- Science and Math – sort living and nonliving, count each, and add them together
- Fine motor – use tweezers to pick up pennies

Little Gators' News

The month of April was filled with excitement learning all about seeds and plants. Also, our little gators went on a field trip to the elementary schools that they will attend next year and enjoyed the big kids' school!

During the month of May, we will be reviewing all letters, sounds, shapes, and numbers that we have studied this year.

Students will be walking the halls of DAFFODIL for the last time and these halls have been filled with their laughter, learning, and love.

DAFFODIL is the Sweetest Place to Learn!!!

WE ARE WARE!!!

SKILLS FOR HOME: starfall.com, abcya.com, tvokids.com, Fine motor development, PBIS, radKIDS, and Rules for school and home! Acceleration Activity: Math: Addition – Allow Students to count and add objects to get a sum. Sight Words - https://www.ware.k12.ga.us/o/daffodil-preschool/page/sight-words
