Jn. 17:15-16 "My prayer is not that you take them out of the world but that you protect them from the evil one. 16 They are not of the world, even as I am not of it. 17 Sanctify them by the truth; your word is truth."

Chapter 17 records Jesus' longest prayer. He prays for the disciples. It is important to note that Jesus does not pray for the removal from the world. Our present day disciples will be exposed to a system of beliefs, values, and corruption that is carnal and diabolical. They must remain here in order to remain effective. He does pray for protection from the evil to not be devoured or killed. Jesus prays for the sanctification of His disciples with truth being the active agent. Disciples that know truth, live truth, and share truth in an evil world will turn said world upside down - that's what they did and what we want to do.

Solar

Today, after several weeks of waiting, the solar panel system will be installed. We are so excited they will begin the installation. We did have weak electricity to run some lights, but now we will be able to run the A/C, and other large appliances. While we were waiting for the solar company to arrive, we did cut all of the extended rebar, and fix the huge 3 inch sunken lake in the middle of the roof. Needless to say, the students are ready to have full electricity.

Flooring/Windows

I would say we are looking at 70% of the flooring done for the entire building. The kitchen is done as well as the counter tops. It is quite a transformation. Not only esthetically, but everything is so much cleaner. The amount of dust has dropped considerably. This week, they will completely finish the second floor. They had to stop because we ran out of tile. They will begin the stairs by the end of this week. The windows are made, but he still has to install the last eight windows, leaving four external doors yet to be done.

Puebla Bible Seminary Chapel

I have the honor to speak to this week at chapel. I will speak from the passage James 5:7-12. It always makes me a bit nervous speaking on and praying for patience. That seems to be a request the Lord loves to answer.

Prayer Requests:

1. Please pray for our students the same way Jesus prayed for the disciples.
2. Please pray for safety for the workers.
3. Please pray that we get electricity this week.
4. Please pray for the funding to finish paying the solar - 62K.
