

**SINCLAIR**  
COMMUNITY COLLEGE

# SINCLAIR COLLEGE CONNECT

## WELCOME BACK!

Sinclair is open virtually and all student services can be reached by phone and/or email. We are offering virtual campus information sessions and one-on-one sessions if you would like to learn more about what Sinclair has to offer and discuss your next steps for enrollment.

During Fall semester, we focus on helping you begin your enrollment steps for admission. We encourage you to meet virtually with your Admissions Counselor, if you haven't done so, complete your FAFSA (Free Application for Federal Student Aid) and Sinclair application, and to explore Sinclair's academic programs. If you and your families would like one-on-one help with the FAFSA, [click here](#) to schedule a FAFSA Help appointment.

At Sinclair, we are continuing to meet the needs of our students despite the circumstances that we are facing. Sinclair offers a variety of course formats including remote, online, face-to-face and blended options to fit your needs. Our staff is dedicated to the success of our students and we are offering all support services virtually to ensure that you all have the tools you need to succeed.
