November 17, 2025

Dear Easton School Department Families,

As we enter the colder months and prepare for the winter season, we want to remind families that the Easton School Department will once again be utilizing **Remote Learning Snow Days**, as we have in past years. When weather conditions prevent us from safely opening our buildings, students will continue their learning from home.

Whenever a Remote Learning Snow Day is anticipated, **families, staff, and students will be notified the day before, around 10AM**. We will share this information through our **alert messaging system**, and announcements will also be made at school to ensure teachers and students are aware of the schedule. The Easton School Department will continue to have early dismissals/late entry times due to bad weather and will also have traditional snow days.

For families wishing to receive school-provided lunches on these remote days, **lunches will be sent home with students the day prior to a Remote Learning Snow Day**. If you would like your child to be added to the lunch list, please contact:

- **Blake Hatfield at Easton Elementary School:** 488-7701
- **Heidi Hewitt at Easton Jr/Sr High School:** 488-7702

To ensure accurate planning, please reach out **by Monday, November 24th** if your child will need a lunch provided this year.

Individual classroom teachers will provide the assignments and expectations for their students.

If you have any questions, please contact your child's teacher/principal—we are happy to assist.

Thank you for your continued cooperation and support as we work together to keep our students learning safely throughout the winter season.

Sincerely,

Richard Lyons

Superintendent of Schools
