August 2026

To the brothers and sisters in Christ Jesus at the church in Damascus who support the mission and evangelism work in Moldova.

Please accept sincere greetings and blessings in Christ Jesus from Pastor Stelian Bularu of the Emanuel Church in Slobozia Mare.

I wish to express my deep gratitude for your financial and spiritual support (through your prayers) and for your unwavering backing of the projects we undertake together—efforts aimed at extending the borders of God's Kingdom to other communities and saving many souls in our country.

I also want to share with you details regarding the ministry and activities we have carried out alongside the brothers and sisters from our church and other churches in Moldova.

Over the summer months, we conducted various activities across different villages, towns, and churches, including leadership encouragement, open-air evangelism, summer camps for children, youth camps, and baptism services.

Since June, we have organized open-air evangelism events in several locations, such as Giurgiulești, Cișlița Prut, Slobozia, and Cahul. Week-long summer camps for children were also held in these communities. Through these projects, the children were encouraged to invite their parents to participate in the programs, and an evangelistic service was held in each locality at the end of the week.

Work is also currently underway on the construction of prayer houses in the villages of Pelinei and Tătărești, where young people are being encouraged and invited to assist with the building process. In the near future, we have other evangelistic events and children's camps planned for the villages of Enichioi, Hirtop, and Bobocica, featuring similar projects.

Work is also progressing in other areas of the southern region of the Republic of Moldova. Brothers from the Vulcanesti church are ministering in southern penitentiaries, such as those in Cahul and Taraclia. They visit regularly each week to minister to the inmates.

Also, I was ill for a month this summer; I was bedridden and unable to do anything. I had back problems caused by lifting weights that were too heavy for me, but now, praise the Lord, I have recovered.

We hope you will continue to stand with us and support us in prayer, asking the Lord to bless the work and ministry here in Moldova. I give special thanks to the Lord for you and for your support. You are a great blessing to us, and may the Lord reward you abundantly.

With respect and esteem,
Pastor Stelian Bularu.
