February MTSS/SIT meeting Notes

New MTSS guidelines: There was an investigation against the state education agency that MTSS takes too long to get placed and the concern was warranted that it does take too long for some children.

-YCS has created a few new guidelines. The biggest change is when Tier 2 happens and there is a question "If a disability is suspected with a student?" and if so (yes you suspect a disability) then a different team (IEP) will form to intervene with the child.

-The best thing to do when you have concerns/questions see Stephanie Motley, Justin Friel, or Mrs. Goins.

-More info to come with this process.

i-Ready data

-EBS compared to YCS data charts based on BOY to MOY diagnostic was shared with the SIT/MTSS (We are pretty much in line with the county as match in growth, but we still need to work on percentage proficient)

-We are growing and lowering our percentage of students in the red areas.

-If you would like to see the detailed data please see one of the SIT/MTSS team members.

-EBS is on the move and we are working super hard. Keep it Up!!!! We are not at the bottom!!!!!!!!!!!!!!!!!!!!

-We will continue to look at PLT's at the specific domains that we are weak in and focus on those areas K-1- phonic, upper grades-vocabulary/informational texts.

Retentions

-if you have a child you are considering being retained, you need to have a conversation with Mrs. Goins before moving forward with meeting with the parents. Mrs. Goins will take each individualized student case by case.
