February 8, 2026

GCS Families and School Community:

We know the past two weeks of closures have been challenging, and we truly appreciate your patience and support as we continue to balance safety with getting our students back into the classroom.

After carefully reviewing road conditions across the county, Grayson County Schools will be open tomorrow, Monday, February 9, on a regular schedule.

We recognize that some areas, particularly backroads, still have lingering icy spots.

- ***Bus drivers will use their discretion*** when determining whether a route can be traveled safely.
- ***Drivers will contact families impacted*** by any route changes this afternoon. ***Families may also reach out directly*** to their driver.

While safety is always our top priority, we also know how important it is for students to return to consistent, in-person learning and reconnect with their teachers and classmates.

We understand that conditions can be different depending on where you live. If it's not safe for your family to travel, please contact your child's school so we can work with you.

Doug Robinson, Superintendent
