## CAREER DAY

IES annual Career Day event is coming up on May 22. We are excited to welcome community members, both inside our building and outside in our bus loop, to showcase various careers and vocations for our students. This event will have something for every grade and we look forward to our students enjoying the educational experience.

## SUMMER CAMP

Summer camp invitation letters for eligible students will be going out soon! We are excited to offer this opportunity for students who will be entering grades 1-6 in the 2026-2027 school year. Our summer program will run Tuesday through Friday from 8:30-11:30 a.m., beginning July 1st and continuing through July 24th. Our goal is to keep students learning, growing, and feeling confident as they head into the new school year, all while making the experience enjoyable and motivating. We look forward to working with our students this summer and creating a positive, supportive experience for everyone involved!

## END OF 2026-2027 SCHOOL YEAR

As we come to the close of another wonderful school year, I want to extend my heartfelt thanks to all of our families for your continued support, partnership, and trust. It has truly been a joy to work alongside such a dedicated and caring community. Your involvement, whether through helping with homework, attending school events, or simply encouraging your children each day, plays a vital role in their success. I am incredibly proud of all that our students have accomplished this year, both academically and personally, and I feel fortunate to be part of a school community that values growth, kindness, and perseverance. Together, we have created an environment where students can thrive, and that is something worth celebrating. I look forward to continuing this important work with you next year and to seeing even more of our students' achievements in the months ahead. Thank you for helping make this such a special and successful school year.

-Dr. Will

## 7 HABITS AT HOME!

Summer is a great time to continue building leadership skills at home by practicing the 7 Habits of Happy Kids. Families can encourage habits like being proactive by setting simple daily goals, putting first things first by creating routines, and thinking win-win during sibling or family interactions. Taking time to listen and understand one another (seek first to understand) and working together on family projects (synergize) can strengthen relationships while reinforcing these important skills. By keeping these habits part of everyday conversations and activities, you can help your child continue to grow as a confident and responsible leader all summer long.

## 2026-2027 REGISTRATION

We are excited to welcome our newest Iroquois Elementary families for the 2026-2027 school year! As we prepare for the upcoming year, families of incoming Pre-K and Kindergarten students are encouraged to contact our front office for information and support with the registration process. Our team is happy to answer questions, provide necessary paperwork, and help ensure a smooth transition into IES. As a reminder, children entering Kindergarten must be 5 years old on or before September 1, 2026. We look forward to meeting our newest little Braves and their families as they begin their IES journey!

## ATTENDANCE INFORMATION!

Remember to submit all attendance excuses within 3 days of your child's absence. You can quickly scan the QR code to submit online, send the excuse in with your child, or drop it off at the IES office.
