

**HONORS PROGRAM
(REGULATION)**

The selection of the valedictorian and salutatorian will be based upon seven semesters of high school credits based upon a five-point system. Beginning with the 2026-2027 school year, the student earning the highest weighted GPA at the conclusion of the seventh semester will be designated as Valedictorian. The student earning the second highest weighted GPA will be designated as Salutatorian. In case of a tie in points, co-honors will be assigned.

To be eligible for consideration, a student must have been enrolled at Valliant High School for the three consecutive semesters immediately preceding graduation. Students must also fulfill all graduation requirements established by the Oklahoma State Board of Education and the Valliant Board of Education. Any student who fails to meet these requirements prior to graduation ceremonies will not be allowed to participate in the graduation exercises.

Approved concurrent enrollment and college courses taken during the normal Valliant School calendar year to satisfy graduation requirements will be weighted on the five-point scale and included in GPA calculations.

Students that have GPA's ranked in the top 10% of their class will be recognized as honor graduates.

During commencement exercises, the students with the two highest GPAs will give the ceremonial speeches.
