transported.

A home schooled student may begin participating in an interscholastic activity immediately upon being approved to participate by the District if:

- The home schooled student has not withdrawn from an Arkansas Activities Association member school; or
- The student has withdrawn from an AAA member school and enrolled in a home school but did not participate in an interscholastic activity that is a varsity sport at the student's resident district prior to the students withdrawal from the AAA member school.

A home schooled student shall not be eligible to participate for up to three hundred sixty-five (365) days if:

1. The District is the home schooled student's resident district and the home schooled student is not approved to participate in an interscholastic activity at the District by June 1 of the school year the student will be enrolled in grade seven (7), eight (8), nine (9), or ten (10);
2. The District is not the home schooled student's resident district and the home schooled student is not approved to participate in an interscholastic activity that is a varsity athletic activity at the District by June 1 of the school year the student will be enrolled in grade seven (7), eight (8), nine (9), or ten (10); or
3. The home schooled student ~~who~~ withdrew from an AAA member school and participated in an interscholastic activity that is a varsity athletic activity at the student's resident district during the previous three hundred sixty-five (365) days and is seeking to participate in an interscholastic activity that is a varsity athletic activity in the District.

A student who is prohibited from participation in an interscholastic activity due to number 1 shall not become eligible to participate in any interscholastic activity until the completion of the three hundred sixty-five (365) day period. A student who is prohibited from participation in an interscholastic activity that is a varsity athletic activity due to numbers 2 or 3 shall not be eligible for full participation in an interscholastic activity that is a varsity athletic activity until the completion of the three hundred sixty-five (365) day period. A student who is not eligible for full participation may participate in tryouts, practices, classes, or other endeavors associated with the interscholastic activity until the completion of the three hundred sixty-five (365) day period.

The proof of immunization must include the vaccine type and dates of vaccine administration. Documents stating "up-to-date", "complete", "adequate", and the like will not be accepted as proof of immunization. No self or parental history of varicella disease will be accepted as a history of varicella disease must be documented by a licensed physician, advanced practice nurse, doctor of osteopathy, or physician assistant. Valid proof of immunization and of immunity based on serological testing shall be entered into the student's record.

In order to continue attending classes in the District, the student must have submitted:

1) Proof of immunization showing the student to be fully age appropriately vaccinated;
2) Written documentation by a public health nurse or private physician of proof the student is in process of being age appropriately immunized, which includes a schedule of the student's next immunization;
3) A copy of a letter from ADH indicating immunity based on serologic testing; and/or
4) A copy of the letter from ADH exempting the student from the immunization requirements for the current school year, or a copy of the application for an exemption for the current school year if the exemption letter has not yet arrived.

Students whose immunization records or serology results are lost or unavailable are required to receive all age appropriate vaccinations or submit number 4 above.

Temporary Admittance

While students who are not fully age appropriately immunized or have not yet submitted an immunization waver may be enrolled to attend school, such students shall be allowed to attend school on a temporary basis only. Students admitted on a temporary basis may be admitted for a maximum of thirty (30) days (or until October 1st of the current school year for the tetanus, diphtheria, pertussis, and meningococcal vaccinations required at ages eleven (11) and sixteen (16) respectively if October 1st is later in the current school year than the thirty (30) days following the student's admittance). No student shall be withdrawn and readmitted in order to extend the thirty (30) day period. Students may be allowed to continue attending beyond the thirty (30) day period if the student submits a copy of either number 2 or number 4 above.

Students who are in process shall be required to adhere to the submitted schedule. Failure of the student to submit written documentation from a public health nurse or private physician demonstrating the student received the vaccinations set forth in the schedule may lead to the revocation of the student's temporary admittance; such students shall be excluded from school until the documentation is provided.

The District will not accept copies of applications requesting an exemption for the current school year that are older than two (2) weeks based on the date on the application. Students who submit a copy of an application to receive an exemption from the immunization requirements for the current year to gain temporary admittance have thirty (30) days from the admission date to submit either a letter from ADH granting the exemption or documentation demonstrating the student is in process and a copy of the immunization schedule. Failure to submit the necessary documentation by the close of the thirty (30) days will result in the student being excluded until the documentation is submitted.

Exclusion From School

In the event of an outbreak, students who are not fully age appropriately immunized, are in process, or are exempt from the immunization requirements may be required to be excluded from school in order to protect the student. ADH shall determine if it is necessary for students to be excluded in the event of an outbreak. Students may be excluded for no fewer than twenty-one (21) days or even longer depending on the outbreak. No student excluded due to an outbreak shall be allowed to return to school until the District receives approval from ADH.

Students who are excluded from school are not eligible to receive homebound instruction unless the excluded student had a pre-existing IEP or 504 Plan and the IEP/504 team determines homebound instruction to be in the best interest of the student. To the extent possible, the student's teacher(s) shall place in the principal's office a copy of the student's assignments:

- for the remainder of the week by the end of the initial school day of the student's exclusion; and
- by the end of each school's calendar week for the upcoming week until the student returns to school.

It is the responsibility of the student or the student's parent/legal guardian to make sure that the student's assignments are collected.

Students excluded from school shall have five (5) school days from the day the student returns to school to submit any homework and to make up any examinations. State mandated assessments are not included in "examinations" and the District has no control over administering state mandated make-up assessments outside of the state's schedule. Students shall receive a grade of zero for any assignment or examination not completed or submitted on time.

Annually by December 1, the District shall create, maintain, and post to the District's website a report that includes the following for each disease requiring an immunization under this policy:

- The number of students in the District that were granted an exemption by the Department of Health from an immunization;
- The percentage of students in the District that were granted an exemption by the Department of Health from an immunization; ~~and~~

- The number of students within the District who have failed to provide to the public school proof of the vaccinations required and have not obtained an exemption from ADH;
- The percentage of students within the District who have failed to provide to the public school proof of the vaccinations required and have not obtained an exemption from ADH; and
- The percentage of a population that must receive an immunization for herd immunity to exist.

4.58-FOOD SHARING AND ITS REMOVAL FROM FOOD SERVICE AREA

Food Sharing Table

In an effort to reduce wasted food and to provide students access to healthy foods when possible, the District shall have in the district cafeteria a food sharing table located at the end of the service line. Prior to leaving the service line, students may place on or retrieve items from the table, at no additional charge, any of the following:

*Raw whole fruit traditionally eaten without the peel (e.g. bananas and oranges);
* Raw whole fruit traditionally eaten with the peel provided the fruit is wrapped to prevent contamination (e.g. apples and grapes);
* Raw whole vegetable provided the vegetable is wrapped to prevent contamination (e.g. carrot sticks);
*Milk; and
* Juice.

Fruit and vegetables to be shared are to be placed into a designated container on the table. Milk and juice to be shared are to be placed in an ice-filled cooler. Milk and ice may not be taken by another student unless the carton is unopened and was completely covered by ice while in the cooler. A student may not return to the table to place an item for sharing after the student has left the service line.

Al all times, the sharing table will be under the supervision of the food service staff. Remaining items should be discarded at the end of the meal period, and no tem may remain on the table for longer than four (4) hours.

Removing Food Items From the Food Service Area

No student shall remove school provided food items from the food service area at the end of the meal period, especially milk, juice, and other items requiring temperature controlled environments.

Except for food service workers as required by their job duties, District employees may only remove school provided food items from the food service area when required by a 504 plan or a student's IEP.

4.59—ACADEMIC COURSE ATTENDANCE BY PRIVATE SCHOOL AND HOME SCHOOLED STUDENTS

The District allows private school and home schooled students whose parents, legal guardians, or other responsible adult with whom the student resides are residents of the District to attend academic courses offered By the District. The District will place a list of courses that a private school or home schooled student may request to attend on its website by:

1. June 1 for courses to be offered during the Fall semester; and
2. November 1 for courses to be offered during the Spring semester.

A private school or home schooled student who desires to attend one or more of the available academic courses shall submit a written request to attend the academic course(s) to the superintendent, or designee, no later than:

a. August 1 for Fall semester courses; or
b. December 1 for Spring semester courses.

The superintendent, or designee, is authorized to waive the application deadline on a case by case basis.

The District permits a private school or home schooled student to attend a maximum of six (6) courses per semester.

The District may reject a private school or home schooled student's request for attendance if the District's acceptance would:

- Require the addition of staff or classrooms;
- Exceed the capacity of a program, class, grade level, or school building;
- Cost the District more for the student to attend the academic course than the District receives for the student's attendance;

- Cause the District to provide educational services the District does not currently provide at a financial burden to the District; or
- Cause the District to be out of compliance with applicable laws and regulations regarding desegregation.

Requests to attend an academic course will be granted in the order the requests are received. Upon the receipt of a private or home schooled student's request to attend academic course(s), the District will date and time stamp the request for attendance. If a private school or home schooled student is denied attendance based on a lack of capacity and an opening in the requested course occurs prior to the start of the course, the District will use the date and time stamp on the request for attendance to determine the private school or home schooled student who will be notified of an opening in the requested course.

As part of the request to attend academic courses in the District, a private school or home schooled student shall:

- Indicate the course(s) the private school or home schooled student is interested in attending;
- If the course(s) the private school or home schooled student is interested in attending is being offered by the District in both a physical and a digital format, whether the private school or home schooled student intends to attend the physical course or the digital course;
    - Submit, along with the student's application, a copy of the student's transcript indicating that the student has received credit for the course(s), or equivalent course(s), that are a prerequisite to the course(s) the student desires to attend at the District;
- Agree to follow the District's discipline policies; and
- Submit immunization documentation required by Policy 4.57—IMMUNIZATIONS.

A private school or home schooled student who fails to attend an academic course by the eleventh (11) day of class or who is absent without excuse for eleven (11) consecutive days during the semester shall be dropped from the course.; however, a private school or home schooled student shall not be considered truant for unexcused absences from the course(s) the student is attending at the District.

Private school or home schooled students shall receive a final grade and transcript for each academic course the student completes.

The responsibility for transportation of any private school or home schooled student attending academic courses in the District shall be borne by the student or the student's parents.

The opportunity provided to home schooled students under this policy is in addition to the opportunity provided in Policy 4.56.2—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS.

4.60—STUDENT BEHAVIORAL INTERVENTION AND RESTRAINT

Definitions

"Aversive behavioral intervention" means a physical or sensory intervention program that is intended to modify behavior through the use of a substance or stimulus that the intervention implementer knows will cause physical trauma, emotional trauma, or both, to a student, even when the substance or stimulus appears to be pleasant or neutral to others.
Examples of aversive behavioral interventions include, but are not limited to:

- Hitting;
- Pinching;
- Slapping;
- Using a water spray;
- Using noxious fumes;
- Requiring extreme physical exercise;
- Using loud auditory stimulus;
- Withholding meals; and
- Denying reasonable access to toileting facilities.

"Behavioral intervention" means the implementation of a service, support, or strategy to teach and increase appropriate behavior or substantially decrease or eliminate behavior that is dangerous, inappropriate, or otherwise impedes the learning of a student.

"Behavior Intervention Plan" (BIP) means a written plan that:

- Is developed by a problem-solving and intervention team and delineates emotional, social, or behavioral goals for a student and the steps that the school, student, parent of the student, and others will take to positively support the progress of the student towards the student's emotional, social, or behavioral goals;
- Is comprised of practical and specific strategies to increase or reduce a defined behavior or one (1) or more patterns of behavior exhibited by a student; and
- Includes the following at a minimum:
    - A definition or description of the desired target behavior or outcome in specific measurable terms;

- A plan for preventing and eliminating inappropriate student behavior by changing a condition that is triggering, motivating, underlying, or supporting that behavior as determined through a FBA;
- A plan for teaching a student to demonstrate appropriate social, emotional, or behavioral self-management, or a new method to address or meet the student's needs;
- A description of how a specific incentive or consequence will be used as needed to decrease or eliminate inappropriate student behavior and increase appropriate behavior;
- A plan for managing a crisis situation;
- A system to collect, analyze, and evaluate data about the student;
- The school personnel, resources, and training needed before implementation of the BIP; and
- The timeline for implementing different facets of an intervention, including without limitation when the intervention will be formally reviewed.

"Chemical restraint" means the use of a drug or medication to control the behavior of a student or restrict the free movement of the student; however, chemical restraint does not include the use of medication that is prescribed by a licensed physician, or other qualified health professional acting within the scope of the individual's professional authority under state law, for the standard treatment of a medical or psychiatric condition of a student and is administered as prescribed by the licensed physician or other qualified health professional acting within the scope of the individual's professional authority under state law.

"Crisis" means a situation in which a student engages in a behavior that threatens the health and safety of the student or others and includes without limitation a situation in which the student becomes aggressive or violent at school and is unable to regain self-control without posing a danger of injury to the student or others.

"Crisis intervention" means the implementation of a service, support, or strategy to immediately stabilize a crisis and prevent the crisis from reoccurring after the crisis ends.

"Dangerous behavior" means the behavior of a student that presents an imminent danger of serious physical harm to the student or others; however, dangerous behavior does not include the following:

- Disrespect;
- Noncompliance;
- Insubordination; or
- Destruction of property that does not create an imminent danger.

"De-escalation" means the use of a behavior management technique that helps a student increase the student's control over the student's emotions and behavior and results in a reduction of a present or potential level of danger that in turn reduces the level of imminent danger of serious physical harm to the student or others.

"Emergency" means a serious and unexpected situation that requires immediate action and which may be dangerous.

"Functional Behavior Assessment" (FBA) means a problem analysis step that:

- Occurs within the context of data-based problem-solving and involves:
  - The review of existing records and other sources of information;
  - Diagnostic or historical interviews;
  - Structured academic or behavioral observations; and
  - Authentic, criterion-referenced, or norm-referenced tests; and
- Is performed with the goal of determining why a specific problem or situation is occurring in order to directly link a strategic intervention to an assessment and solve or resolve the specific problem or situation.

"Imminent danger" means an existing dangerous situation that could reasonably be expected to immediately cause death or serious physical harm.

"Mechanical restraint" means the use of a device or equipment to restrict the free movement of a student; however, mechanical restraint does not include a device that is used by trained school personnel or a student for a specific and approved therapeutic purpose or safety purpose for which the device was designed or prescribed or a vehicle safety restraint that is appropriately used in the manner for which it was designed during the transport of a student in a moving vehicle.

"Physical escort" means a temporary touching or holding of the hand, wrist, arm, shoulder, or back of a student for the purpose of redirecting or inducing the student to move to a safe location.

"Physical restraint" means a personal restriction that immobilizes or reduces the ability of a student to move the student's torso, arm, leg, or head freely; however, physical restraint does not include a physical escort.

"Prone restraint" means restraining a student in a face-down position on the floor or another surface and applying physical pressure to the body of the student to keep the student in the prone position.

"Serious physical harm" means bodily injury that involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

"Supine restraint" means the restraint of a student in a face-up position on the student's back on the floor or another surface and with physical pressure applied to the body of the student to keep the student in the supine position.

Multi-Tiered Behavioral Interventions

The District shall establish a multi-tiered system of behavioral interventions for each student who exhibits social, emotional, or behavioral difficulty that may escalate, if not addressed, to potentially dangerous behavior.

Behavior Intervention Team

A behavior intervention team (BIT) shall be established for each student who exhibits social, emotional, or behavioral difficulty that may escalate, if not addressed, to potentially dangerous behavior. The BIT shall include members who are academic and behavioral assessment and intervention professionals.

A student's BIT shall:

a. Work with the teachers of a student to complete a FBA of the student and an assessment of any problematic situations involving the student;
b. Consider the need for a BIP with the goal of preventing or resolving the social, emotional, or behavioral difficulty of the student and developing a response that will de-escalate and stabilize a potential emergency situation that approaches the danger level; and
c. Regularly review the data on incidents involving the use of physical restraint on the student and adjust, as necessary, the procedures concerning the use of physical restraint on the student.

Special education procedures shall be followed if a student is suspected of having a disability that relates to behavioral concerns.

Physical Restraint

Except in the case of a clearly unavoidable emergency situation in which a trained member of school personnel is not immediately available due to the unforeseeable nature of the emergency situation, the physical restraint of a student shall only be used by a member of school personnel who is appropriately trained to administer physical restraint.

When using physical restraint on a student, school personnel shall:

- use the least restrictive technique necessary to end imminent danger or serious physical harm to a student and others;
- Use the safest method available and appropriate to the situation;
- Consider the health and safety of a student, including without limitation whether the student has an existing medical condition that makes the use of physical restraint inadvisable;
- Not restrict the ability of a student to communicate unless the use of a less restrictive technique will not prevent imminent danger of serious physical harm to the student or others;
- Use only the amount of force that is reasonably necessary to protect a student or others from imminent danger of serious physical harm to the student or others;
- Not verbally abuse, ridicule, humiliate, taunt, or engage in any other similar action towards the student; and

- continuously and visually observe and monitor the student while the student is under physical restraint.

Physical restraint of a student shall only be used for a limited period of time and shall not be used:

- When imminent danger or serious physical harm to the student or others dissipates;
- If a medical condition occurs that puts the student at risk of harm;
- Unless the behavior of the student poses an imminent danger of serious physical harm to the student or others;
- After the threat of imminent danger of serious physical harm to the student or others dissipates; or
- In the following manner:
  - To punish or discipline the student;
  - To coerce the student;
  - To force the student to comply;
  - To retaliate against the student;
  - To replace the use of an appropriate educational or behavioral support;
  - As a routine safety measure;
  - As a planned behavioral intervention in response to behavior of the student that does not pose an imminent danger of serious physical harm to the student or others;
  - As a convenience for school personnel; or
  - To prevent property damage unless the act of damaging property committed by the student poses an imminent danger or serious physical harm to the student and others.

Even in an emergency, supine restraint shall not be used on a student except by a staff person who has been certified by a crisis intervention training program and the certified staff person determines that supine restraint is required to provide safety for the student and others.

At no time shall school personnel use the following on a student:

- Mechanical restraint;
- Chemical restraint;
- Aversive behavioral interventions that compromise health and safety;
- Physical restraint that is life-threatening or medically contraindicated; or
- Prone restraint or other restraint that restricts the breathing of a student.

Following the first incident of physical restraint used on a student, an FBA shall be conducted unless a previous FBA was conducted for the same behavior that was at issue when the physical restraint was used.

The use of physical restraint on a student as a planned behavioral intervention shall not be included in a student's IEP, 504 Plan, BIP, individual safety plan, or other individual planning document but may be considered as a crisis intervention if appropriate for the student. A student's IEP team or 504 Plan team shall consider whether an FBA should be performed; if a BIP should be developed for the student or if a student’s existing BIP should be revised; and if additional behavioral goals and interventions should be included in the student's existing IEP or 504 Plan.

Parents may submit complaints regarding an incident involving the use of physical restraint on their student. A complaint shall be referred for review to the appropriate school personnel:

- The student's BIT;
- The student's IEP team; or
- The student's 504 Plan team.

A complaint by a parent shall be handled by the appropriate District staff in the same manner as a debrief following the use of physical restraint on a student.

Use of a physical restraint technique that is abusive shall be reported to the Child Abuse Hotline and law enforcement.

Reports and Debriefing

After the occurrence of an incident involving physical restraint of a student, the building principal, or the principal's designee, shall be notified of the incident as soon as possible but by no later than the end of the school day when the incident occurred.

The student's parent shall be notified of the incident of the use of physical restraint via verbal or electronic communication as soon as possible but by no later than the end of the school day when the incident occurred. In the event the student's parent is unable to be notified via verbal or electronic communication within twenty-four (24) hours after the incident occurred, then the parent shall be mailed written notification of the incident within forty-eight (48) hours after the incident occurred.

school personnel involved in the incident shall document the incident in a written report, which is to be completed within twenty-four (24) hours after the incident occurred. The written report of the incident shall:

1. Include all information contained in the Division of Elementary and Secondary Education (DESE) Physical Restraint or Seclusion Incident Record and Debriefing Report;
2. Be maintained in the student's education record; and
3. Be provided to the student's parent within one (1) school day of the completion of the report.

A debriefing meeting shall be held within two (2) school days after the incident occurred. The following school personnel shall be present at the debriefing meeting:

a. A member of school personnel who was present during the incident;
b. A member of school personnel who was in the proximity of the student on whom physical restraint was used immediately before and during the time of the incident;
c. A school administrator; and
d. Any other member of school personnel determined to be appropriate by the District.

The purpose of the debriefing meeting shall be to:

- Determine whether the procedures used during the incident were necessary;
- Evaluate the use of any behavioral supports and de-escalation techniques by school personnel before and during the incident;

- Evaluate the school district's behavioral intervention procedures and prevention techniques in order to minimize future use of physical restraint; and
- If a trained member of school personnel was not immediately available due to the unforeseeable nature of the emergency situation when the incident occurred:
    - Reevaluate the training needs of school personnel;
    - Reevaluate the physical restraint policy and practices; and
    - Develop a plan to prevent a future incident.

At a debriefing meeting, school personnel shall:

1. Consider relevant information in the student's education record, including without limitation:
    a. The concerns of the student's parent;
    b. The student's social and medical history;
    c. The student's FBA, if one exists; and
    d. The student's BIP, if one exists;
2. Consider relevant information from the teachers, parents, and other District professionals;
3. Discuss whether the District's behavioral intervention procedures were appropriately implemented;
4. Discuss the duration and frequency of the use of physical restraint on the student;
5. Discuss appropriate action that may be taken to prevent and reduce the need for physical restraint;
6. Consider whether additional intervention and support is necessary for the student;
7. Consider whether additional intervention and support is necessary for school personnel; and
8. Consider how and when to debrief a person who was not present at the debriefing meeting, including without limitation:
    a. The student;
    b. The student's parent; and
    c. Other school personnel or students who witnessed the incident.

DESE's Physical Restraint or Seclusion Incident Record and Debriefing Report, or an alternative report that includes the same information, shall be completed during the debriefing meeting. A copy of the report shall be:

- Submitted to the building principal;
- Mailed to the student's parent within two (2) days of the date on which the debriefing meeting was held; and
- Maintained as part of the student's education record along with other documents consulted during the debriefing meeting.

4.61—STUDENT USE OF MULTIPLE OCCUPANCY ROOM

Definitions

"Multiple occupancy room" means an area in a District building that is designed or designated to be used by one (1) or more individuals at the same time and in which one (1) or more individuals may be in various stages of undress in the presence of other individuals, which includes, without limitation, a restroom, locker room, changing room, or shower room.

“Sex" means the physical condition of being male or female based on genetics and physiology, which may be demonstrated by the sex identified on a student’s original birth certificate.

Each multiple occupancy room in a District building shall be designated as either male or female. Except as permitted by this policy, a student shall not enter a multiple occupancy room that does not correspond to the student’s sex.

An individual who is unwilling or unable to use a multiple occupancy room designated for the individual's sex shall be granted a reasonable accommodation, which may include, without limitation, access to a single-occupancy restroom or changing area. A reasonable accommodation shall not include access to a restroom or changing area that is designated for use by members of the opposite sex to an individual while members of the opposite sex of the individual are present or may be present in the restroom or changing area.

The prohibitions in this policy do not apply to an individual who enters a multiple occupancy room designated for use by the opposite sex when the individual enters for any of the following reasons:

- custodial, maintenance, or inspection purposes;
- To render emergency medical assistance;
- To address an ongoing emergency, including without limitation a physical altercation;
- To accommodate individuals protected under the Americans with Disabilities Act; or
- To assist young children who are in need of physical assistance when using a restroom or changing facility that is located in the District.

4.63—STUDENT RELIGIOUS EXPRESSION

The Magazine School District Board of Directors does not allow the discrimination against a student based on a student's voluntary religious expression, if any. At the same time, the District shall provide a process to eliminate any actual or perceived sponsorship or attribution to the District of a student's public voluntary expression of a religious viewpoint, if any.

Student Assignments

Student assignments include, but are not limited to:

- Homework;
- Classwork;
- Artwork; and
- Other written or oral assignments.

A student may express the student's religious viewpoint, if any, in the student's assignments without discrimination based on the religious content, if any. A student's assignments shall:

1. Be graded and judged:
   - By ordinary academic standards of substance and relevance; and
   - Against other conventional, pedagogical topics as identified by the District curriculum; and
2. Not be penalized or rewarded based on the religious content, if any, of the student's assignments.

Accommodation will be considered for those portions of instructional activities in the schools that unduly burden a student's sincere religious belief provided such accommodation doesn't amount to a significant change in curriculum, program, or course of instruction and when it is possible that a substitution of equally rigorous material that advances the same instructional goals can be arranged. Parents and students are advised that such accommodations are easier to grant when the objection is to non-state mandated Standards material than if the material is required by the Standards.

A student or the student's parent can request the student's teacher accommodate the student's objection based on a religious belief to an instructional activity. Any such request must be made at least twenty-five (25) school days prior to the assignment's due date. Any objection must be raised in accordance with this policy's requirements or it will not be considered.

Upon receiving such a request, the student's teacher shall determine within five (5) work days if an accommodation is possible under the provisions of this policy. If the teacher decides an accommodation cannot be made or if the student or the student's parent believes the accommodation to be unreasonable, the student or the student's parent may request a conference with the teacher and the teacher's principal. A requested conference will occur at a time of mutual convenience, but no later than five (5) working days following the request. The principal shall have five (5) working days in which to make a decision on the appeal. If the student, the student's parent, or the teacher is unsatisfied with the principal's decision, it may be appealed to the District Superintendent who shall convene a conference between the student, the parent and the teacher. The requested conference will occur at a time of mutual convenience, but no later than five (5) working days following the request. The Superintendent shall have five (5) working days in which to make a decision on the appeal which shall be final with no further right of appeal.

Student Presenters

A student's expression of a religious viewpoint, if any, on an otherwise permissible subject shall not be excluded from a forum, whether oral or in writing, where students are allowed to speak.

The District has the right to restrict student speech that is inappropriate in the school setting by being obscene, vulgar, offensively lewd, or indecent.

Review of written student forums shall be handled in accordance with Policy 4.14—STUDENT MEDIA AND THE DISTRIBUTION OF LITERATURE.

If the forum is a scheduled event with designated student speakers, the building principal shall have an opportunity to review pre-written remarks prior to the student's presentation at the scheduled forum. The principal may require the student to amend the student's remarks to the extent necessary to address any portions that are determined to be inappropriate. A student's refusal to amend the remarks that were determined to be inappropriate may be prohibited from participation in the forum. A student who diverts from the approved pre-written remarks during a speech in such a manner that is determined to be inappropriate by the building principal or another present District staff member may be asked to return to the approved remarks. If a student refuses to return to the approved remarks or continues to divert from the approved remarks in a manner that is determined to be inappropriate may be escorted from the forum and disciplined in accordance with the District's Student Code of Conduct.

If the timing or format of the forum does not provide for pre-written remarks to be reviewed, then the building principal or other District staff shall have the authority to address a student whose remarks are determined to be inappropriate. The building principal or District staff member shall initially ask the student to cease the inappropriate remarks. If the student refuses or makes additional inappropriate remarks after being directed to cease such remarks, Then the building principal or District staff member may escort the student from the forum and the student may be disciplined in accordance with the District's Student Code of Conduct.

There shall be a disclaimer that a student speaker's speech does not reflect the endorsement, sponsorship, position, or expression of the District. The disclaimer shall be provided at all forums where students speak and at all graduation ceremonies. The disclaimer shall be provided orally or in writing as most appropriately fits the format of the forum.

Information on how to participate in a student forum shall be provided to all students.

In addition to the salutatorian and valedictorian selection process in Policy 5.17—HONOR ROLL AND HONOR GRADUATES, the following students may speak during the District's graduation ceremony:

4.64—STUDENT USE OF ARTIFICIAL INTELLIGENCE

Definitions

> "Artificial Intelligence (AI) Tools" means Software applications or platforms that utilize machine learning algorithms to perform tasks typically requiring human intelligence, such as generating content, providing recommendations, or solving problems. For purposes of this policy, AI tools does not include the use of spell check or grammar check.

The purpose of this policy is to establish guidelines for the responsible use of AI tools by District students. The policy applies to all students enrolled in the District and covers the use of AI tools when completing District assignments or projects.

The district shall provide teachers and students resources and education on AI literacy and digital citizenship. The District shall establish a committee who shall be responsible for the review and selection of AI tools that shall be available for students to use. All AI tools selected by the committee shall comply with applicable state and federal data privacy laws. Students shall only use AI tools that were approved by the District committee for classroom assignments or projects.

Teachers are responsible for providing instructions on when and how AI tools may be used for classroom assignments. Students may use AI tools as approved by their classroom teacher to enhance learning and develop future-ready skills.

Students should use AI tools ethically and responsibly, aligning with the district's educational objectives, and in a manner that does not harm themselves or others. As part of using AI tools responsibly, students should be cautious about the information they provide to AI tools and consult with a teacher if unsure. At no time shall Students share personal, sensitive, or confidential information with AI tools, especially AI tools requiring data input.

When a student uses AI tools, a student shall:

1. Review and verify the accuracy of content that is generated by an AI tool;
2. Cite AI tools used as part of an assignment or project as a source, following District citation guidelines; and
3. Be transparent about their use of AI in completing assignments.

Students must ensure all submitted work is their own and properly acknowledge or cite any assistance from AI tools. Students are encouraged to ask questions if they are unsure about the acceptable use of AI tools.

The following actions regarding AI tools are strictly prohibited:

- Misuse of AI tools for cheating, plagiarism, or any form of academic dishonesty, including the submission of assignments that were fully generated by an AI tool and presented as original student work;
- Altering or falsifying academic documents or records using AI tools;
- Using AI tools to:
  - Gain unauthorized access to District systems; or
  - Bypass District security measures;
- Using AI tools to produce misleading or false information, imagery, or any form of false outputs about themselves, other students, or staff members.

Students should report any inappropriate content or security concerns encountered while using AI tools to a teacher or administrator.

Violations of this policy shall be handled in accordance with the District's disciplinary procedures.

4.65—ANTISEMITISM PROHIBITED

"Antisemitism" means a certain perception of Jews, which may be expressed as hatred toward Jews. Rhetorical and physical manifestations of antisemitism are directed toward Jewish or non-Jewish individuals and/or their property, toward Jewish community institutions and religious facilities. Antisemitism may be expressed in speech; writing; visual forms; and actions, and employs sinister stereotypes and negative character traits.

The following are examples of actions, when taken as a whole, that may constitute antisemitism:

- The targeting of the state of Israel, conceived as a Jewish collectivity;
- Charging Jews with conspiring to harm humanity;
- Calling for, aiding, or justifying the killing or harming of Jews in the name of a radical ideology or an extremist view of religion;
- Making mendacious, dehumanizing, demonizing, or stereotypical allegations about Jews as such or the power of Jews as collective — such as, especially but not exclusively, the myth about a world Jewish conspiracy or of Jews controlling the media, economy, government or other societal institutions;
- Accusing Jews as a people of being responsible for real or imagined wrongdoing committed by a single Jewish person or group, or even for acts committed by non-Jews;
- Denying the fact, scope, mechanisms (e.g. gas chambers) or intentionality of the genocide of the Jewish people at the hands of National Socialist Germany and its supporters and accomplices during World War II (the Holocaust);
- Accusing the Jews as a people, or Israel as a state, of inventing or exaggerating the Holocaust;
- Accusing Jewish citizens of being more loyal to Israel, or to the alleged priorities of Jews worldwide, than to the interests of their own nations;
- Denying the Jewish people their right to self-determination, e.g., by claiming that the existence of a State of Israel is a racist endeavor;
- Applying double standards by requiring of Israel a behavior not expected or demanded of any other democratic nation;
- Using the symbols and images associated with classic antisemitism (e.g., claims of Jews killing Jesus or blood libel) to characterize Israel or Israelis;
- Drawing comparisons of contemporary Israeli policy to that of the Nazis; or

- Holding Jews collectively responsible for actions of the state of Israel.

Antisemitism does not include criticism of Israel similar to the criticism leveled against any other country.

Discrimination and harassment based on antisemitism is expressly prohibited.

The District shall appoint an individual to act as the District's Title VI Coordinator, who shall be responsible for investigating any complaints of discrimination or harassment based on antisemitism. The District shall:

1. Include contact information for the Title VI Coordinator in information that is provided to staff, students, and parents; and
2. Provide the following on the District website that may be accessed through a link titled "Antisemitism/Title VI":
    a. The District's definition of antisemitism;
    b. A statement that antisemitism is prohibited in the District's educational programs and activities;
    c. A statement that complaints of discrimination or harassment based on antisemitism may be filed with the Title VI Coordinator;
    d. Contact information for the District's Title VI Coordinator; and
    e. Information on how to file a complaint of antisemitism with the Title VI Coordinator at the Arkansas Department of Education.

A student or a student's parent may contact the District Title VI Coordinator directly with any complaints of discrimination or harassment based on antisemitism. District employees are responsible for timely notifying the District Title VI Coordinator of any complaints they receive or incidents they witness of discrimination or harassment based on antisemitism.

Complaints of discrimination or harassment based on antisemitism shall be investigated and handled in accordance with Policy 6.7—COMPLAINTS.

A student who is found to have violated the provisions of this policy may be subject to discipline, up to and including expulsion.

The District Title VI Coordinator shall report an incident or complaint of discrimination or harassment under this policy to the Arkansas Department of Education Title VI Coordinator.

In addition to the filing of a complaint under this policy, complaints of discrimination or harassment based on antisemitism may be submitted directly to the Title VI Coordinator at the Arkansas Department of Education.

Nothing in this policy shall be construed to diminish or infringe upon any right protected under the First Amendment to the United States Constitution or Arkansas Constitution, Article 2, §§ 4, 6, and 24.

MSD - 4.0 EXTRACURRICULAR DRUG TESTING FOR STUDENTS IN GRADES 7-12

MISSION STATEMENT

The Magazine School District (MSD) recognizes that drug abuse is a significant health problem for students, detrimentally affecting overall health, behavior, learning ability, reflexes, and the total development of each individual. The Magazine School District Board of Education is determined to help students by providing another option for them to say "No". Drug abuse includes, but is not limited to, the use of illegal drugs, alcohol, and the misuse of legal drugs and medications.

Purpose of a Chemical Abuse Policy:

1. To allow the students at MSD to know that the school is concerned about their total well-being;
2. To assist students of MSD in resisting the peer pressure that directs them toward drug use/misuse;
3. To establish high standards of conduct for students of MSD;
4. To emphasize concern for the health and safety of students while they are participating in activities and to emphasize the long-term physical and emotional effects of drug and alcohol use/misuse on their health;
5. To confirm and support laws which restrict the use/misuse of drugs;
6. To work cooperatively with custodial parent/legal guardian in keeping their children free from drug abuse/misuse;
7. To assist student by referring them for counseling or rehabilitation regarding their use/misuse of drugs;
8. To deter drug and alcohol use/misuse by all students through the use of random drug testing.

The provisions of this policy apply to students enrolled in MSD schools in grades seven through twelve (7-12). No student will be allowed to participate in any activity outside the regular curriculum until a consent form for random drug testing has been completed and signed by both the student and custodial parent/legal guardian and returned to the principal of the school. Positive screening results are cumulative, meaning a third positive test at any point during the student's enrollment will result in loss of eligibility in the programs and/or loss of driving privileges for one calendar year (365 days) from the third positive test.

DEFINITIONS:

For the purposes of this policy, prohibited substances are those drugs which could be abused or misused under Arkansas Statutes or which are controlled by the Food and Drug Administration unless prescribed by a licensed physician.

Extra-curricular activities are defined for the purpose of this policy to be participation in competitions, campus parking, school trips, presentations, and other activities.

The following list of activities listed below is an example of activities:

FFA, Band, Football, Yearbook, Baseball, Golf, Basketball, History Club, Beta Club, Reading Rattlers, Cheerleading, Newspaper, Chess Club, Choir, Quiz Bowl, Cross Country, , Softball, , Student Council, FBLA, FCA, Track, Educators Rising, EAST, Shooting Sports, and High School Hero's

**May include others not yet formed or not listed*

Prescription Medication: The detection of lawfully prescribed medication in the student's drug test is not a violation of this policy when taken in accordance with a licensed physician's recommendation or prescription to that specific student. Students who test positive but refuse to provide a current and valid prescription will be subject to the actions specified in this policy for a positive test.

Consent Form: Students and custodial parent/legal guardian will be required to sign a consent form at the beginning of each year for random drug testing. No student shall be allowed to participate in any extra-curricular activity or park on campus until the consent form has been signed by both the student and custodial parent/legal guardian and returned to the principal. Students moving into the district during the school year must sign the consent form during the first two weeks of enrollment.

Random Testing Selection Process: While students are in school, they will be subject to random selection for testing. If a student is selected for testing, but is absent on that day, he/she will be tested upon returning to school. The number of names drawn will be no less than 2% or greater than 15% of the students enrolled in grades seven through twelve (7-12) at the time of the test. Urinalysis will be the method utilized to test for the presence of abuse/misuse of drugs in the body. All students selected must report to the designated testing site at the school immediately upon notification.

Testing Agency: The district will choose a qualified agency for the purpose of collecting and processing samples and maintaining privacy with respect to test results and related matters. The testing agency will provide a Medical Review Officer (MRO) for the purpose of interpreting the results. Upon notification by the school district, the testing company will randomly select student by computer. Testing dates will be selected by the school district.

Cost: The cost of the test to be given during random selection will be paid by the district. Tests administered to regain eligibility after the first positive test will be at the expense of the student.

Refusal to Submit to Testing: Any student selected who refuses to submit to random drug testing and/or re-testing will be subject to the provisions of a positive test.

Testing Procedure: All urine specimens will be taken at a designated collection site. Any student who is requested to provide a urine specimen will be directed to the collection site where the student will complete the necessary forms and will conform to all collection site procedures. All test results and Medical Review Officer (MRO) communications will be sent to the superintendent or superintendent’s designee.

Analysis Process: Testing protocol involves on-site collection and testing of urine samples. If a sample initially tests non-negative for any substance, that sample will be immediately retested. In the event that the second test, reports negative, the sample will be considered negative for reporting purposes. A second non-negative test will result in the sample’s being immediately delivered to the district’s test vendor for GC/MS confirmation with results provided directly to the MRO.

Results and Notification: All test results, including those verified by the designated MRO, will be reported to the superintendent or superintendent's designee. All reports will be in writing.

Records: The principal or principal's designee will maintain all records concerning drug/alcohol testing and the school's designated MRO in a separate locked file. The records will not be kept in a student's regular file. Only the superintendent or superintendent's designee will have access to the files. The files on each student will be destroyed upon graduation or two years after termination of enrollment. A student and the student's custodial parent/legal guardians may obtain a copy of his/her drug/alcohol testing records upon written request.

SCOPE OF TESTS: The drug screen tests for one or more illegal drugs. The superintendent or his designee shall decide from week to week which illegal drugs shall be screened, but in no event shall that determination be made after selection of students for testing. Student samples will not be screened for the presence of any substances other than an illegal drug or for the existence of any physical condition other than drug intoxication. As a quality control measure, the school reserves the right to send any urine sample that appears unusual in color and/or consistency to a laboratory for testing and confirmation or non-confirmation.

LIMITED ACCESS TO RESULTS: The results will be reported only to the principal or his designee.

PROCEDURES IN THE EVENT OF A POSITIVE RESULT: Whenever a student's test result indicates the presence of illegal drugs ("positive test"), the following will occur: If the sample tests positive, a custodial parent or legal guardian will be notified and a meeting will be scheduled with the Principal or his designee, the student, the custodial parent or legal guardian, and the head coach or sponsor.

FIRST POSITIVE TEST RESULT: Upon verification of a positive test result for any donor, the custodial parent/legal guardian will be notified and a meeting will be scheduled with the principal or principal's designee, the student, the custodial parent/legal guardian, and the student's head coach or sponsor. Counseling and/or rehabilitation will be strongly recommended for the student who tests positive. A referral/resource list will be made available to the student and custodial parent/legal guardian. Any counseling/rehabilitation service costs will be the responsibility of the student and/or custodial parent/legal guardian. The student will be suspended from all extra-curricular activities and/or the privilege of parking on campus for twenty (20) school days. The student will be allowed to participate and/or park on campus after the twenty (20) school day suspension period pending the student providing a negative test result at the student's expense from the district's test vendor. A written copy of the results will be given to the superintendent or superintendent's designee.

Note: A positive test result taken for re-instatement purposes after the first positive test will not be regarded as a second positive.

A student testing positive may be required to practice or participate in off-season activities at the head coach's or sponsor's discretion. He/she cannot compete or dress out for any competition.

ALTERNATIVE FIRST OFFENSE: With the consent of the student and his or her parents/guardians, the superintendent or designee may reduce the suspension so that the student is only prohibited for participating in covered activities and parking on a campus in the district for a total of ten (10) school days as long as the student meets the following requirements:

1. Within one (1) week of the conference, the student must receive or be enrolled in substance abuse counseling from an alcohol and drug abuse agency that is certified by the Arkansas Department of Mental Health, Division of Alcohol and Drug Abuse. The parents/guardians are responsible for all costs associated with the counseling. The parent/guardian must provide written verification that the student has been seen by the alcohol and drug abuse agency at least once before the student is allowed to begin participation again. If the student does not attend counseling as promised, the district will immediately implement the original consequences. On day eleven, eligibility will be restored provided the student submits to a school test with negative results (at the expense of parent-guardian).

2. The student will be required to submit to drug tests for 365 days after the first positive test when the district conducts random drug tests.

SECOND POSITIVE RESULT: For the second positive result in the same year or any two (2) consecutive calendar years, the student will be suspended from participating in activities and/or parking on a campus in the district ninety (90) school days.

ALTERNATIVE SECOND OFFENSE: With the consent of the student and his or her parents/guardians, the superintendent or designee may reduce the suspension so that the student is only prohibited from participating in parking and district sponsored activities for a total of seventy-five (75) school days as long as the student meets the following requirements:

1. Within one (1) week of the conference, the student must receive or be enrolled in the substance abuse counseling from an alcohol and drug abuse agency that is certified by the Arkansas Department of Mental Health, Division of Alcohol and Drug Abuse. The parents/guardians are responsible for all cost associated with the counseling. The parent/guardian must provide written verification that the student has been seen by the alcohol and drug abuse agency at least once before the student is allowed to begin participation again. If the student does not attend counseling as promised, the district will immediately implement the original consequences.

2. The student will be required to submit to monthly drug test for 365 days after the second (2^{nd}) positive test when the district conducts random drug tests.

THIRD POSITIVE RESULT: For the third positive result, the student will be suspended from participating in activities and parking on a campus in the district for one calendar year (365 days) from the third positive test. A third positive screen could be a positive test from the random pool, the follow up program, or the test at the end of the second positive test suspension period. After the 365 day suspension, the student will be required to submit to a drug test and test negative for drugs to gain eligibility to participate in extracurricular activities and/or park on campus.

NON-PUNITIVE NATURE OF POLICY: No student shall be penalized academically for testing positive for illegal drugs. The results of drug tests pursuant to this policy will not be documented in any student's academic records. Information regarding the results of drug tests will not be disclosed to criminal or juvenile authorities absent legal compulsion by valid and binding subpoena or other legal process, which the district shall not solicit. In the event of service of any such subpoena or legal process, the student and the student's custodial parent or legal guardian will be notified as soon as possible by the district.

OTHER DISCIPLINARY MEASURES: The district by accepting this policy is not precluded from utilizing other disciplinary measures set forth in the Student Discipline Policy and this policy does not preclude the district from taking disciplinary procedure and resulting action when founded upon reasonable belief and suspicion that a student has participated in drug related activities.

MSD 4.2 - RESEARCH PAPERS

In an effort to align the research process, Magazine Schools has created a Research Policy for kindergarten through twelfth grade. State Frameworks state that the students be aware of the school's Acceptable Use Policy, Copyright Laws, Fair Use, and be able to name or cite where they obtain their information for reports, papers, and multi-media presentations. This policy should also answer questions that parents, guardians, and students might have in regard to what will be expected of students while doing research for any class.

Definition as stated in the Arkansas Library Media Frameworks:

Acceptable Use Policy: A written document approved by a school district and/or school board, outlining terms and conditions for student and staff use of school district technology, including Internet and e-mail. (This policy is in the student handbook and has to be signed before students are allowed to use the computers at school.)

Copyright Laws: The exclusive legal rights granted by a government to the owner of intellectual property that protects the copyrighted material from unauthorized duplication, sale, or performance; a legal right to publish a work for a specific number of years.

Fair Use: A provision of the Copyright Law, Title 17, Section 107 of the U.S. Code, which allows others to make reasonable uses of copyrighted materials for educational purposes.

Plagiarism: To present the ideas or words of another as one's own (*Webster's New Explorer Dictionary and Thesaurus*)

Sources students are expected to use before conducting an Internet search:

Print: Encyclopedias, books, newspapers, magazines, and pamphlets. Students should always check first to see what is available within the encyclopedia and check to see if the media center has books and/or reference books available on their subject. To obtain magazine or newspaper articles, students may use the EBSCO database.

EBSCO: The Arkansas State Library makes available to our school several databases. Our students (parents and teachers also) can obtain magazine, newspaper, and encyclopedia articles, and books for their research. On campus, a password is not needed; the web address alone will bring up the website. These databases are available at home to the students, parents, and teachers with the school's passwords. The user names, ids, and passwords are available through both the elementary and high school media centers on a bookmark.

Internet research: After exhausting all databases for information, students may turn to Google Advanced Search. Students must limit their domain searches to .edu (education websites), .gov (government websites), and .mil (military websites). A .org (organization) website may be used if necessary. Most .com websites are **NOT** acceptable. However, there are exceptions to this rule – http://www.history.com, http://www.nationalgeographic.com– both offer reliable information. A .com website must be approved by the teacher or media specialist before being used in research. In addition, the student might be required to fill out a form to be turned in to the teacher or media specialist about the website.

To help eliminate plagiarism, students **MUST** turn in copies of all research. This does include copies of pages of encyclopedias and books that students have used. Students will be limited to the number of pages copied for their research. (To ensure that students do not waste paper and print everything, teachers need to stress that the students read their information before printing.) Number of pages copied or printed will correlate to the length of the research paper. For example, if the paper is to be four to five pages typed, then students would be allowed to print and /or copy twelve pages of research. Students may be charged a fee for exceeding their limit of free paper. (Students will no longer cut and paste to ensure that they are getting all information necessary for their citations.) Large envelopes will be made available for students to store their research within.

The purpose of students turning in their research with their paper is to allow both teachers and parents to see whether or not students have put the information into their own words and cited the information correctly. If they have not, students can be directed to correct what they need to without having to hunt and/or remember where their information came from.

Magazine School District

STUDENT INTERNET/COMPUTER

ACCEPTABLE USE POLICY

Please read this document carefully and in its entirety before signing.

Internet access is available to students and teachers in the Magazine School District.

We are very pleased to bring this access to Magazine School District and believe the Internet offers vast, diverse, and unique resources to both students and teachers. Our goal in providing this service to teachers and students is to promote educational excellence in schools by facilitating resource sharing, collaboration, innovation, and communication.

The Internet is a global system of thousands networked computers all over the world and billions of individual subscribers.

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. Magazine School District has taken precautions in compliance with CIPA (Children's Internet Protection Act) to restrict and filter access to controversial materials, such as visual depictions, violence, and other content that may harm the student or user. However, on a global network it is impossible to control all materials, and an industrious user may discover controversial information. We (Magazine School District) firmly believe that the valuable information and interaction available on this world wide network far outweigh the possibility that users may procure material that is not consistent with the educational goals of the district.

Internet access is coordinated through a local content filtering system and a complex association of government agencies, regional, and state of Arkansas networks. In addition, smooth operation of the network relies upon the proper conduct of the end users, who must adhere to strict guidelines. These guidelines are provided herein so that you are aware of the responsibilities you are about to acquire. In general, this requires efficient, ethical, and legal utilization of the network resources. If a Magazine School District user violates any of these provisions, his or her account will be terminated and future access could possibly be denied.

The signature or signatures at the end of this document are legally binding and indicate that the party or parties who signed have read the terms and conditions carefully and understand their significance.

INTERNET – TERMS AND CONDITIONS OF USE

Acceptable Use. The purpose of the backbone networks making up the Internet is to support research and education in and among academic institutions by providing access to unique resources and the opportunity for collaborative work. The use of your account must be in support of education and research and consistent with the educational objectives of the Magazine School District and educational frameworks. Use of another organization's network or computing resources must comply with the rules appropriate for that network. Transmission of any material in violation of any national or state regulation is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material, or material protected by trade secret.

Privileges. The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of this privilege. (Each student or teacher who receives an account will be part of a discussion with a Magazine School District technology staff member pertaining to the proper use of the network). The system/network administrators will deem what is inappropriate use and their decision is final. Also, the system/network administrators may close an account at any time in order to protect our District's network and users as required. The administration, faculty, and staff of Magazine School District may request the technology coordinator/system administrator to deny, revoke, or suspend specific user accounts. Inappropriate use will also be reported to the building level principal for disciplinary action.

District or any of its schools.

- Do not install or download software on District computers without prior approval of the technology coordinator or his/her designee.
- Do not use other means to evade school network and/or Internet filter/firewall with outside network devices or sources like personal hotspots, Wi-Fi, mobile network, etc.

Education/Monitoring. It is all staff members' responsibility to educate students about appropriate online behavior, including interactions with other individuals on social networking sites/chat rooms, and cyber bullying awareness and response. It is also the responsibility of all staff members to monitor students' online activity for appropriate behavior.

Warranties. Magazine School District makes no warranties of any kind, whether expressed or implied, for the service it is providing. Magazine School District will not be responsible for any damages you suffer. This includes loss of data resulting from delays, non-deliveries, mis-deliveries, or service interruptions caused by its own negligence or your errors or omissions. Use of any information obtained via the Internet is at your own risk. Magazine School District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Security. Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security or filtering problem on the network when using the Internet, you must notify the network administrator or technology staff. Do not demonstrate the problem to other users. Do not use another individual's account without written permission from that individual. Attempts to log on to the Internet or computers as a system administrator will result in cancellation of user privileges. Any user identified as a security risk or as having a history of problems with other computer systems may be denied access to the Internet.

Vandalism. Vandalism will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy data or another user, the Internet, or any of the above–listed agencies or other networks that are connected to any of the Internet backbones. This includes, but is not limited to, the uploading or creation of computer viruses.

POLICY ON DISTRICT-PROVIDED ACCESS TO ELECTRONIC INFORMATION, SERVICES, AND NETWORKS

Freedom of expression is an inalienable human right and the foundation of self- government. Freedom of expression encompasses the right to freedom of speech and the corollary right to receive information. Such rights extend to minors as well as adults. Schools facilitate the exercise of these rights by providing access to information regardless of format or technology. In a free and democratic society, access to information is a fundamental right of citizenship.

In making decisions regarding student access to the Internet, the Magazine School District considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the Internet enables students to explore thousands of libraries, databases, bulletin boards, and other resources. The district expects that faculty will blend thoughtful use of the Internet throughout the curriculum and will provide guidance and instruction to students in its use. As much as possible, district-provided access to Internet resources should be structured in ways that point students to resources that have been evaluated prior to use. While students will be able to move beyond those resources to others that have not been previewed by staff, they shall be provided with guidelines and lists of resources particularly suited to learning objectives.

When students are away from school, families (parents/guardians) bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, telephone, radio, movies, and other possibly harmful or offensive media.

Students utilizing district-provided Internet access must first have the permission of, and be supervised by, the Magazine School District's professional staff. Students are responsible for good behavior online just as they are in a classroom or other area of the school. The same general rules for behavior and communications apply.

The purpose of district-provided Internet access is to facilitate communications in support of research and education. To remain eligible as users, students' use must be in support of and consistent with the educational objectives of the Magazine School District and the state of Arkansas frameworks. Access is a privilege, not a right. Access entails responsibility.

Users should not expect that files stored on school computers and network would be private. Electronic messages and files stored on school computers may be treated like school lockers. The technology department administrators, school building administrators, and faculty may review files and messages to maintain system integrity and ensure that users are acting responsibly. The following usage of district-provided Internet access is not permitted:

- Uploading, downloading, or distributing pornographic, obscene, or sexually explicit material;

- Transmitting obscene, abusive, sexually explicit, or threatening language (cyber-bullying);
- Violating local, state, or federal statues;
- Vandalizing, damaging, or disabling the property of another user or the district;
- Accessing another individual's materials, information, or files without written permission; and
- Violating copyright or engaging in any other unauthorized use of the intellectual property of another individual or organization.

Any violation of district policy and rules may result in loss of district provided access to resources and/or the Internet. Additional disciplinary action may be determined at the building level in keeping with existing procedures and practices regarding inappropriate language or behavior. When and where applicable, law enforcement agencies may be involved.

The Magazine School District makes no warranties of any kind, neither expressed nor implied, for the Internet access it is providing. The district will not be responsible for any damages users suffer, including – but not limited to – loss of data resulting from delays or interruptions in service. The district will not be responsible for the accuracy, nature, or quality of information stored on district disks, hard drives, or servers, nor for the accuracy, nature, or quality of information gathered through district-provided Internet access. The district will not be responsible for unauthorized financial obligations resulting from district- provided access to the Internet.

Parents of students in the Magazine School District shall be provided the following information:

- The Magazine School District is pleased to offer its students access to the Internet. The Internet is an electronic highway connecting hundreds of thousands of computers and millions of individual users all over the world. This computer technology will help propel our schools through the communication age by allowing students and staff to access and use resources from distant computers, communicate and collaborate with other individuals and groups around the world, and significantly expand their available information base. The Internet is a tool for lifelong learning.

- Families (parents/guardians) should be aware that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate, harmful, or offensive to our students. In addition, it is possible to purchase certain goods and services via the Internet that could result in unwanted financial obligations for which a student's parent or guardian would be liable.

- While the district's intent is to make Internet access available in order to further educational goals and objectives, students may find ways to access other materials as well. Even should the district institute technical methods or systems to regulate students'

Internet access, those methods or systems would not guarantee compliance with the district's Acceptable Use Policy. With that said, the district believes that the benefits to students of access to the Internet exceed any disadvantages. Ultimately, however, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. Toward that end, the Magazine School District makes the district's complete Internet policy and procedures available on request for review by all parents and guardians the option of requesting for their minor children alternative activities not requiring Internet use.

NOTICE: This policy and all its provisions are subordinate to local, state, and federal statutes.
