Dear Watertown School District Families,

The Nutrition Services Department is excited to welcome everyone back for another great school year! We look forward to providing nutritious, high-quality meals to your students each day.

Please take a few minutes to review these important updates and reminders to help your family prepare for the upcoming school year.

Important Update: New Meal Account System

This year, the Watertown School District has transitioned to **Campus** for our Nutrition Services meal accounts. All existing meal account balances have been transferred into the new system.

To access your student's meal account, **all parents and guardians must have a Campus Parent Portal account**. Through the Parent Portal, you can:

- Add money to your student's meal account.
- View meal purchases and account activity.
- Check your student's account balance.
- Complete the **Free & Reduced Meal Application**.

Free & Reduced Meal Applications

A **new Free & Reduced Meal Application must be completed each school year**, even if your family qualified in the past.

We encourage every family to complete an application. Even if you are unsure whether you qualify, submitting an application may provide benefits to your family and helps the district determine eligibility for additional educational programs and funding. Having a current application on file also allows us to better assist your family if a need should arise. You are welcome to fill this out anytime throughout the school year if you feel there has been a change.

Visit Us at Pre-Conference Night!

Be sure to stop by the **Nutrition Services table** during Pre-Conference Night! We'd love the opportunity to meet you, answer any questions you may have, and help you navigate the new Parent Portal.

While you're there, enjoy a snack and enter for a chance to win a prize!

Meal Modifications

If your student requires a special meal accommodation, please make sure we have an updated **Meal Modification Form** whenever there are changes to their dietary needs. This helps us ensure your child receives meals that meet their approved dietary requirements.

Meal Prices - Included below is a table that outlines the cost per meal and the cost for the year based on the full school year calendar for one student.
