Little Gators' News

During the month of February, we learned all about Valentines and Transportation. For example, the way we travel: land, air, and water. The students enjoyed a special visit from the “Science Machine” and learned all about Science. We also celebrated a local librarian, Mr. Eames, who reads to our students monthly. Ms. Heidi visited to read special stories to our boys and girls. She is a passionate literacy advocate who promotes young readers.

The month of March has rolled in like the wind and we will be learning all about animals and spring. We will be reviewing all letters, sounds, shapes, and numbers.

Our Heggerty Curriculum is so important to our students that they are excited about phonological awareness time!!!

DAFFODIL is the Sweetest Place to Learn!!!

WE ARE WARE!!!

SKILLS FOR HOME: starfall.com, abcy.com, tvokids.com, Fine motor development, PBIS, and Rules for school and home! **Acceleration Activity:** Sight Word Hunt – Parents may hide sight word cards outside in a safe area around the home for students to find and identify. <https://www.ware.k12.ga.us/o/daffodil-preschool/page/sight-words>
