Little Gators' News

During the month of March, we learned all about animals and spring. This prepared students to know exactly what to look for at the zoo whether it was animals or plants. Our field trip to the Jacksonville Zoo and Botanical Gardens was a success and the students were eager to tell us all about it. We appreciate our parents and hope you all were able to use the resources from our Field Day/ Parent Appreciation Day!

The month of April we will be learning all about seeds and plants. We will be reviewing all letters, sounds, shapes, and numbers, we have studied this year.

We are pleased with our Heggerty Phonemic Awareness Curriculum and the progress the students are making by engaging in the activities in this curriculum.
