August 17, 2026

Communications: The Wellsville Administration is responsible for keeping stakeholders informed of happenings within the Wellsville Local School District. This is done in many ways, including the website, social media, quarterly newsletters, mass notifications, videos, media relations, partnerships, and event planning. We work with our buildings, parents and community groups to develop strong relationships to best serve our students.

Website: The website provides information about all aspects of the school district. This interactive tool contains the most up-to-date information about what is happening throughout the district.

Parent Square: Download the free Mobile App from the Apple Store for classroom, team, and group updates.

Social Media: One of the best ways to receive immediate information is via the district's social media accounts. Find us on Facebook with our District & Building pages. Linked below:

Mass Notification (Apptegy & FinalForms): Parents and guardians are in our mass notification system to receive timely emails, texts, and phone calls from the district. In cases of emergency, this system is the best way to deliver messages to the thousands of contacts in our system.

Media Relations: The Wellsville Administration works with local media to provide information/press releases on student achievements, special events, and interesting stories. We also are the point of contact if there is an emergency situation within the district.

Crisis Communications: The Wellsville Local School District has a comprehensive crisis communications plan for the district. The plan includes all aspects of school safety, including weather, illness, external threats, and potential violence. In addition, the plan provides communication guidelines and crisis counseling for students and staff.

Special Events and Partnerships: Celebrating student success is vital to building pride and unity in the community and schools. Events held throughout the year help to build powerful partnerships with area businesses, parent organizations, and residents.
