Welcome to Valliant Public Schools! We are happy to partner with you and your child. Our Pre-K programs strive to meet young children where they are by stage of development. Our teachers focus on early childhood best practices that include a social emotional framework and a comprehensive curriculum focused on early literacy and mathematical concepts. The goal for every VES Pre-K class is to provide a balance of social emotional development and academics through purposeful play. We want each child to experience joyful learning.

Applications without all required documents will be denied. This could result in your child not being placed.

Proof of Residence must be in the parent/guardian name. Students who do not live in the Valliant school district must first complete a transfer request.

Students must be at least four years of age on or before September 1, 2026. The parent or legal guardian must be a resident of the Valliant Public School District.
