PROUD TO BE B.L.U.E.

August 7, 2026

Dear Lake Fenton Families,

Welcome to the 2026–2027 school year! We hope summer break has left you feeling refreshed and ready for an incredible year ahead. There is nothing quite like the energy of a new beginning, and we have been eagerly preparing our classrooms to welcome your children back. To our returning families and those joining us for the first time: we are honored to partner with you as we kick off this exciting new chapter together as a Lake Fenton Family.

Our students are already well on their way, consistently proving that there are no limits to where their dedication can take them. In recent years, they have shined in academics, athletics, and the arts, showing an impressive blend of talent, perseverance, and creativity. We are proud of all they have achieved and look forward to supporting them as they begin this next step in their journey.

Stay Informed: Community Newsletter

Click Here to Read the Latest Community Newsletter

Please take a few moments to review this edition, which includes a variety of important updates and key information directly from the Central Office team. You can expect a district newsletter each fall, winter and spring. This is our way of keeping you informed throughout the school year. This edition has some exciting changes on our approach to communication, including our brand new Communication Guide which you can access by clicking the link above.

Proud to be B.L.U.E.

At Lake Fenton, we proudly live by our motto: **Proud to be BLUE**. These four pillars guide everything we do—from our daily academic pursuits to our deep community involvement:

- **B**rave: We encourage our students to face challenges with confidence and courage.
- **L**oyal: We foster a commitment to personal values, kindness, and our community.
- **U**nstoppable: We inspire students to be resilient and relentless in their efforts to succeed.
- **E**ngaged: We challenge them to be active, curious participants in all aspects of their education.

This year, we will continue to weave these qualities into our daily routines, working hand-in-hand with our families to create a positive, inspiring, and supportive school environment.

First Day of School

We are excited to welcome students back on Thursday, August 20, 2026! Please note that the first day will be a half day for grades K–5 and a full day for grades 6–12. To help us start off strong, please ensure your child is equipped with their necessary school supplies. If your family needs any assistance securing these items, please contact your school's main office or our central office. We want all of our students to feel fully prepared on day one, and we are always happy to support our families in any way we can.

We are incredibly eager for the school year to begin and grateful for your continued trust and partnership. Together, as a Lake Fenton Family, we will make this a wonderful year of growth and success!

Warmly,

Chris Belcher
