Creative Minds at Work in Art Class

IIn the art room we continue learning about and creating lots of art. 4th grade artists are practicing Op Art techniques. 3rd and 2nd grade artists are creating sculptures using paper clay inspired by Wayne Thiebeau. 3rd grade is using liquid watercolors to paint their paper clay once it is dry. 1st grade have been creating art using oil pastel techniques. Kindergarten artists have created works of art using underpainting. They used tempera cakes to paint their base layer and then added details to their painting once the first layer was dry. Pre-K artists are creating sculptures inspired by Louise Nevelson.

Hat Day

Upcoming Events

- April 3: Assembly 2:05 pm
- April 17: Wellness Fair
- April 20-24: School Vacation Week

Mighty Cool Students

STUDENT ENGAGEMENT

Chasing Knowledge

It was so exciting to see families join us for our Chasing Knowledge event last Wednesday evening. It was a night of learning, exploration, and connection. Students had the opportunity to listen to their favorite texts, engage in hands-on activities, and showcase the curiosity and enthusiasm that drive their learning every day.

Thank you to all of the families who attended and supported this special event. Your involvement plays such an important role in your child's success and helps strengthen our school community. We truly appreciate your partnership and look forward to more opportunities to learn together!

Construction in Kindergarten

We were thrilled to welcome families into our classrooms this past Friday for our K for ME Learning Showcase: Unit 3 – Construction! Students proudly shared their learning, demonstrating how they have explored building, designing, and problem-solving throughout the unit. From explaining materials and structures to showcasing their own construction projects, it was clear how much knowledge and confidence our youngest learners have gained.

Thank you to all of the famiilies who took the time to visit and celebrate this important work. We are so proud of our kindergarten "builders" and appreciate your continued support!
