November 13, 2026

Dear Easton School Department Families,

As we enter the colder months and prepare for the winter season, we want to remind families that the Easton School Department will once again be utilizing Remote Learning Snow Days, as we have in past years. When weather conditions prevent us from safely opening our buildings, students will continue their learning from home.

Whenever a Remote Learning Snow Day is anticipated, families, staff, and students will be notified the day before. We will share this information through our Alert Now messaging system, and announcements will also be made at school to ensure teachers and students are aware of the schedule.

For families wishing to receive school-provided lunches on these remote days, lunches will be sent home with students the day prior to a Remote Learning Snow Day. If you would like your child to be added to the lunch list, please contact:

- Blake at Easton Elementary School: 488-7701
- Heidi at Easton Jr/Sr High School: 488-7702

To ensure accurate planning, please reach out by Monday, November 30th if your child will need a lunch provided.

Remote Learning Snow Days allow students to continue accessing their education while still meeting the state's 175-day school requirement. Individual classroom teachers will provide the assignments and expectations for their students.

If you have any questions, please contact your child's school—we are happy to assist.

Thank you for your continued cooperation and support as we work together to keep our students learning safely throughout the winter season.

Sincerely,

Richard Lyons

Superintendent of Schools
